ABOUT MILAN INSTITUTE

MISSION STATEMENT

Our mission is to meet the needs of students and employers by offering quality short term educational programs in career fields with solid growth potential.

PHILOSOPHY AND OBJECTIVES

Milan Institute recognizes that people attend college for a variety of reasons—from increasing their knowledge to enhancing their skills and employability. The principal objective of Milan Institute is to promote a high level of distinction in its faculty, students, and educational programs. Only through quality training will the school produce graduates of all courses who will not only be successful but will also be of service to their community. The course of study and activities are designed to provide a solid foundation from which our graduates may take advantage of the many opportunities available in the world of cosmetology. We understand our obligation to our students, alumni, and community, and constantly seek more effective ways to meet these commitments.

RECOGNITION

U.S. Department of Education

Milan Institute is authorized to participate in Title IV programs for student financial aid assistance per the Higher Education Act of 1965, as amended by the U.S. Department of Education.

FACULTY

Milan Institute faculty members have industry and/or professional experience coupled with the appropriate academic credentials to support the mission of the institution. In addition to meeting the educational requirements for the program, each instructor is committed to the success of each student. A list of our faculty members can be found in the catalog insert.

FACILITIES

Milan Institute is located at 6804 Ingram Road, San Antonio, TX, 78238. The facility comprises 22,500 sq. ft. that includes separate classrooms, clinic floors with beginning and advanced sections, dispensary, a locker area, break room, and administrative offices.

STUDENT HOUSING

Student housing is not available on campus. There are multiple housing units available in the community, and students will need to make their own housing and boarding arrangements.

CATALOG INSERTS

See the inserts for current information related to the school calendar, tuition and fees, and listing of staff and faculty.

CHANGES BY THE SCHOOL

To maintain an innovative approach to continuing education, Milan Institute reviews its policies and curriculum periodically and makes necessary revisions.

Milan Institute reserves the right to change the programs offered, start dates, tuition rates, fees, admission policies, attendance requirements, and other rules concerning the school. These changes will follow the regulations of government agencies which monitor the school. Milan Institute reserves the right to conduct operations and instruction remotely as necessary.

The school expects its students to have knowledge of the information presented in this catalog and in other school publications, notices, and updates.

OFFICIAL STATEMENT

All information in this catalog is current, true, and correct at the time of printing. This catalog outlines the rules, regulations, admission policies, academic policies, curriculum, tuition, fees, financial aid policies, graduation requirements, and other information regarding programs offered at Milan Institute. Policies herein may be superseded by policy changes. This catalog is part of the contract between the college and the student. Milan Institute reserves the right to change any policies, procedures, tuition, fees, programs, or start dates at any time. Milan Institute is a private postsecondary institution and is not a public institution.

ADMISSIONS INFORMATION

ADMISSIONS POLICY

Admission into the school's **Advanced Cosmetology, Cosmetology, Manicurist, Advanced Esthetician, Esthetician, Massage Therapy, and Barbering programs** requires the prospective student to have a High School Diploma (HSD) or a High School Equivalency Diploma (HSED) or pass the U. S. Department of Education approved ability to benefit (ATB) test (please see the Ability to Benefit section below). To receive aid as an ATB student enrolling after July 1, 2012, the student must have previously established eligibility before July 1, 2012. For additional information on determining previously established eligibility for aid, please visit the Financial Aid office.

A copy of the HS diploma, HSED certificate, or transcripts showing high school completion and/or an academic transcript of a student who has successfully completed at least a two-year program that is acceptable for full credit toward a bachelor's degree as equivalent to a high school diploma, must be provided.

All prospective students must be beyond the age of compulsory school attendance and must be at least 18 years old upon completion of their program of study.

Admission into the school's **Advanced Cosmetology, Cosmetology, Manicurist, Barbering, Advanced Esthetician, and Esthetician program** requires the applicant to pay a nonrefundable \$25.00 to cover the Permit Fee required by the Texas Department of Licensure and Regulations. Admission into the school's Massage Therapy program require the applicant to pay a nonrefundable \$25.00 to cover the Massage Therapy Permit Fee required by the Texas Department of Licensure and Regulations.

Prospective students interested in Cosmetology related programs who have a record of crimes involving prohibited sexual conduct or crimes involving children as victims, or crimes of a physical nature against another person (such as homicide, kidnapping, and assault) must complete the Texas Department of Licensing and Regulations ("TDLR") pre-approval process and pay the \$25 application fee. If TDLR does not approve the application, the prospective student is not qualified to enroll in the program.

Admission procedures include individual advising, an explanation of course descriptions, an appointment with financial aid, enrollment, a tour of the campus, and orientation to the school regarding the policies, regulations, and requirements for the various classes.

Upon acceptance and before entering classes, the applicant must complete an enrollment agreement. Students under the age of 18 must have a parent or guardian sign the enrollment agreement. The enrollment agreement and the catalog detail the student's and the school's obligations. The final decision to admit an applicant rests with the school's administration.

Due to the nature of the **Massage Therapy** field, any prospective student that has been convicted of a crime that is of a sexual nature will be denied admission into the program. A person is ineligible for admission as well as licensure if the person has been convicted of, entered a plea of nolo contendere or guilty to, or received deferred adjudication to crimes or offenses under Chapter 20A, Penal Code (Trafficking of a Person), or Subchapter A, Chapter 43, Penal Code (Prostitution), or another sexual offense. The agency that grants Massage Therapy licenses in the State of Texas (Texas Department of Licensing and Regulation) also performs a criminal history background check using fingerprints to determine an applicant's eligibility to obtain a massage therapy license.

Transfer students will receive credit for certified hours received from other schools or states according to state law, and their program will be shortened, and tuition will be adjusted accordingly. Milan Institute does not recruit students already attending or admitted to another school offering a similar program of study

Re-enrollment or re-entrance will be approved only after evidence is shown to the School Director's satisfaction that conditions that caused the interruption or unsatisfactory progress have been corrected. Re-entering students return to the institution with the same progress status as when they left.

TECHNOLOGY REQUIREMENTS

Milan Institute and Milan Institute of Cosmetology use digital technology to check in and out of classes. Students will use a smartphone to check in and out of class on campus, distance education, and externship (if applicable). Students will need a laptop, Chromebook (part of most programs, books, and supplies), or a desktop computer to participate in distance education and campus activities and assignments. Curriculum and instruction utilize digital technology for student engagement and participation.

The following are the technology requirements for all programs (hardware and software) that will be required to complete the program successfully:

Device Options:

Chromebook that is no more than 4 years old from the date of manufacture has at least 4GB RAM and must be able to run Chrome 79 or newer. Windows device that is no more than 5 years old from the date of manufacture, uses Windows 10 Version 1809 or newer, has at least 4GB RAM, and must be able to run Chrome 79 or newer. Mac device that is no more than 5 years old from the date of manufacture uses MacOS Sierra or newer, has at least 4GB RAM, and must be able to run Chrome 79 or newer. iOS device that is no more than 4 years old from the date of manufacture uses iOS 12 or newer, and must be able to run Chrome 79 or newer.

Android tablets and phones are not supported.

Internet Access must be at least 50Mbps download speed and at least 8Mbps upload speed. If using wireless internet access, it must be 802.11g or newer and have an RSSI signal strength no worse than -50.

EMPLOYMENT REQUIREMENTS

Some employers who seek to hire graduates conduct detailed background checks before hiring applicants. Employers may be reluctant to employ applicants who have been convicted of a crime, and obtaining employment in my field of study may be difficult.

Graduates from the school's Advanced Cosmetology and Cosmetology programs must obtain a cosmetology operator license to be employed in the field. The requirements for obtaining a cosmetology operator license are listed in the Academic Information – Cosmetology Related Programs section of this catalog.

Graduates from the school's Advanced Esthetician and Esthetician program must obtain an esthetician specialty license to be employed in the field. The requirements for obtaining an esthetician specialty license are listed in the Academic Information Cosmetology Related Programs section of this catalog.

Graduates from the school's Manicuring program must obtain a manicuring specialty license to be employed in the field. The requirements for obtaining a manicuring specialty license are listed in the Academic Information – Cosmetology-Related Programs section of this catalog.

Graduates from the school's Barbering program must obtain a Class A Barber license to be employed in the field. The requirements for obtaining a Class A Barber license are listed in the Academic Information – Cosmetology-

Related Programs section of this catalog.

Graduates from the school's Massage Therapy program must obtain a Massage Therapist license to be employed in the field. The requirements for obtaining a massage therapist license are listed in the Academic Information – Massage Therapy Programs section of this catalog. Graduates who have been convicted of, entered a plea of nolo contendere or guilty to, or received deferred adjudication for an offense under Chapter 20A, Penal Code, or Subchapter A, Chapter 43, Penal Code, or another sexual offense will not be able to obtain employment in the field.

NOTICE CONCERNING TRANSFERABILITY OF CREDITS AND CREDENTIALS EARNED AT OUR INSTITUTION

The transferability of credits you earn at Milan Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate of completion earned in Milan's programs is also at the complete discretion of the institution to which you may seek to transfer. If the certificate of completion that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your educational goals. This may include contacting an institution to which you may seek to transfer after attending Milan Institute to determine if your diploma will transfer.

ENGLISH ONLY

We do not offer English as a Second Language instruction and do not require proof of English language proficiency; however, all instruction will occur in English. Therefore, all students must be able to read, write, speak, understand, and communicate in English at a high school level. We do admit students from countries other than the United States; however, visa services are not provided, and the institution will not vouch for student status.

SCHOOL CALENDAR

Qualified persons may enroll on any date the school is open. New classes begin on a regularly scheduled basis. Actual starting dates may be obtained by contacting the school administration.

TRANSFER OF CREDIT TO MILAN INSTITUTE

Incoming students may request credit for previous coursework or experiential training for any program offered by the school.

Courses from other training programs or educational institutions, as well as from the military and the workplace, will be considered and evaluated for transfer of credit if completed in the past 3 years. The program content for transferred courses must be comparable to the program in which the student will enroll.

A student requesting transfer of credit for previous coursework must have earned a grade of "C" or higher in that coursework, as documented by an official academic transcript and an original catalog description of the course from his/her former institution is required. No limits on the amount of credit for previous coursework or experience are set.

Transfer of Credit Administration Policy – All Programs Except Massage Therapy

If a student is granted credit for previous training or experiential training, the relevant courses will not be assigned a letter grade but will be recorded with a grade of "pass," which will not affect the student's grade point average and will not affect this element of satisfactory progress.

At the discretion of the Education Leader, a student may be granted credit for previous training or experience and still be required to repeat a course in order to comply with the school's regular attendance and satisfactory

progress policies. In this instance, the student will not be charged tuition for the transferred course. The maximum time frame of one and one-half times the course length is unaffected by transfer of credit.

Milan Institute will accept a maximum of 75% of the program credits or hours in transfer from another institution. Students requesting credit for previous coursework or experience are asked to notify their admissions representative during the enrollment process. The request will be forwarded to the Education Leader or Director, who will review documentation or arrange for testing as appropriate. The procedure will be completed prior to the student's first start date. There are no fees charged for evaluating or granting transfer of credit. Once a determination for granting credit has been made, tuition and fees will be adjusted prior to the start of class. Each student will need to meet with financial aid to determine eligibility. A negative determination may be appealed by contacting the School Director, whose decision is final.

Milan Institute will accept experiential training for modular programs (non-cosmetology related programs) only, excluding Massage Therapy. Applicants should inform their Admissions Representative of any potential experiential learning/training during the enrollment process. Milan staff will review any provided experiential training as it would apply to the course content. If the prior experience matches the course content, the student will take the applicable course assessments (technical and academic as applicable) to determine if they have retained at least 70% of the course content. If an applicant disagrees with the evaluation of their experiential training, the applicant may submit a written letter to the Director of Education within 5 days of the outcome of the evaluation explaining why the evaluation should be re-evaluated. Milan does not charge students to evaluate their prior education or experiential training.

Transfer of Credit Policy – Massage Therapy Only

Official transcripts must be submitted to the Texas Department of State Health Services, Professional Licensing and Certification Unit, Massage Therapy Licensing Program, for evaluation. Official transcripts and documentation of course work obtained at colleges, universities, or out of state institutions along with the Department's written evaluation must be provided for the institution to grant transfer credit. These documents will be placed in the student file.

Students must have their previous coursework evaluated prior to enrollment.

STUDENTS WHO TRANSFER BETWEEN PROGRAMS

Students may transfer to different programs within the institution. Credits will be evaluated by the Education Leader or Campus Director and applied towards the new program, if applicable. To be eligible for transfer credit or hours, student must have successfully completed the class with a minimum grade of "C". If a student has completed or withdrawn from Milan Institute and wishes to enroll into a new program, the student will be treated as a new enrollment.

ARBITRATION

Milan Institute seeks to resolve disputes or claims between any student and the school in a manner that addresses an individual student's complaint in an efficient, cost-effective, and quicker manner than traditional litigation. A student who enrolls at Milan Institute agrees, as a condition of his or her enrollment, to resolve any dispute through mandatory arbitration that shall not be adjudicated as a class action or a consolidated class arbitration proceeding. However, the school cannot require a student loan borrower to participate in arbitration or any internal dispute resolution process offered by the institution prior to filing a borrower defense to repayment application with the U.S. Department of Education pursuant to 34 CFR 685.206(e); the school cannot, in any way, require students to limit, relinquish, or waive their ability to pursue filing a borrower defense claim, pursuant to 34 CFR 685.206(e) at any time; and any arbitration, required by a pre-dispute arbitration agreement, tolls the limitations period for filing a borrower defense to repayment application pursuant to 34 CFR 685.206(e)(6)(ii).

ABILITY TO BENEFIT

In order to receive aid as an ATB student enrolling after July 1, 2012, the student must have previously established eligibility prior to July 1, 2012. For additional information on determining previously established eligibility for aid, please visit the Financial Aid office.

In the event the Department denies full approval, the Department will provide notice of this through publication in the Federal Register, pursuant to 34 CFR 668.150(c)(3).

FINANCIAL INFORMATION

PROGRAM HOUR MEASUREMENT

For academic purposes, the institution follows the Carnegie clock-to- quarter credit hour conversion. For lecture, one quarter credit is equal to 10 clock hours, for laboratory, one quarter credit is equal to 20 clock hours, and for externship/internship, one quarter credit is equal to 30 clock hours. Each program is defined by its individual academic requirements, which are listed on the program description section of this catalog.

For Title IV Financial Aid purposes, an academic year is equivalent to 36 quarter credits and a minimum of 30 weeks or 900 clock hours and a minimum of 26 weeks. The institution complies with Federal requirements when determining the funding methodology and applicable credits. In some cases, the academic credits awarded may be different than those used for Federal funding purposes. A quarter credit hour for Federal Aid purposes is an amount of work that reasonably approximates to one hour of classroom direct faculty instruction and a minimum of two hours of out of class work for approximately ten to twelve weeks or equivalent of other academic activities. Milan Institute programs or courses which do not lead to a degree that are funded by quarter credits must be funded by clock-to-credit hour conversion. In this case one quarter credit equals 25 clock hours which may include lecture, laboratory, externship/internship and/or work outside of class when approved by applicable accreditation. In some cases, programs are required to be measured in clock hours for federal financial aid purposes which include: 1) when the program is required to measure student progress in clock hours when receiving federal or state approval or licensure to offer the program; and/or 2) completing clock hours is a requirement for graduates to apply for licensure or the authorization to practice the occupation that the student is intending to pursue. For program specifics, please contact the Financial Aid office.

TUITION POLICY

It is the policy of the school that all tuition and fees are due and payable on the first day of attendance. Students must make other payment arrangements in advance of the first day of class with school officials. The school accepts payments in cash, check, MasterCard, and Visa. Prices are subject to change.

Books, materials, and supplies are provided at no charge to the student, unless otherwise indicated. For any materials that are an additional charge, the student may choose to opt-out on the Enrollment Agreement.

DELINQUENT TUITION

The student may be charged a \$10.00 late fee for payments received 10 days after the due date. Any student who is delinquent in payments to the school may be suspended or terminated from the school at the discretion of the administration until the school receives payment, or the student makes written payment arrangements acceptable to the school.

If an amount is due, a payment schedule is arranged. If a student does not follow the payment guidelines, after 90 days his/her account will be turned over to the Corporation's collection agency. The student will be responsible for all costs associated with collection.

SCHOLARSHIPS AND GRANTS

Graduate Scholarship

A graduate from Milan Institute or Milan Institute of Cosmetology is eligible for a \$1,000.00 tuition scholarship upon enrolling in a subsequent program with a minimum of 600 hours. For programs with less than 600 hours, a graduate is eligible for a \$200.00 scholarship. This scholarship is a onetime event for graduates and is considered a discount to tuition.

Discounts may not be combined and students will receive only the best available discount, for which they qualify.

METHODS OF DISBURSEMENT

All Federal financial assistance awarded by the school is disbursed according to Federal regulations.

FINANCIAL AID

Student Financial Aid is assistance which helps pay the cost of education. Funds included in this aid may be provided from several sources, including federal, state, and private agencies. Most financial aid recipients receive a combination “package” comprised of more than one type of assistance program.

How to Apply

To begin the process of applying for most aid programs, including grants and loans, students must first complete the Free Application for Federal Student Aid (FAFSA). This document is considered the primary resource for establishing eligibility for need-based aid at this institution. Grant aid is money that does not have to be repaid. Loan assistance includes borrowed money that will be repaid by the applicant.

Financial Aid Programs

The school participates in Title IV Federal Financial Assistance programs under authorization of the U.S. Department of Education, Office of Student Financial Assistance. Any student interested in obtaining Federal Aid should visit or call the financial aid office and request a Student Financial Aid Guide or visit www.studentaid.ed.gov to view online federal assistance publications. All consumer information that is required to be disclosed pursuant to applicable financial aid programs is provided.

Title IV assistance may include grant aid from the Federal PELL Program and/or self-help aid in the form of Direct Loans. Federal Student Loans are required by law to provide a range of flexible repayment options, including but not limited to, income-based repayment and income-contingent repayment plans, and loan forgiveness benefits, which other student loans are not required to provide. Federal Direct Loans are available to students regardless of income.

Some applicants may be selected for a process called verification. Initial notification is provided through the Student Aid Report created in response to the Free Application for Federal Student Aid (FAFSA). The verification selection may cover one or more aspects of your FAFSA information; including but not limited to, tax data, number in household, SNAP benefits, child support paid, high school completion, and identity. Be aware there are deadlines and consequences associated with this requirement. You should contact the campus Financial Aid Office for additional information and assistance, should your file be selected for verification.

Other Programs

TFC payment arrangements are considered a private loan with a fixed interest rate based on the plan you have selected. This program does not determine interest based on borrower’s credit rating.

Students have the right to research and secure additional loan options. Private loans can offer variable rates that can increase or decrease over time, depending on market conditions. Students should determine the interest rate and associated fees of a private loan prior to accepting the terms of the loan. In some cases, the interest rate on a Private Loan may depend on the borrower’s credit rating. Students should contact the lender of the private student loan or the campus Financial Aid Office with any questions or concerns regarding student loan debt.

The information provided above and in referenced materials is not a guarantee of financial assistance. Individual need and circumstance must be evaluated to determine aid program eligibility. This need will be determined with and comply by all applicable federal, state and accreditation regulations.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest and fees, less the amount of any refund.

PROGRAM OR COURSE CANCELLATION POLICY

If a program or course is cancelled subsequent to a student's enrollment, and before instruction in the program or course has begun, the school shall provide a full refund of all monies paid.

SCHOOL CLOSURE POLICY

If the school closes permanently and ceases to offer instruction after students have enrolled, or if a program is cancelled after students have enrolled or instruction has begun, the school will perform a prorated refund for those affected students.

STUDENT'S RIGHT TO CANCEL

Cancellation Policy – All Programs prior to January 1, 2018. All Programs other than Advanced Cosmetology, Cosmetology and Barbering after January 1, 2018

Milan Institute advises each student that a notice of cancellation shall be in writing and that Milan Institute shall refund 100 percent of the amount paid for institutional charges, if the notice of cancellation is made through attendance as of the first scheduled class session, or the seventh day after enrollment, defined by means of executing an enrollment agreement whichever is later. The enrollment agreement shall be signed by the student and by an authorized employee of the institution. If an applicant accepted by Milan Institute cancels prior to the start of scheduled classes or never attends class (no-show), the institution must refund all monies paid.

Cancellation Policy–Advanced Cosmetology, Cosmetology and Barber programs only- Effective January 1, 2018

Milan Institute advises each student that a notice of cancellation shall be in writing and that Milan Institute shall refund 100 percent of the amount paid for institutional charges if the notice of cancellation is made through attendance within 28 days after the first scheduled class session. The enrollment agreement shall be signed by the student and by an authorized employee of the institution. If an applicant accepted by Milan Institute cancels prior to the start of scheduled classes or never attends class (no-show), the institution must refund all monies paid.

REFUND POLICY

Institutions are required to apply State, Licensing and/or Accreditation refund policies as applicable to the location and program attended. If more than one set of regulations applies, the calculation that best benefits the student will be the refund policy adopted.

The student has the right to withdraw from a course of instruction at any time. The student is obligated to pay only for educational services rendered and for unreturned equipment. If the student withdraws from a program of instruction after the period allowed for cancellation of the agreement, as listed above: "Student's Right to Cancel" the school will remit a refund within 30 days following the student's withdrawal whether officially or unofficially.

A "fair and equitable refund" will be computed based on scheduled hours of class attendance through the last date of attendance. Leaves of absence published scheduled breaks and school holidays will not be counted as

part of the scheduled class attendance.

Books, supplies, associated taxes on said items, are provided at no cost, unless otherwise noted on the Enrollment Agreement.

The school may not retain more than \$100 if:

- (A) tuition is collected before the course of training begins; and
- (B) the student fails to withdraw from the course of training before the cancellation period expires.

Refunds shall be calculated as follows: (All Programs except Massage Therapy)

(a) If a student begins a course of training that is scheduled to run not more than 12 months and, during the last 50 percent of the course, withdraws from the course or is terminated by the school, the school:

- (1) may retain 100 percent of the tuition and fees paid by the student; and
- (2) is not obligated to refund any additional outstanding tuition.

(b) If a student begins a course of training that is scheduled to run not more than 12 months and, before the last 50 percent of the course, withdraws from the course or is terminated by the school, the school shall refund:

- (1) 90 percent of any outstanding tuition for a withdrawal or termination that occurs during the first week or first one-tenth of the course, whichever period is shorter;
- (2) 80 percent of any outstanding tuition for a withdrawal or termination that occurs after the first week or first one-tenth of the course, whichever period is shorter, but within the first three weeks of the course;
- (3) 75 percent of any outstanding tuition for a withdrawal or termination that occurs after the first three weeks of the course but not later than the completion of the first 25 percent of the course; and
- (4) 50 percent of any outstanding tuition for a withdrawal or termination that occurs not later than the completion of the first 50 percent of the course.

(c) A refund owed under this section must be paid not later than the 30th day after the date the student becomes eligible for the refund.

Refunds shall be calculated as follows: (Massage Therapy Program only)

If a student enters a massage therapy educational program and is terminated or withdraws, the minimum refund of the tuition will be:

- (A) during the first week or one-tenth of the program, whichever is less, 90% of the unused tuition, fees, and charges;
- (B) after the first week or one-tenth of the program, whichever is less, but within the first three weeks of the program, 80% of the unused tuition, fees, and charges;
- (C) after the first three weeks of the program, but within the first quarter of the program, 75% of the unused tuition, fees, and charges;
- (D) during the second quarter of the program, 50% of the unused tuition, fees, and charges;
- (E) during the third quarter of the program, 10% of the unused tuition, fees, and charges; and
- (F) during the last quarter of the program, the student may be considered obligated for the full tuition;

Refunds for each program will be based on the program time expressed in clock hours. Refunds must be consummated within thirty (30) days after the earliest of:

- (A) the effective date of termination if the student is terminated;
- (B) the date of receipt of written notice from the student of withdrawal; or
- (C) ten (10) instructional days following the first day of the program if the student fails to enter.

If the Massage Therapy program is discontinued by Milan and this prevents the student from completing the program:

(A) all tuition, fees and other charges paid shall be refunded if the student is not provided with a transcript of all successfully completed hours within thirty (30) days of discontinuance of the program; or
(B) in the event an additional or changed location is ten (10) miles or more from the previously approved location of instruction and an enrolled student is unable to complete the program at the additional or changed location as determined by the department:

- (i) all tuition, fees and other charges paid shall be refunded if the student is not provided with a transcript of all successfully completed hours within thirty (30) days of the change of location; or
- (ii) all unused tuition, fees, and other charges shall be refunded if a transcript of all successfully completed hours is provided within thirty (30) days of the change of location; and

If a student did not meet the admission requirements of a program and the student does not complete the program for any reason, all tuition and fees shall be refunded.

A full refund of all monies paid by a student will be provided if the enrollment of the student was procured as the result of any misrepresentation in advertising, in promotional materials of the massage school or by the owner or massage therapy instructor; or the student was not provided ample opportunity to read the information provided in the catalog, enrollment agreement, or the massage therapy act.

All Programs

If the student obtains equipment, as specified in the enrollment agreement as a separate charge and returns it unused within 30 days following the date of the student's withdrawal, the school shall refund the charge for the unused equipment paid by the student. If the student fails to return the equipment within this 30-days period, the school may offset the documented costs to the school of that equipment against the refund due. The student shall be liable for the amount, if any, by which the documented costs for the equipment exceed the refund amount. For a list of these costs, please see the enrollment agreement addenda.

If the student has paid in more than the amount that the student owes for the time, he/she has attended, then a refund will be made within 30 days. If the amount that the student owes is more than the student has already paid, the student will be responsible for the balance.

Refund Policy for Programs Obligating Students for Periods Beyond Twelve Months

Programs longer than 12 months that financially obligate the student for any period of time beyond 12 months shall release the student of the obligation to pay beyond the 12 months if the student withdraws during the first 12 months. The calculation of the refund for the unused portion of the first 12 months shall be based on the rules above.

If the student withdraws during any subsequent period following the first 12 months, the student's refund for the unused portion of the tuition applicable to the period of withdrawal shall be based on the rules above.

WITHDRAWAL DATE

Withdrawal: Is the termination of an enrolled student prior to successful completion of a program. Classifications of withdrawals include but are not limited to a drop, dismissal, and out-of-school transfer.

A student may officially withdraw by providing notification either orally or in writing to any school official. For purposes of an unofficial withdrawal and the date of determination for tuition refund and Return to Title IV purposes, the determination of withdrawal can be no more than 14 consecutive calendar days from the last date of attendance, except in those cases when a student fails to return from a scheduled leave. Milan Institute is an institution that is required to take attendance, and, as such, is expected to have a procedure for routinely monitoring attendance of its students to determine, in a timely manner, when a student ceases to be enrolled and attending.

Milan Institute states that the date of determination that the student withdrew is no later than 14 days after the student's last date of attendance as determined by its attendance records.

RETURN OF TITLE IV FUNDS

When a student withdraws from a program, a campus is required to determine the earned and unearned portions of Title IV aid. The determination is based on the amount of time the student spent in attendance or, in the case of a clock-hour program, was scheduled to be in attendance.

Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal.

After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he or she was scheduled to receive during the period.

For a student who withdraws after the 60% point-in-time, there are no unearned funds.

If the amount that the student has paid is more than the amount that the student owes for the time he/she has attended, then a refund will be made within 30 days. If a student who has received Title IV, HEA program assistance is owed a refund, the school will allocate the refund in the following order: Federal Direct Loan Program, Federal Parent Loan for Undergraduate Study (PLUS), Federal Pell Grant, any other Title IV Assistance, to student. If there is a balance due, the student is responsible for paying it.

TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWS

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Iraq, and Afghanistan Service Grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs) and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (your school can define these for you and tell you which one applies), the amount of Title IV program assistance that you have earned up to that point is determined by a specific formula. If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive. Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must receive your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you do not incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition and fees. The school must receive your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There may be some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate

student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct Loan funds that you would have received had you remain enrolled beyond the 30th calendar day. If you receive (or your school or parent receive on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. your institutional charges multiplied by the unearned percentage of your funds, or
2. the entire amount of excess funds.

The school must return this amount even if the school did not retain this amount of your Title IV program funds.

If your school is not required to return all of the excess funds, you must return the remaining amount.

Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. In addition, you may have exhausted all or a portion of your grace period and repayment of Direct Student Loans may begin immediately.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You must make arrangements with your school or the Department of Education to return the unearned grant funds. You do not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return

If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

ENROLLMENT TIME

Enrollment time is defined as the time elapsed between the actual starting date and the date of the student's last day of physical attendance in school. Any monies due the applicant or student shall be refunded within thirty (30) days from the withdrawal date, or in the case of a leave of absence, the earlier of the documented date of scheduled return or the date the student notifies the institution that he/she will not be returning.

STUDENT INFORMATION

CAREER SERVICES/PLACEMENT

Milan Institute offers career services to all graduates pursuing employment in their field of study. Services include assistance with creating resumes, guidance on how to conduct a job search and job development. The Career Services staff develops and maintains close relationships with local businesses so that they may keep abreast of current employment opportunities to which graduates may be referred.

Although no institution can guarantee employment, the Career Services staff at Milan Institute makes every effort to help ensure that each graduate is prepared to effectively compete in the job market as they pursue their new career.

STUDENT INFORMATION PORTAL

The Student Information Portal provides instant access to students' academic information, attendance reports, student ledger, payment schedule, financial aid awards and more. The portal should be utilized to view and monitor students' progress throughout school. Students can access the portal at any time through the internet with a unique user ID and password inside or outside our network at <http://studentinfo.milaninstitute.edu>

NONDISCRIMINATION

Milan does not discriminate on the basis of race, color, national origin, sex, disability, or age in its educational programs and activities. Nondiscrimination is required by Title IX and DOE regulations and extends to admissions activities and employment.

Inquiries about Title IX may be referred to the Title IX Coordinator, the Office of Civil Rights (OCR), or both.

The Title IX Coordinator for Milan can be reached at:

Address: Title IX Coordinator
Milan Institute
2345 W. Beech Ave. #4139
Visalia, CA 93277
Email: TitleIX@milaninstitute.edu
Phone: 559-707-8050

The OCR can be reached at <https://www2.ed.gov/about/offices/list/ocr/index.html>

Any other issues related to nondiscrimination policies and complaints of discrimination should be directed to the School Director or the Corporate Compliance Department. The School Director maintains an office on campus. He/she may be contacted by visiting the campus or via telephone (Complete campus contact information is provided on cover page of this publication). To reach the Corporate Compliance Department, please complete the Student Complaint form at <https://milaninstitute.edu/student-complaint-form> and a member of the department will respond via email.

For further information on notice of non-discrimination, visit:

<http://wdcrobcopl01.ed.gov/CFAPPS/OCR/contactus.cfm> for the address and phone number of the office that serves your area or call 1-800-421-3481.

STUDENTS WITH DISABILITIES

Milan is committed to providing reasonable accommodations, including appropriate auxiliary aids and services, to qualified individuals with a disability, unless providing such accommodations would result in an undue burden or fundamentally alter the nature of the programs offered by Milan.

Students requesting auxiliary aid and services must submit an Application for Auxiliary Aid, including supporting documentation, to the School Director. An application for Auxiliary Aid may be requested from the School Director or Director of Education. Applications must be submitted at least two weeks before classes commence, or as soon as possible. Supporting documentation must be in the form of a documented physical, medical, or psychological condition which has been verified by a professional. Delays in submission of all required documentation will delay a decision regarding the request for accommodation.

Decisions are made to grant or deny requests for accommodations within ten (10) business days of receipt of all requested documentation. Disagreements regarding an appropriate auxiliary aid and alleged violations of this policy should be directed to the website to complete the Student Complaint form at <https://milaninstitute.edu/student-complaint-form>. The Corporate Compliance department will respond via email.

STUDENT CODE OF CONDUCT

The school sets forth specific expectations for the purpose of promoting a positive learning environment and a pathway to career success. Developing efficient work habits, a positive attitude and definite goals during training can only enhance the graduate's potential for success.

Students are expected to:

1. Attend all classes according to the assigned schedule including theory classes even if all required tests are completed. Theory class is a critical part of your training.
2. Arrive for all classes on time. Students may not be allowed to attend class or to clock in until the scheduled class is dismissed. The determination will be made by school staff based on the circumstances causing the tardiness. Excessive tardiness may result in suspension.
3. Complete all assigned theory, practical and clinic assignments in the designated time frames. It is the student's responsibility to contact the instructor regarding makeup exams. The Final Transcript of Hours will not be released to the student or State Board until all graduation requirements have been met and a comprehensive final written and practical exam has been passed.
4. Notify a staff member within one (1) hour of your start time of absenteeism or tardiness so that proper arrangements can be made to service clients that may be scheduled.
5. Notify a staff member when leaving the facility for any reason other than lunch time and closing.
6. Only perform services on clients after successfully completing the Phase One Requirements and have passed a written and practical competency evaluation.
7. Practice courtesy and professionalism at all times when dealing with other students, clients, instructors, staff and visitors.
8. Follow all state laws and regulations at all times during school.
9. Comply with the school's Satisfactory Academic Progress Policy at all times. Failure to maintain satisfactory progress may cause loss of or delays in funding, delay in graduation and additional tuition charges.
10. Park only in the designated areas for student parking. Front row parking is ALWAYS reserved for client use. The school does provide parking for its students.
11. Keep all student and client analysis and service records up to date.
12. Recommend and prescribe appropriate services and retail products to each client assigned in order to develop professional skills.
13. Strive to continually improve abilities through education and practice.
14. Adhere to school-determined safety and social distancing requirements.

GROUNDS FOR DISCIPLINARY ACTION

The following types of social behavior that keep you and your fellow students from learning are not acceptable and may result in a warning, probation, suspension and/or termination. *Milan Institute reserves the right to take any disciplinary action it deems necessary and reasonable under the circumstances.*

- a. Refusing to service an assigned customer or refusing to comply with the instructor's assignment. Unprepared or refusal to perform a clinic service or practical assignment may result in the student leaving for the day. Excessive refusals may result in termination.
- b. Disrupting class or sleeping in class.
- c. Not involved in curriculum related activities at all times while clocked in. Students who are clocked in may not linger in the facility and distract other students from training responsibilities. Excessive time in the student lounge is not allowed.
- d. Unauthorized personal visitors to the school. Guests will be asked to leave unless they are scheduled for a service in the student salon.
- e. Using the business phone or personal cellular phone for incoming or outgoing calls without the expressed permission of a staff member.
- f. Cheating, dishonesty, or falsification of records.
- g. Not following scheduled breaks. The time for breaks will depend on the classes scheduled and the student salon floor services that are assigned. Students are required to clock out for a minimum of 30 minutes each day for a lunch break. Failure to do so may result in lost time and/or disciplinary action. As consideration to fellow students, clients, and instructors, please notify the school if you are not returning from a lunch break.
- h. Not following time clock procedures by not clocking in and out accurately to reflect hours in attendance. No student may clock in/out for others. If a student fails to clock in/ out, they will not receive credit for time in school.
- i. Not following sanitation requirements. Understand that training involves sanitation, cleanliness, and equipment care. Students are responsible for personal workstations and work areas. Daily assigned sanitation duties must be evaluated before clocking out each day. State Board requires all students to follow sanitation rules and practices at all times.
- j. Non-compliance with the published dress code which includes students wearing the required name badge and practicing proper hygiene and grooming at all times. Students not in compliance with dress code will not be allowed to clock in until in compliance.
- k. Violation of Student Social Media policy or Anti-Bullying policy.
- l. Criticizing another student's work.
- m. Cursing; using foul language or vulgar language; immoral or unprofessional conduct, discussing sexual activities or beliefs, unethical and unprofessional subject matter during school hours.
- n. Arguing with an instructor in the presence of another student or customer.
- o. Consuming or possessing alcoholic beverages and/or illegal substances during school time or on school grounds.
- p. No smoking, chewing gum, eating and/or drinking except in designated areas.
- q. Theft from a student, customer, or school (property and/or money) will result in immediate termination. Students are responsible for the security of their own property. The school is not responsible for lost, stolen, missing, and/or broken items.
- r. Behavior which creates a safety hazard to self, students, faculty, or staff including, but not limited to willful destruction of property and possession of weapons while on campus.
- s. Threats of violence, or the credible accusation of such, will result in IMMEDIATE suspension to allow for a thorough investigation of the situation. This investigation will be conducted within 3 business days

and the student will be notified of the outcome by the Campus Director.

- t. Non-compliance with school-determined safety and social distancing requirements.
- u. Violation of the Title IX Sexual Harassment Policy, Student Sexual Harassment Policy (Non-Title IX), or Student Sexual Assault, Domestic and Dating Violence Policy.

A student who, upon violation of a conduct policy or other egregious behavior or incident, may be placed on a status of Conduct Probation due to conduct unbecoming of a student at Milan. This status is an official warning that the student's conduct is in violation of Milan Student Rules, but does not merit, at this point, an expulsion or suspension.

A student on conduct probation is deemed "not in good standing" with Milan. If there is a finding of responsibility for subsequent violations of the student rules during this period of time, more severe sanctions may be administered including immediate termination. Student who are subjected to Conduct Violations face actions to be determined based on the severity of the issue at hand and documentation of such will remain in the permanent student file.

Massage therapy students only – Students who are dismissed for conduct who wish to return to school must be approved by the School Director before the student is allowed to re-enter/reinstate.

Milan may remove a student who has been accused of committing a Title IX sexual harassment violation from campus on an emergency basis, provided an individualized safety and risk analysis is completed and a determination is made that there is an immediate threat to the physical health or safety of any individual. Once the student is removed from campus, the school will provide the student with written notice and guidance on how to immediately challenge the decision.

DRUG AWARENESS

Milan Institute maintains a drug-free campus and workplace. Milan Institute maintains a list of community drug rehabilitation centers that specialize in drug abuse treatment where, if help is needed, the student or employee may receive help. Milan Institute **will not tolerate** any illegal drugs or alcohol being used on the campus. The school refers students to outside agencies when the student requests assistance. The school complies with Section 487 (a) (10) of the Higher Education Act, Amendments of 1986, concerning drug abuse prevention programs for students.

DRUG FREE STATEMENT

In recognition of the problems associated with drug and alcohol abuse in society today, *Milan Institute* provides all students and employees with the following information:

1. The unlawful possession, use or distribution of illicit drugs and alcohol on school property or in connection with any school activity is strictly prohibited. This prohibition applies to all students and employees.
2. The following legal sanctions are applicable for the unlawful possession or distribution of illicit drugs and alcohol:

Local: Penalties vary based on the severity of the offense and the number of offenses. Sanctions for possession of an illegal substance for the first time could range from fines of \$40,000 and up but not limited to 40 years' imprisonment.

State: Penalties vary based on the nature of the illegal substance, the offense and whether there is a repeat offense. First offenders may receive up to nine years with repeat offenders could receive life imprisonment. A schedule of fines up to but not limited to \$50,000 also is in place.

Federal: Penalties for unlawful manufacturing, distribute and dispensing of controlled substances are provided under the Federal Controlled Substances Act. The penalties are determined by the nature of the drug or other substance, the amount of drugs or other substance involved, and the number of offenses.

Examples of Federal Drug Trafficking Penalties:

| <u>Offense</u> | <u>First Offense</u> | <u>Second</u> |
|------------------------------|---|--|
| Marijuana (1,000 kg or more) | Not less than 10 years | Not less than 20 years |
| Heroin (100-999 grams) | Not less than 5 years Not more than 40 years | Not less than 10 years Not more than life |

3. There are various health risks associated with the use of illicit drugs and the abuse of alcohol. Some of the more common problems are cited below:

Marijuana—Use can lead to an increase in heart rate up to 50%, a sense of euphoria, acute anxiety, and tremendous mood swings. There is a potential for long term physical and psychological damage.

Cocaine—Use can affect the brain in seconds and result in heart or respiratory failure.

Crack—Use can lead to an intense high within seconds, deep depression, and an intense dependency in a short time.

Amphetamines—Use increase heart and breathing rates, raises blood pressure while often causing blurred vision, dizziness, lack of sleep and anxiety. Body chemistry is upset and can lead to long term physical problems.

Alcohol—Use can lead to a feeling of confidence and control. Liver, brain, heart, and stomach destruction goes on even without apparent symptoms. Use for a period of time often causes dependency and may be fatal.

4. There is help available to our students and employees. Milan Institute offers a confidential referral program for employees and students. Further information is available in the school administrative office and in the Drug Awareness section of this publication.
5. Any student or employee who is a drug or alcohol offender will have disciplinary action imposed by the school. These sanctions may include any or all of the following:

Mandated treatment for problem.

Mandated attendance at local treatment center.

Mandated completion of a drug rehabilitation program.

Mandated probation period not to exceed one month.

Expulsion from school or discharge from employment.

CONTROLLED SUBSTANCE POLICY AND NOTICE TO ALL EMPLOYEES AND STUDENTS

This statement is distributed to all new students and employees at the orientation session prior to commencing classes or employment and is updated each year of attendance or employment.

All students and employees are informed that the unlawful manufacture, distribution, dispersion, possession, or use of a controlled substance within the premises of the school is strictly prohibited. Employees and students violating this rule will be subject to immediate termination of employment or school program. Drug free awareness program and detailed information regarding dangers of drug abuse, assistance with drug counseling and rehabilitation programs are available.

TITLE IX SEXUAL HARASSMENT POLICY

Title IX of the Education Amendments of 1972 protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. Title IX Sexual Harassment is defined as conduct on the basis of sex that satisfies one or more of the following:

- unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity;
- an employee of the school conditioning the provision of an aid, benefit, or service of the school on an individual's participation in unwelcome sexual conduct; or
- sexual assault, as defined in the Clery Act, or dating violence, domestic violence, or stalking as defined in Violence Against Women Act (VAWA).

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim), to the Title IX Coordinator at any time by mail, by telephone, or by e-mail. Students (active or potential) or Employees (active or potential) who feel they are a victim of sexual harassment should be directed to contact the Title IX Coordinator.

The Title IX Coordinator can be reached at:

Milan's obligations under Title IX are triggered upon having actual knowledge of alleged sexual harassment that occurred within its educational program or activity against a person in the United States. Milan may have obligations under Title IX even in absence of a formal complaint. Once these obligations are triggered, Milan will respond promptly and without deliberate indifference.

No employee of Milan may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this part, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part.

The presumption is that the person accused of being the perpetrator of conduct that could constitute sexual harassment conduct is not responsible for the alleged conduct until a determination is made at the end of the grievance process. This does not imply that the alleged conduct did not occur but rather ensures Milan staff do not take action against the alleged perpetrator as though the alleged conduct occurred prior to final determination. All Milan staff involved in the Title IX process interact with both parties impartially throughout the grievance process without prejudice and without drawing inferences about credibility based on the person's role.

STUDENT SEXUAL HARASSMENT POLICY (NON-TITLE IX)

Policy Overview

It is the policy of Milan to ensure that students can learn in a safe and nondiscriminatory educational environment based on religious, racial, sexual harassment and violence. Milan strictly prohibits any form of religious, racial, sexual harassment and violence. It is a violation of college's policy for a student, faculty member, staff member, administrator, third party or other employee to harass a student, faculty member, administrator or other college personnel through conduct or communication of a sexual nature. It is a violation of college's policy for any student, faculty member, administrator, third party or other college personnel of Milan to inflict or threaten to inflict, or attempt to inflict sexual violence upon any student, faculty member, administrator, or other college personnel.

Definitions—Sexual Harassment

Non-Title IX Sexual Harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature that does not meet the requirements of Title IX sexual harassment when:

- submission to that conduct or communication is made a term or condition, either explicitly, of obtaining or retaining employment, or of obtaining an education; or
- submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment or education; or
- that conduct or communication has the purpose or effect of substantially or unreasonably interfering

with an individual's employment or education, or creating an intimidating, hostile or offensive employment or education environment.

Non-Title IX sexual harassment may also include but is not limited to:

- unwelcome verbal harassment or abuse;
- unwelcome pressure for sexual activity;
- unwelcome, sexually motivated, or inappropriate patting, pinching or physical contact, other than necessary restraint of student(s) by faculty members, administrators, college law enforcement, or other college personnel to avoid physical harm to persons or property;
- unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt threats concerning an individual's employment or educational status;
- unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's employment or education status; or
- unwelcomed behavior or words directed at an individual because of gender.
- Of importance is to note that sexual harassment or violence does not have to occur between different genders. Same sex harassment and violence will be treated equally as sexual harassment or violence between same sex members.

Reporting

Any person who believes he or she has been the victim of sexual harassment or violence by a student, faculty member, administrator or other college personnel of Milan should report the occurrence to either the School Director or the Corporate Compliance Department. To reach the Corporate Compliance Department, persons need to complete the Student Complaint form at <https://milaninstitute.edu/student-complaint-form> and a member of the department will respond via email.

Privacy

Milan Institute will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible.

Milan Institute will attempt to honor a student's request that his or her name be withheld if this can be done consistently with the school's obligation to remedy the harassment and take steps to prevent further harassment.

Action

Milan Institute is required to investigate all accusations of sexual harassment and violence and to take the appropriate actions which could include disciplinary proceedings against any individuals found to be in violation of this policy.

Anti-Retribution

Any person who retaliates against another for testifying, assisting, or participating in an investigation or proceeding relating to harassment or violence shall be subject to discipline. Retaliation includes, but is not limited to, any form of intimidation, retribution, or harassment.

STUDENT SEXUAL ASSAULT, DOMESTIC AND DATING VIOLENCE POLICY

Milan Institute is committed to maintaining a safe and secure campus for all of its students **and** employees. Milan Institute's policy on Sexual Violence, Domestic Violence and Dating Violence specifically addresses procedures that must be followed when an incident of sexual assault, domestic violence, dating violence or stalking is reported.

STUDENT SOCIAL MEDIA POLICY

Milan Institute recognizes that social media websites have become an important and influential means of communication for our current and former students. The objective of this policy is to help clarify how best to enhance and protect the personal and professional reputations of our students when participating in social media. It is important to keep in mind the privacy limitations when using social media websites. In some cases, information posted on them can be made public, even when that information has been deleted by the user. Therefore, Milan Institute expects and encourages all those participating to exercise caution and responsibility when using social media websites.

In accordance with Milan Institute's Conduct Policy, as published in the Catalog, students are expected to conduct themselves in a professional manner. Students who are not in compliance are subject to disciplinary action, probation, suspension, or termination at the discretion of the school administration.

The policies and guidelines set forth below apply to any user who utilizes social media pages associated with Milan Institute.

Types

The social media applicable under this policy include, but are not limited to, the following: Facebook.com, Twitter.com, YouTube.com, MySpace.com, Pinterest.com, Google+.com, StumbleUpon.com, Delicious.com, Yelp.com, Instagram.com, Blogger.com, Typepad.com, WordPress.org, Wordpress.com, LinkedIn.com, imodules.com, Flickr.com, Foursquare.com, Gowalla.com, Scvngr.com and Tumblr.com.

Language/Behavior

The following are considered unacceptable when using Milan Institute social media websites:

- Vulgar or profane language.
- Obscene, defamatory, inaccurate, or hostile posts.
- Offensive terms/phrases or photographs that disrespect individuals or groups based on race, color national origin, ancestry, gender, religion, religious practice, age, disability, or sexual orientation of person.
- Threats of physical or bodily harm.
- Posting of sensitive information; including that which could compromise public safety, intellectual property, etc.
- Posting of photographs of oneself or others that can be reasonably interpreted as condoning the irresponsible use of alcohol, substance abuse, or are of a sexual nature.

Requirements

We look forward to the comments and conversations generated via social media. Any posts on the school's social media sites or tags of the school found to be inaccurate, false, inappropriate, hostile, obscene, or defamatory toward any individual, group or organization will be removed. If students at Milan Institute violate other Milan Institute policies on the school's social media sites, they may subject them to disciplinary action under appropriate judicial or other procedures. Students posting content in reflection of Milan Institute (such as photos taken on grounds, "tags" with Milan Institute in them, comments regarding Milan Institute) are subject to the same guidelines set herein this policy. Students with unresolved issues with campus administration or the educational program should follow the Grievance Policy to resolve those matters. Social media websites are not

the venue to resolve such issues. Any inappropriate, obscene, or defamatory posts will not be tolerated.

Users who choose to post, comment, or link text and/or multimedia on Milan Institute's websites agree that such material may be reproduced, distributed, edited, and published in any form and on any media. Users agree not to violate copyright laws, post spam or advertisements, impersonate others, or partake in any type of hostile behavior, in any media.

ANTI-BULLYING STATEMENT

Milan Institute believes that all students have a right to a safe and healthy school environment in which mutual respect, tolerance, and acceptance are fostered.

Milan Institute will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes: direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; social isolation or manipulation; threats either directly or indirectly or any other activities that create a hostile environment at school that is sufficiently serious that it interferes with or limits a student's ability to participate in or benefit from the services, activities, or opportunities offered by a school.

Milan Institute expects students and/or staff to immediately report incidents of bullying to the School Director. Staff members who witness such acts will take immediate steps to intervene when safe to do so. Each complaint of bullying will be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity and during a school-sponsored activity.

Students who bully are in violation of this policy and are subject to disciplinary action up to and including termination.

STUDENT GRIEVANCE POLICY

When problems arise, students should make every attempt to resolve the issue by following the formal complaint procedure. The procedure is as follows:

1. Contact the Instructor in charge to resolve the problem or complaint.
2. If the issue cannot be resolved with the Instructor, contact the School Director to schedule a meeting to discuss the concern.
3. If a mutual solution cannot be reached with the School Director, the student should submit an appeal using the written complaint online at www.milaninstitute.edu/student-complaint-form. A corporate mediator will facilitate review of the grievance within 10 days and a written response will be sent to the complainant with the decision and/or resolution.
4. The student has the right to submit a complaint letter to the school's state agencies and/or accrediting agency.
 - a. The school's accrediting agency is the Council on Occupational Education (COE) located at 7840 Roswell Road, Building 300, Suite 325, Atlanta, GA 30350, Phone: (770) 396-3898, FAX: (770) 396-3790, www.council.org. The letter must contain the nature of the problem (s).
 - b. The school's state agency in the Texas Department of Licensing and Regulation located at 920 Colorado, Austin, TX 78701, and Phone: (512) 463-6599.
 - c. The Texas Department of Licensing and Regulation (TDLR) is the state agency for the Massage Therapy program. A person wishing to file a complaint against a massage therapist, massage school, massage therapy instructor, massage establishment, continuing education provider, or

another person or business shall notify the department at Texas Department of Licensing and Regulation, Massage Therapy Program, P.O. Box 12157, Austin, Texas 78711, (512) 539-5600, or www.tdlr.texas.gov. Milan Institute is prohibited from disciplining or retaliating against a student for filing a complaint with the Department.

Milan Institute makes every effort to resolve grievances and complaints. The school maintains its complaint log for at least two years.

ARBITRATION POLICY

Should a dispute arise, which could not be settled through the school's internal grievance procedures, students and the school have agreed to arbitration at the time of enrollment as the only means legal recourse. Any dispute a student may bring against Amarillo College of Hairdressing, Inc., and/or any of its wholly owned subsidiaries, Milan Institute, Milan Institute of Cosmetology, or any of its parents, subsidiaries, successors, officers, directors, or employees, without limitation, (hereinafter collectively and individually referred to as "ACH") or which ACH may bring against a student, no matter how characterized, pleaded or styled, shall be resolved by binding arbitration pursuant to the Federal Arbitration Act and conducted by the American Arbitration Association ("AAA"), at the ACH location which the student attends or was attending, and under its Supplementary Rules for Consumer Related Disputes, and decided by a single arbitrator. Any dispute over the interpretation, enforceability or scope of this Arbitration Agreement shall be decided by the Arbitrator, and not by a Court. Both students and school explicitly waive any right to a jury trial and understand that the decision of the arbitrator will be binding, and not merely advisory.

Neither ACH nor student shall file any lawsuit against the other in any court and agree that any suit filed in violation of this provision shall be promptly dismissed by the court in favor of arbitration. Both ACH and student agree that the party enforcing arbitration shall be awarded costs and fees of compelling arbitration.

The costs of the arbitration filing fee, arbitrator's compensation, and facilities fees that exceed the applicable court filing fee will be paid by ACH.

Any dispute or claim brought by ACH or student shall be brought solely in their individual capacity, and not as a plaintiff or class member in any purported class action, representative proceeding, mass action or consolidated action.

Any remedy available from a court under the law shall be available in the arbitration.

To the extent a student has outstanding federal student loan obligations incurred in connection with their enrollment at ACH, any arbitration award providing monetary damages shall direct that those damages be first paid toward the student loan obligations.

Students and/or ACH may, but need not, be represented by an attorney at arbitration.

Information about the AAA arbitration process and the AAA Supplementary Rules for Consumer Related Disputes can be obtained at www.adr.org or 1-800-778-7879. Students must disclose the Arbitration Agreement document they signed at the time of enrollment to the AAA.

We agree that neither we nor anyone else who later becomes a party to this pre-dispute arbitration agreement will use it to stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was

obtained. You may file a lawsuit for such a claim or you may be a member of a class action lawsuit for such a claim even if you do not file it. This provision does not apply to other claims. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained. We make the proceeding agreement only to the extent required by a valid regulation issue by the U.S. Department of Education.

STUDENT PHOTO RELEASE

Students attending Milan Institute give the school the absolute right and permission to take photographs and/or video of the students in class, in clinic or in lab for advertising, trade publications and/or any other lawful practice.

RESPONSIBILITY FOR PERSONAL PROPERTY

Milan Institute does not assume responsibility for loss or damage to personal property through fire, theft, or other causes on or off the Milan Institute campus.

COPYRIGHT INFRINGEMENT POLICY

Compliance with federal copyright law is expected of all students. "Copyright" is legal protection for creative intellectual works, which is broadly interpreted to cover just about any expression of an idea. Text (including email and web information), graphics, art, photographs, music, and software are examples of types of work protected by copyright. The creator of the work, or sometimes the person who hired the creator, is the initial copyright owner.

You may "use" all or part of a copyrighted work only if (a) you have the copyright owner's permission, or (b) you qualify for a legal exception (the most common exception is called "fair use"). "Use" of a work is defined for copyright purposes as copying, distributing, making derivative works, publicly displaying, or publicly performing the work.

Copying, distributing, downloading, and uploading information on the Internet may infringe the copyright for that information. Even an innocent, unintentional infringement violates the law. Violations of copyright law that occur on or over the school's networks or other computer resources may create liability for the school as well as the computer user.

Students who violate Copyright Infringement Policy are subject to disciplinary action, including suspension and termination.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws:

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

An extensive online list of legal downloading resources is available at <http://www.educause.edu/legalcontent> . EDUCAUSE is a nonprofit organization committed to promoting the intelligent use of information technology to advance higher education. Resources on the list include websites such as Amazon MP3 Downloads, MediaNet and Best Buy.

STUDENT RECORDS ACCESS, SECURITY AND RELEASE

The information in student files is confidential. A student's right to inspect these records is in accordance with the Family Educational Rights and Privacy Act of 1974, Public Law 93-380, as amended. Generally, we must have written permission from the student, parent or guardian before releasing any information from the student's record. However, the law allows us to disclose records, without consent, for the following reasons:

- The disclosure is to school officials who have been determined to have legitimate educational interests as set forth in the institution's annual notification of rights to students;
- The student is seeking or intending to enroll in another school;
- The disclosure is to state and local educational authorities, the school's accrediting agency, those agencies auditing or enforcing Federal or State supported education programs, and those enforcing Federal laws which relate to those programs;
- The disclosure is in connection with determining eligibility, amounts, and terms for financial aid or enforcing the terms and conditions of financial aid;
- The disclosure is pursuant to a lawfully issued court order or subpoena; or;

The information disclosed has been appropriately designated as directory information by the school.

At its discretion, the institution may provide directory information in accordance with the provisions of the Act to include the following:

- Name
- Home address
- Home telephone number
- Major field of study
- Dates of attendance
- Degrees and awards received

Students may withhold directory information by notifying the Office of the Registrar in writing in accordance with the procedures contained in the public notice designating directory information. Each third-party request requires the student's written request.

The school will provide the proper supervision and interpretation of the student records when they are being reviewed.

Student records will be maintained at the school site for five years from the last date of attendance. Transcripts are maintained permanently.

Milan Institute places a high emphasis on protecting confidentiality of student data. Employees are trained on confidentiality procedures. Data is secured either physically or in secured networks. Regular reviews of procedures and secured areas are made by staff. Any potential breaches are immediately investigated and promptly acted upon. Any questions regarding Milan Institute's process of protecting confidentiality of student's data can be directed to comments@milaninstitute.edu .

ACADEMIC INFORMATION – ALL PROGRAMS

VERIFICATION OF ATTENDANCE/TRANSCRIPTS

Graduates requiring official verification of attendance or transcripts to be sent to other educational institutions must submit such a request in writing. Allow 30 days for the verification of attendance or the transcript to be sent.

ACADEMIC AND ATTENDANCE ADVISING POLICY

Any students falling below Satisfactory Academic Progress (SAP) at mid-point and end of contracted program will be advised of their academic and attendance standing by a designated school official. Students who are not meeting minimum expectations will be provided SAP notification and an Academic Plan to provide guidance on improving standing to achieve completion. The student portal is available to all students to check standing as needed. Instructors encourage students to utilize their portal. See SAP policy for additional information

Student's strengths and areas requiring improvement are identified and plans for improvement are discussed during the advising to provide a student the opportunity to achieve expectations. When professional assistance is needed students are provided contact information for those community resources (also posted on the Student Intranet page). Documentation will be signed by both the school official and the student. The signed documentation will be retained in the student's official academic file located in the Student Information System.

VETERANS AND ELIGIBLE PERSONS RECEIVING EDUCATIONAL BENEFITS

In addition to the standard policies in this catalog, the following applies to veterans and eligible persons receiving education benefits. Refer to the appropriate sections of this catalog for complete Transfer of Credit Policy; Satisfactory Academic Progress; and Attendance policies.

Transfer of Credit Policy

During the enrollment process, incoming veterans and eligible persons are required to notify their admissions representative regarding their previous coursework and experience. The institution will evaluate all previous education and training and grant credit when appropriate. Credits allowed will be recorded on the enrollment record and the length of the program shortened proportionately. The student shall be notified, with record of the evaluation and supporting transcripts being kept of this process.

Each student must provide the school with (1) an official transcript with all previous postsecondary education and training and (2) the student's military discharge document DD-214 form prior to enrollment. Students should refer to the "Transfer of Credit" portion of this catalog for more detailed information specific to their program.

Satisfactory Academic Progress

As with regular students, when progress of a student is unsatisfactory for an evaluation period, the student will be placed on financial aid warning. If, however, during the next progress period the student's progress is still unsatisfactory, the student's VA benefits will be interrupted, and the Department of Veterans Affairs will be notified immediately. Students will only receive VA benefits, based on their eligibility, for the published length (100%) of the program. Students should refer to the "Satisfactory Academic Progress Policy" portion of this catalog for more detailed information specific to their program.

Attendance Advising

This section is the same for all students. See the appropriate catalog section for more information.

Leave of Absence

Students receiving veterans' educational benefits will be reported to the Department of Veterans Affairs upon taking a leave of absence. They may be re-enrolled for educational benefits upon return to class.

Payment

Regarding PL 115-407 Section 103 and 104 Compliance: Title 38 USC 3679 (e):

Milan Institute/Milan Institute of Cosmetology does not impose any penalty, including assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds while awaiting payment of VA funds under chapter 31 and 33.

Eligible students must submit a certificate of eligibility, a written request to use such entitlement, and any additional information needed to certify enrollment. Students will continue have access to classes, libraries, and other institutional facilities as outlined in our catalog. No late fees will be assessed and student's accounts will be considered on hold, up to 90 days. Title 38 USC 3679 (e).

Modality

For Veterans Administration purposes, Milan Institute's programs are taught on-ground but are currently being offered online due to COVID.

RE-ENTRY/REINSTATEMENT ASSESSMENT

All programs except Cosmetology-related programs

Re-entry/Reinstatements less than 6 months from Last Day of Attendance (LDA)

1. If applicable, a student's technical skills will be evaluated to determine current competency in the practical aspects of the program and treated as if the student did not cease attendance for purposes of determining the student's academic standing for the period. If skills are lacking, a Course Improvement Action will be required.
2. The student will be given credit for the courses previously successfully passed. Any student reinstating with a cumulative grade-point average below a 2.00, will repeat any course(s) below a 2.00 GPA.
3. A student with only externship course remaining must be evaluated on technical based skills required for externship. If a student is proficient in all the technical/hands on skills, the student may proceed to externship. If a student is not proficient in all the technical/hands on skills, the student will need to be placed on a Course Improvement Action Plan until skills are considered proficient for the externship.
4. A student may have a discussion with the campus Education Leader to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education Form.
5. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

Re-entry/Reinstatements greater than 6 months from LDA

1. A student accepted for re-entry/reinstatement will be required to pass academic and/or technical skill assessments with a 70% or higher for each course previously completed with a 2.00 GPA or higher to be eligible

for course credit. Any course below a 2.00 GPA will be repeated. The Education Leader will set up course and skill assessment with the instructors.

2. A student may have a discussion with the campus Education Leader, after the review of the evaluation for acceptance of prior education, to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education.
3. A student must be enrolled in any course(s) that have changed since the prior enrollment.
4. Any student who is reinstating directly to externship will reinstate dependent upon Career Services placement of the student on an extern site. The re-entry/reinstatement date will be provided by Career Services to ensure that a site is available.
5. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

Additional Re-entry/Reinstatement Guidelines

Re-entering/Reinstating a student who needs skill improvement prior to beginning courses or going to externship:

1. After the evaluation of prior education has been completed, if applicable, a Course Improvement Plan will be executed to enroll a student into a specific course to prepare the student to successfully move forward in the program (examples - additional modules or externship). This will often be used for skill improvement in medical, dental, and massage.
2. The Course Improvement Plan should include specific skills and/or knowledge the student is deficient and needs improving. The student will be enrolled into the course that offers laboratory/clinical that will allow the student to successfully reach proficiency. A student will be enrolled into an entire course or module focusing on specific skills that requirement improvement.
3. The Course Improvement Plan must contain the specific course or module the student is enrolling and specific skills focusing on (in addition to the course content). It is imperative that the student is enrolled and scheduled in a specific course or module.
4. Once the student is enrolled in the course, the course grade previously earned will revert to Repeat ("R"). A new course with scheduled and attended hours will appear on the transcript.

All Cosmetology-Related Programs

Re-entry/Reinstatements less than 6 months from LDA

1. The student will be given credit for the technical skills, academic tests, and hours previously completed. In addition, if applicable, attendance, academic, and practical action plans will be created to ensure student success.
2. Students who are accepted for re-entry/reinstatement in these clock hour programs within 180 days from their last date of attendance will be allowed to maintain their prior earned hours.
3. A student may have a discussion with the campus Education Leader to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader

will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education.

4. Any student re-entry/reinstatement with a cumulative grade-point average below a 2.00 will have an academic assessment completed (written assessment). If applicable, an academic action plan will be created to assist the student in achieving the required 2.00 GPA.

5. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

Re-entry/Reinstatements greater than 6 months from LDA

1. Any student accepted for re-entry/reinstatement in a clock hour program after 180 days from their last date of attendance will have assessment testing completed to determine retention of prior education – both academic and technical assessments.

2. Assessments determines the prospective student's technical skills and academic knowledge compared to Milan's check points as defined for student progress.

3. A student may have a discussion with the campus Education Leader, after the review of the evaluation for acceptance of prior education, to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education.

4. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

ADVISORY COMMITTEE

The advisory committee is composed of members chosen as experts in one or more specialized areas. These advisors serve as guest lecturers, perform demonstrations, judge competitions, and meet with faculty and students. Based on their years of experience as successful owners, managers, and self-employed professionals, they are an invaluable source of up-to-date information on advances in our field.

DISTANCE EDUCATION

Milan Institute offers traditional education programs and hybrid distance education programs. Traditional education is 100% on ground. Milan Institute offers some programs via hybrid distance education. The Administrative Medical Assistant program is offered 100% via distance education. Milan Institute utilizes synchronous distance education, using a Learning Management System coupled with a web-based attendance monitoring system, to facilitate academic education up to the total lecture and lab hours listed per course.

AN INVESTMENT IN BEAUTY PAYS

If you want a career in cosmetology, this is the right choice for you. The exciting, ever-changing world of cosmetology will always be a source of professional and financial rewards. The outlook for the profession has never been better, with women today striving to achieve the "Total Look," and more men are taking advantage of the salon scene and benefiting from style cuts, perms, manicures, and color. The work of the cosmetologist is challenging and very rewarding, with a very high income potential that can soon place you at a professional earning level. Since most salons pay on a commission basis, there is no ceiling on income in the cosmetology profession. Management presents even greater challenges, and salon ownership offers a sense of pride that every small business owner enjoys.

The choice of a lifetime career is one of the most important decisions you will ever make. To find out more about a career in cosmetology, how to become a part of this exciting profession and other information about Amarillo College of Hairdressing, Inc., please read this catalog carefully.

ORIENTATION

New students are required to attend an orientation prior to the class start date. This meeting is to welcome new students and introduce them to the school's policies and procedures. During orientation, many topics are discussed including school rules, regulations, financial aid questions, state board exams, grading, attendance, theory/lecture classes, clinic floor work, internships, satisfactory academic progress, and project completions as they relate to the program. Students are also given the opportunity to meet instructors, school staff, and other students and to ask questions about their training programs.

STUDENT RATIO

The student/teacher ratio does not exceed twenty-five students in attendance per instructor.

FACULTY

Milan Institute staff members are experienced cosmetology instructors. In addition to meeting the educational requirements for licensing, each instructor has been trained in the contemporary methods of hairstyling and techniques of hair design. A list of our faculty members can be found in the catalog insert.

REFERENCES

A library of resource, reference and instructional materials are available on campus for use of students and faculty. Current textbooks, workbooks, supplements, professional periodicals, videos, PowerPoint presentations, reference materials, business materials, audio-visuals materials, are accessed through digital means (wi-fi available on campus). During the first day of class, students are provided the links and web addresses of digital curriculum, student email and student portal.

FORMAT

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation, and job entry level skills. Clinic equipment, implements and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The programs are presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips, and other related learning methods are used in the programs.

ATTENDANCE POLICY

Attendance is valued and expected. Students are expected to arrive for classes at the scheduled time and remain on task until their scheduled departure time. Student performance and punctuality are important components of dependability and directly relate to employment options in the business world. To ensure the commitment to student success, Milan Institute expects that attendance be taken in all classes, starting with the first day of the class.

Milan Institute recognizes the correlation between attendance within the program of study and success defined as student achievement. Absences prevent students from receiving essential academic information, disrupt orderly course progress, and diminish the quality of group interaction in class. Any class session or activity missed, regardless of cause, reduces the opportunity for learning and may adversely affect a student's achievement in the course. Class attendance is monitored beginning with the first class meeting, and students are expected to attend all class sessions for which they are scheduled. It is the responsibility of the student to arrange to make up of any course work missed and to notify the instructor when an absence will occur. Milan Institute does not differentiate between excused and unexcused absences. Students are expected to call in if absent, for courtesy and responsibility, as if they were in the work environment.

SATISFACTORY ACADEMIC PROGRESS POLICY

Satisfactory Academic Progress ("SAP") is a requirement for all Milan Institute students. Students receiving funds under any Federal Title IV financial aid assistance programs must maintain satisfactory academic progress in order to continue eligibility for such funds. Progress is measured in terms of both attendance and course work. The SAP policy is provided to students prior to enrollment.

All students are evaluated for Satisfactory Academic Progress at the end of the first payment period or midpoint of the program or academic year, and at the end of the program or academic year.

Clock Hour Program

The student's academic progress is evaluated at the point the student is scheduled to complete the required clock hours for that payment period. Students must maintain (1) an accumulative grade point average of 2.0, and (2) an attendance rate of 67% of the scheduled hours.

To successfully complete a program, the student must complete 100% of the program requirements within no more than 150% of the program length, measured in scheduled hours.

Credit Hour Program

The student's academic progress is evaluated at the point the student has been scheduled for the required credit hours for the payment period in review. Students must maintain (1) an accumulative grade point average of 2.0 and (2) complete 70% of the units attempted with a 1.0 or higher grade for the payment period in review.

To successfully complete a program, the student must complete 100% of the program credits within no more than 150% of the program length, as measured by attempted credits.

Clock Hour Programs and Credit Hour Programs

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory progress until the next scheduled evaluation.

If a student is granted credit for previous training or experience, the granted courses will not be assigned a letter grade but will be recorded with a grade of "pass," which will not count towards the student's grade point average

calculation and will not affect the grade point average element of satisfactory academic progress. Transfer hours are included as completed hours for purposes of measuring rate of progress.

Transfer hours are accepted toward completion of a student's program as both hours attempted, and hours completed for the purpose of determining when the allowable maximum timeframe has been exhausted. SAP evaluation periods are based on scheduled contracted hours at the institution.

Grading

To assess the qualitative measure of academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following four-point scale which is also used to determine academic standing:

| | | |
|-------------|-----|-----|
| 90 - 100% = | A = | 4.0 |
| 80 - 89% = | B = | 3.0 |
| 70 - 79% = | C = | 2.0 |
| 60 - 69% = | D = | 1.0 |
| Below 60% = | F = | 0.0 |

Non-credit Remedial Courses

Non-credit remedial courses have no effect upon the institution's satisfactory academic progress standards as no such courses are offered at NACCAS accredited schools.

Institutional Withdrawal

Withdrawing from the institution has no effect upon the student's satisfactory academic progress.

CONSEQUENCES OF FAILURE TO MEET SATISFACTORY ACADEMIC PROGRESS STANDARDS

Financial Aid Warning (FA Warning) – Students who fail to meet minimum requirements for completion or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Financial Aid Probation (FA Probation) – Students who fail to meet minimum requirements for completion rate or academic progress after the warning period will be notified of their termination of eligibility for Federal Student Aid funds. If the student files an appeal of academic progress and prevails, they will be placed on probation and considered to be making satisfactory academic progress during the probationary period. Students on financial aid probation remain eligible for Federal Student Aid funds. Students must be placed on an academic plan and must be able to meet requirements set forth in the academic plan by the end of the probationary evaluation period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Failed FA Probation or Exceeding 150% of the Program Length - Students who fail probation will lose their eligibility for Federal Student Aid for the program in which they are enrolled. Within 5 business days the Campus Director will counsel the student and complete a “FA Ineligible Letter” to determine if student will continue their program on a cash payment plan or be dropped from the program. A signed copy must be emailed to SRC group. A cash payment plan will need to be in place within 5 business days from the original notification of FA Ineligible status notification. If not received by the timeline outlined above, the SRC will email a notification to the COO for final decision to allow an extension or proceed with dropping immediately.

Maximum Timeframe (MTF) – For a program measured in credits, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured in credits. MTF includes all hours attempted, which include successfully completed credits, transfer credits, withdrawals, and repeated classes.

For a program measured in clock hours, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured by the number of scheduled clock hours the student is required to complete and expressed in calendar time.

Quantitative Evaluation - Students are required to complete a minimum of 66.67% of the scheduled clock hours or financial aid credits required based on the applicable program requirements to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The completion percentage is determined by dividing the total clock hours or financial aid credits attended/earned by the total number of clock hours or financial aid credits scheduled in the evaluation period. At the end of each evaluation period, Milan will determine if the student has maintained at least 66.67% cumulative completion rate which indicates that, given the same progression rate, the student will graduate within the maximum time frame [150%] allowed. Transfer clock hours or financial aid credits and those for which a student received a grade of “W,” “I” or “R” will also be included in the Quantitative Evaluation.

Qualitative Evaluation - The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned theory study and a minimum number of skill assignments as required for course completion. Academic progression is evaluated after each unit of study. Students must maintain an academic grade average of 2.0 or 70% and pass a final academic and skill exam prior to graduation. Students must make up failed or missed tests and/or courses. Grades for Transfer clock hours or financial aid credits and Withdrawal (W), Withdrawal Cancel (WC), Incomplete (INC) will not count towards Qualitative Evaluation. For Repeat classes, the latest grade will be included in the Qualitative Evaluation.

Evaluation Periods - Milan shall evaluate academic progress for all students at regular intervals (i.e., end of each payment period, academic year or program completion as detailed in the Program Overviews). Evaluations must be performed when a student reaches the scheduled hours of a payment period.

Appeal Procedure

A student who loses aid eligibility due to failure to maintain satisfactory academic progress may appeal the status. The student must submit a written appeal of the dismissal within one week of the date the school took action. The appeal should be addressed to the School Director. The reasons for which a student may appeal include death of a relative, an injury or illness of the student, death in the family, etc. Supporting documentation must accompany the written appeal. For example, an appeal based on illness of the student should include applicable medical documentation. After successful appeal, with an academic plan, the student will be placed on SAP Probation for the following evaluation/payment period. The student must be at satisfactory academic progress at the end of the probationary period or financial aid eligibility will be terminated.

The student's appeal must address the following:

- The basis for the appeal – description of the special circumstances and,
- The reason why the student failed to meet the SAP standard(s) and,
- What has changed in the student's situation so that he or she will now be able to meet SAP standards.

Students are allowed one appeal to remain eligible for financial aid in an academic program.

Leave of Absence / Temporary Interruptions – For students returning from an approved leave of absence, their contract period and maximum time frame will be extended by the same number of days taken in the leave of absence. Reasonable provisions will be provided for LOAs or other temporary interruptions, such as academic advising or review of material when resuming training.

SAP Re-Entry - Students who have violated FA Probation and have been dismissed shall not be eligible for financial aid in the same program of study. Students may have the opportunity to return in a different program of study and be eligible for financial aid with an additional Satisfactory Academic Progress appeal.

Re-enrollment/Re-entrance

Re-enrollment or re-entrance will be approved only after evidence is shown to the director's satisfaction that conditions which caused the interruption or unsatisfactory progress have been corrected. Re-entering students return to the institution in the same progress status as when they left.

LEAVE OF ABSENCE POLICY

Milan Institute permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, that there is a reasonable expectation that the student will return, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education, including pregnancy (including childbirth, false pregnancy, termination of pregnancy, and recovery therefrom), temporary disability, medical reasons, or other reasons such that the campus determines that an LOA is in the student's best interest.

A student may take multiple leaves of absence as long as the total leaves of absence do not exceed 180 days during any 12-month period.

However, an LOA will not be granted for any of the following reasons:

- The courses that the student needs are not available;
- The courses that the student needs are available, but the student declines to take them;
- An externship/internship site is not available for the student;
- A student is unable to pay tuition;
- The student is failing a course(s); or
- To delay the return of unearned federal funds.

Students requesting an LOA must submit a signed and completed Leave of Absence Request Form prior to the beginning date of the leave. If circumstances of an unusual nature that are not likely to recur prevent the student from submitting the request in advance, the leave may still be granted, but only if:

- The school documents the unforeseen circumstances, and the Education Leader, Education Leader or School Director determines that these circumstances meet the exception requirements (i.e., "of an unusual nature and not likely to recur"), for example, if a student were injured in a car accident and needed a few weeks to recover before returning to the institution, the student would not have been able to request the LOA in advance, and

- The student submits a signed and completed Leave of Absence Request Form. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.

Students granted an LOA that meets these criteria are not considered to have withdrawn, and no refund calculation is required at that time.

Re-Admission Following a Leave of Absence

- Upon return from leave, the student will be required to repeat the modules or class, if it had been interrupted, and receive final grades.
- The student will not be charged any fee for the repeat of any module or class from which the student took leave or for students returning from a leave of absence.
- The date the student returns to class is normally scheduled for the beginning of a class or module.
- When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

Extension of Leave of Absence

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Education Leader, Education Leader or School Director provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave.
- There is a reasonable expectation the student will return.
- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave.
- Appropriate modules or classes required for completion of the program will be available to the student on the date of return. If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date.
If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

Return from a Leave of Absence

A student must return from a LOA on or prior to the scheduled date of return.

Failure to Return from a Leave of Absence

If the student does not return from LOA as defined above, the student will be withdrawn. The withdrawal date will be the student's last day of attendance (LDA) for purposes of calculating a refund. A Title IV refund calculation will be completed using the last date of attendance prior to the start of the LOA.

Possible Effects of Leave of Absence

Students who are contemplating an LOA should be cautioned that one or more of the following factors may affect the length of time it will take the student to graduate.

- Students returning from a LOA are not guaranteed that the module or class required to maintain the normal progress in their training program will be available at the time of reentry
- They may have to wait for the appropriate module to be offered
- Financial aid may be affected
- The LOA could also affect the student's:

- Loan repayment terms, including the exhaustion of some or all of the student's grace period
- Rate of progress
- Maximum time frame for completion

RECORD OF ATTENDANCE

A time clock is used for general attendance records. Attendance records are maintained in a permanent file by the school and submitted monthly to the Texas Department of Licensure and Regulations. Any other records as may be required by the Texas Department of Licensure and Regulations will be maintained.

MAKE-UP WORK

Students who do not obtain a satisfactory score are required to re-take the test or another version of the test for that subject before the end of the month (or within the first five days of the following month) to obtain a satisfactory or better score. Students who miss a test due to an absence are encouraged to make up the test within the same month it was missed, but the school acknowledges that the student does have until the course completion to ensure that all requirements are met. Cumulative theory averages are based on tests taken from the beginning of the course through the month being evaluated.

GRADUATION REQUIREMENTS

Upon successful completion of the program students may be eligible to sit for the State licensing exam. Students in all programs must complete 100% of the program hours and all subjects outlined in their designated program with no grade under 75% in any subject to be eligible for graduation. All students are required to pass the school's final examination with a grade of not less than 75% on both practical and written exams prior to graduation.

LICENSING REQUIREMENTS

The general requirements for obtaining a cosmetology operator license, esthetician specialty license, or manicurist specialty license are that all applicants must:

- pass the State Board Examination;
- pay the required fee; and;
- not have committed an act that constitutes a ground for denial of the license.

In addition to the general requirements, an applicant for a cosmetology operator license is entitled to the license if the applicant:

- is at least 17 years of age;
- supplies proof of a high school diploma *or*;
- supplies proof of the equivalent of a high school diploma *or*;
- passes a valid examination administered by a certified testing agency that measures the person's ability to benefit from training
- completes 1,000 hours of instruction in a licensed beauty culture school

In addition to the general requirements, an applicant for a Class A Barber license is entitled to the license if the applicant:

- is at least 16 years of age;
- completes 1,000 hours of instruction in a licensed barber school

In addition to the general requirements, an applicant for an esthetician specialty license is entitled to the license if the applicant:

- is at least 17 years of age;
- supplies proof of a high school diploma *or*;
- supplies proof of the equivalent of a high school diploma *or*;
- passes a valid examination administered by a certified testing agency that measures the person's ability to benefit from training
- completes 750 hours of instruction in esthetics specialty through a commission approved training program

In addition to the general requirements, an applicant for a manicurist specialty license is entitled to the license if the applicant:

- is at least 17 years of age;
- supplies proof of a high school diploma *or*;
- supplies proof of the equivalent of a high school diploma *or*;
- passes a valid examination administered by a certified testing agency that measures the person's ability to benefit from training
- completes 600 hours of instruction in manicuring through a commission approved training program

The State Board Examination is administered in Austin, TX as scheduled by the Texas Department of Licensure and Regulations. The school will assist in scheduling the examination. A student permit is completed by the school certifying that the graduation requirements have been completed and the tuition has been paid. The student is responsible for all costs related to taking the exam.

*ACADEMIC
INFORMATION*

*MASSAGE THERAPY
PROGRAMS*

LAB AND PRACTICAL TRAINING

The usage of “Massage Therapy” in this section applies to students enrolled in the Massage Therapy program.

All of Milan Institute’s students receive lab and practical training. Massage Therapy students work with massage tables, massage chairs, towels, sheets, oils, lotions, and other equipment commonly found in clinics, health spas and other locations where massage is performed.

ORIENTATION

New students attend an orientation meeting before the start date of each program. This meeting is to welcome new students and introduce them to the school's policies and procedures. Students also attend a financial aid interview and orientation. Students have the opportunity to meet fellow students, school staff and instructors. Attendance and grading policies form a large part of the orientation information, which also includes projected graduation dates, holidays and vacations pertaining to the relevant enrollment period.

STUDENT RATIOS

An effort is made to keep instructor/student ratios at a level most appropriate to deliver effective education and to adhere to accreditation and/or state mandates or recommendations. The Massage Therapy programs have a maximum ratio of 1 instructor per 24 students. When needed additional instructors are provided to further reduce the instructor/student ratio.

ENROLLMENT POLICY

Class availability is available from the Admissions Office.

An academic year is equivalent to 900 clock hours and is a minimum of 30 weeks long. Each program is defined by its individual academic requirements, which are listed in the course description section of this catalog.

SATISFACTORY ACADEMIC PROGRESS

Satisfactory Academic Progress (“SAP”) is a requirement for all Milan Institute students. Students receiving funds under any Federal Title IV financial aid assistance programs must maintain satisfactory academic progress in order to continue eligibility for such funds. Progress is measured in terms of both attendance and course work. The SAP policy is provided to students prior to enrollment.

Evaluation Periods - Milan shall evaluate academic progress for all students at regular intervals (i.e., end of each payment period, academic year or program completion as detailed in the Satisfactory Academic Progress Master Program List). Evaluations must be performed when a student reaches the scheduled hours of a payment period.

All students are evaluated for Satisfactory Academic Progress at the end of the first payment period or midpoint of the program or academic year, and at the end of the program or academic year. An academic year in a clock hour program is a minimum of 900 clock hours AND 26 weeks. A week is considered any seven-day period from Sunday through Saturday in which at least one schedule class day occurs. Students must reach both scheduled hours and scheduled weeks in order to enter into the next payment period for evaluation to occur.

Clock Hour Program Massage Therapy

The student’s academic progress is evaluated at the point the student successfully is scheduled to complete the required clock hours and scheduled weeks for that payment period. Students must maintain (1) an accumulative grade point average of 2.0, and (2) an attendance rate of 67% of the scheduled hours.

To successfully complete a program the student must complete 100% of the program requirements within no more than 150% of the program length, measured in scheduled hours.

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory progress until the next scheduled evaluation.

If a student is granted credit for previous training or experience, the granted courses will not be assigned a letter grade but will be recorded with a grade of “pass,” which will not count towards the student’s grade point average calculation and will not affect the grade point average element of satisfactory academic progress. Transfer hours are included as completed hours for purposes of measuring rate of progress.

Transfer hours are accepted toward completion of a student’s program as both hours attempted and hours completed for the purpose of determining when the allowable maximum timeframe has been exhausted. SAP evaluation periods are based on scheduled contracted hours at the institution.

Grading

The school uses a four –point scale to determine academic standing according to the following grading chart:

| Letter Grade | Numerical Percentage | Description | Quality Points |
|--------------|----------------------|--------------------|----------------|
| A | 90 – 100% | Outstanding | 4.0 |
| B | 80 - 89% | Above Average | 3.0 |
| C | 70 – 79% | Average | 2.0 |
| D | 60 – 69% | Below Average | 1.0 |
| Fail | 0 – 59% | Failing | 0.0 |
| Pass | N/A | Pass | N/A |
| INC | N/A | Incomplete | N/A |
| W | N/A | Withdrawn | N/A |
| WC | N/A | Withdrawn – Cancel | N/A |
| Repeat | N/A | Repeated | N/A |

Failing (Fail): A student who unsuccessfully completes a course and receives a 59% or lower in required course elements receives a failing grade (Fail) for the course. Students who receive a failing grade (Fail) in a required course must repeat the course and receive a passing grade or receive transfer credit for the course in order to graduate. When the student repeats the course with a passing grade or receives transfer credit, original failing grade will be changed to a repeated grade (Repeat) on the transcript.

Passing (Pass): A student who is granted credit for previous training or experiential training will have the relevant courses assigned a passing grade (Pass), which will not affect the student’s grade point average and will not affect this element of satisfactory progress.

Incomplete (INC): An incomplete grade (INC) signifies not all the required coursework was completed during the course. Students receiving an incomplete grade (INC) will have two weeks from the end of the academic module to complete the required course work which will lead to the removal of the incomplete grade. An

incomplete grade (INC) will not be computed in the student's grade point average if the completed work is finished within the time frame specified in the grading policy. For credit hour courses, if the incomplete work is not finished within this time frame, the incomplete grade (INC) will revert to a letter grade based on an averaging of the grades achieved on all course work previously completed in the course. For clock hour courses, if the student did not complete the hours, the incomplete grade will become a Failing (F) grade.

Withdrawal – Cancel (WC): A student who elects to withdraw from his or her program of choice during the cancellation period will receive a withdrawal – cancel (WC) grade for all courses attempted or completed during the cancellation period. A grade of Withdrawal – Cancel (WC) will not count towards the quantitative evaluation.

Withdrawal (W): Students who are withdrawn from a course after the cancellation period will receive a withdrawal grade (W). In addition, students who are withdrawn from a program will receive a withdrawal grade (W) for all courses that were being attempted at the time of the withdrawal.

Repeat (Repeat): A student who repeats a previously attempted course will have the grade from the original attempt at the course changed to a repeated grade (Repeat) on the transcript.

CONSEQUENCES OF FAILURE TO MEET SATISFACTORY ACADEMIC PROGRESS STANDARDS

Financial Aid Warning (FA Warning) – Students who fail to meet minimum requirements for completion or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Financial Aid Probation (FA Probation) – Students who fail to meet minimum requirements for completion rate or academic progress after the warning period will be notified of their termination of eligibility for Federal Student Aid funds. If the student files an appeal of academic progress and prevails, they will be placed on probation and considered to be making satisfactory academic progress during the probationary period. Students on financial aid probation remain eligible for Federal Student Aid funds. Students must be placed on an academic plan and must be able to meet requirements set forth in the academic plan by the end of the probationary evaluation period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Failed FA Probation or Exceeding 150% of the Program Length - Students who fail probation will lose their eligibility for Federal Student Aid for the program in which they are enrolled. Within 5 business days the Campus Director will counsel the student and complete a “FA Ineligible Letter” to determine if student will continue their program on a cash payment plan or be dropped from the program. A signed copy must be emailed to SRC group. A cash payment plan will need to be in place within 5 business days from the original notification of FA Ineligible status notification. If not received by the timeline outlined above, the SRC will email a notification to the COO for final decision to allow an extension or proceed with dropping immediately.

Maximum Timeframe (MTF) – For a program measured in credits, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured in credits. MTF includes all hours attempted, which include successfully completed credits, transfer credits, withdrawals, and repeated classes.

For a program measured in clock hours, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured by the number of scheduled clock hours the student is required to complete and expressed in calendar time.

Quantitative Evaluation - Students are required to complete a minimum of 66.67% of the scheduled clock hours or financial aid credits required based on the applicable program requirements to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The completion percentage is determined by dividing the total clock hours or financial aid credits attended/earned by the total number of clock hours or financial aid credits scheduled in the evaluation period. At the end of each evaluation period, Milan will determine if the student has maintained at least 66.67% cumulative completion rate which indicates that, given the same progression rate, the student will graduate within the maximum time frame [150%] allowed. Transfer clock hours or financial aid credits and those for which a student received a grade of “W,” “I” or “R” will also be included in the Quantitative Evaluation.

Qualitative Evaluation The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students complete various in and out of class assignments, quizzes, projects, technical skills, and exams required for each course. Students are assigned theory study and a minimum number of practical assignments as required for course completion. Academic progression is evaluated after each course is completed. Students must maintain a grade point average of 2.0 or higher. Grades for Transfer clock hours or financial aid credits and Withdrawal (W), Withdrawal – Cancel (WC), Incomplete (INC) will not count towards Qualitative Evaluation. For Repeat classes, the latest grade will be included in the Qualitative Evaluation.

Leave of Absence / Temporary Interruptions – For students returning from an approved leave of absence, their contract period and maximum time frame will be extended by the same number of days taken in the leave of absence. Reasonable provisions will be provided for LOAs or other temporary interruptions, such as academic advising or review of material when resuming training.

SAP Re-Entry - Students who have violated FA Probation and have been dismissed shall not be readmitted to the same program if they have exceeded, or may exceed, MTF until they re-establish appropriate SAP standing (e.g., transfer credits, as appropriate).

Appeal Procedure

A student who loses aid eligibility due to failure to maintain satisfactory academic progress may appeal the status. The student must submit a written appeal of the dismissal within one week of the date the school took action. The appeal should be addressed to the School Director. The reasons for which a student may appeal include death of a relative, an injury or illness of the student, death in the family, etc. Supporting documentation must accompany the written appeal. For example, an appeal based on illness of the student should include applicable medical documentation.

After successful appeal, with an academic plan, the student will be placed on *SAP Probation* for the following evaluation/payment period. The student must be at satisfactory academic progress at the end of the probationary period or financial aid eligibility will be terminated.

The student’s appeal must address the following:

- The basis for the appeal – description of the special circumstances and;
- The reason why the student failed to meet the SAP standard(s) and;
- What has changed in the student’s situation so that he or she will now be able to meet SAP standards?

Students are allowed one appeal to remain eligible for financial aid in an academic program.

Leave of Absence / Temporary Interruptions – For students returning from an approved leave of absence, their contract period and maximum time frame will be extended by the same number of days taken in the leave of

absence. Reasonable provisions will be provided for LOAs or other temporary interruptions, such as academic advising or review of material when resuming training.

SAP Re-Entry - Students who have violated FA Probation and have been dismissed shall not be eligible for financial aid in the same program of study. Students may have the opportunity to return in a different program of study and be eligible for financial aid with an additional Satisfactory Academic Progress appeal.

Re-enrollment/Re-entrance

Re-enrollment or re-entrance will be approved only after evidence is shown to the director's satisfaction that conditions which caused the interruption or unsatisfactory progress have been corrected. Re-entering students return to the institution in the same progress status as when they left.

TEXAS DEPARTMENT LICENSING AND REGULATION (TDLR)

Massage Therapy Academic Advising

Massage Therapy students are also subject to the following academic standards.

Massage School Minimum Progress Standards.

Appropriate standards must be implemented to ascertain the progress of the students enrolled. Each massage school shall have a progress evaluation system of a type and nature to reflect whether the student is making satisfactory progress to the point of being able to complete all subjects within the allotted time provided in the pre-enrollment information.

The progress evaluation system shall be based on grading periods. A grading period shall not cover more than 25% of the required program hours.

A student who is making unsatisfactory progress at the end of a grading period shall be placed on probation for the next grading period. If the student on probation achieves satisfactory progress for the subsequent grading period but has not achieved the required grades for overall satisfactory progress, the student may be continued on probation for one more grading period.

When a student is placed on probation, that student will be counseled before returning to class, and the date, action taken, and terms of the probation shall be clearly indicated on the appropriate permanent records.

If the student on probation fails to achieve satisfactory progress for the first probationary grading period, the student's enrollment may be terminated.

The enrollment of a student who fails to achieve overall satisfactory progress for the program at the end of two successive probationary grading periods shall be terminated.

A student whose enrollment was terminated for unsatisfactory progress may reenter after a minimum of one grading period.

Refunds shall be made in accordance with the massage school's refund policy. The effective date of termination for purposes of refunds shall be the last day of the last probationary grading period.

Refunds shall be made in accordance with §117.66 of this title (relating to Massage School Cancellation and Refund Policy).

A student who returns after the enrollment was terminated for unsatisfactory progress shall be placed on probation for the next grading period. The student shall be advised of this action and the student's file

documented accordingly. If the student does not maintain satisfactory progress during or by the end of this probationary period, the student will be terminated.

ATTENDANCE POLICY

Massage Therapy Program

Massage Therapy students are also subject to the following academic standards.

The following outlines the minimum attendance standards. Milan Institute maintains attendance records for every class period.

The attendance policy shall require the termination of students who accumulate absences of:

- (1) 10 consecutive school days;
- (2) Milan Institute states that the date of determination that the student withdrew is no later than 14 days after the student's last date of attendance as determined by its attendance records.

Absence - Milan Institute expects students to attend all classes. The condensed nature of vocational training demands the same work attitudes required by employers.

Any time that a student misses time, they will be considered absent. Hours absent are deducted from total daily class time.

Example – Daily class time: 5 hours

Student misses 2 hours; time recorded in the Student Information System is 3 hours.

Student is considered absent for 2 hours.

Excused/ Unexcused absences

Milan Institute does not differentiate between excused and unexcused absences. Students are expected to call in if absent, for courtesy and responsibility, as if they were in the work environment.

MAKE UP TIME

Make-up work shall not be authorized for the purpose of removing an absence. Hours are to be completed at school after normal class hours and must be supervised by an instructor approved for the subject being made up. Make-up hours must be completed by the last day of the module in which the absence occurred. A make-up form must be completed, dated, and signed by the supervising instructor and student. All absences must be made up in order to graduate from the Massage Therapy programs.

LEAVE OF ABSENCE –

A leave of absence for reasonable purposes acceptable to the massage therapy educational program shall not exceed the lesser of thirty (30) school days or sixty (60) calendar days.

(1) A student shall be granted only one leave of absence for each 12-month period.

(2) Attendance records shall clearly show the dates for which the leave of absence was granted. A written statement as to why the leave of absence was granted, signed by both the student and the School Director of the massage therapy educational program indicating approval, shall be placed in the student's file.

(3) If the student fails to return from leave, the student will be automatically terminated and a refund made in accordance with the massage school's refund policy. The effective date of termination shall be the last day of the leave of absence.

CHEATING POLICY

Dishonesty includes, but is not limited to, cheating, plagiarism, knowingly assisting another student in cheating

or plagiarism, or knowingly furnishing false or misleading information to the school's instructors or administrative staff.

When a student is charged with cheating or plagiarism, and the instructor has proof to back up the charges, or a student admits to the charges when confronted, the instructor may handle the situation in the following ways:

1. Issue a written warning that will be put in the student's permanent academic file.
2. Issue the student an "F" or "0" on the assignment or test in question.
3. Issue the student an "F" for the entire class.
4. Refer the student to the School Director for disciplinary action, which may include suspension or dismissal from the school

REQUIRED STUDY TIME

In order to complete the required class assignments, students are expected to spend outside time studying. The amount of time will vary according to individual student abilities. Students are responsible for reading all study materials issued by the instructor and completing homework assignments.

INTERNSHIP

Clinical Training is offered on a different schedule than the classroom instruction. Students need to adjust their available hours when enrolled in Clinical Training. The School Clinic is normally open Tuesday thru Friday 1:00pm—9:30pm and Saturday from 9:00am—5:00pm. The normal progress through Clinical Training is 20 hours per week. Students may begin the Internship after successfully completing all other course requirements of the program. Students must complete the required practical services of the internship in order to graduate.

GRADUATION REQUIREMENTS

Milan Institute will award a Certificate of Completion to all students who successfully complete all graduation requirements. The school requires all students to meet their financial obligations and complete a financial aid exit interview prior to graduation.

Massage Therapy - Certificate of Completion

Students enrolled in the Massage Therapy program must pass all classes attempted, maintain a minimum 2.0 grade point average (70%/C), and complete 100% of the program hours. All required skills must be completed and verified by the instructor. Students must pass and receive certification in CPR and First Aid and complete 120 hours of clinical practice to be eligible for graduation.

Students interested in pursuing a career in the **Massage Therapy** field will be denied admissions to the school if convicted of a crime that is sexual in nature.

A person is ineligible for licensure:

Sec. 455.152. Ineligibility for Licensure

(a) A person is not eligible for a license as a massage establishment, massage school, massage therapist, or massage therapy instructor if the person is an individual and has been convicted of, entered a plea of nolo contendere or guilty to, or received deferred adjudication for an offense under Chapter 20A, Penal Code, or Subchapter A, Chapter 43, Penal Code, or another sexual offense.

The agency that grants Massage Therapy licenses in the State of Texas (Texas Department of Licensing and Regulation) also performs a criminal history background check using fingerprints to determine an applicant's eligibility to obtain a massage therapy license. Some employers who seek to hire our graduates conduct detailed

background checks before hiring applicants. Employers are reluctant to employ applicants who have been convicted of a crime.

LICENSING REQUIREMENTS DISCLOSURE

The State of Texas requires a State license to practice as a Massage Therapist. You must be at least 18 years old to obtain a license. New rules were adopted effective January 1, 2009. All applicants must have satisfactorily completed massage therapy studies in an accepted course of instruction (500 or 500+ hour course) and must pass an acceptable national exam:

Acceptable National Exams:

Federation of State Massage Therapy Boards (FSMTB) <http://www.fsmtb.org> 1-888-70-FSMTB
Massage and Bodywork Licensing Examination (MBLEx)

Examination fees, locations of test sites, and information on disability accommodations are available through the website listed above.

To be eligible for a Massage Therapist license an applicant must:

- (1) submit a completed application on a department-approved form;
- (2) pay the fee required under §117.100;
- (3) be at least 18 years of age;
- (4) submit a transcript(s) of all relevant course work, acceptable to the department;
- (5) provide proof of successfully passing the required exam;
- (6) provide proof of successfully passing the jurisprudence exam;
- (7) successfully pass a criminal history background check performed by the department in accordance with the Act, the department's criminal conviction guidelines, and pursuant to Texas Occupations Code, Chapters 51 and 53; and
- (8) satisfactorily complete massage therapy studies in a minimum 500-hour department approved course at a licensed massage school in which includes at least:
 - (A) 200 hours of massage therapy techniques and theory and the practice of manipulation of soft tissue, with at least 125 hours of Swedish massage therapy techniques;
 - (B) 50 hours of Anatomy;
 - (C) 25 hours of physiology;
 - (D) 50 hours of kinesiology;
 - (E) 40 hours of pathology;
 - (F) 20 hours of hydrotherapy;
 - (G) 45 hours of massage therapy laws and rules, business practices and professional ethics;
 - (H) 20 hours of health, hygiene, first aid, universal precautions, and cardiopulmonary resuscitation (CPR); and
 - (I) 50-hour internship program.

Massage Therapist License--Examination Requirements:

- (a) Unless otherwise indicated, all applicants must:
 - (1) pass a massage therapy examination approved by the department before submitting an application for licensure; and
 - (2) pass the department's jurisprudence examination before a license will be issued.
- (b) Examinations approved by the department must be broadly recognized for licensure purposes by other states that regulate massage therapists.

(c) Examination results must reflect that the applicant passed the examinations within two years of the application for licensure unless the applicant is currently licensed in another state or jurisdiction and is applying under §117.20.

(d) A license will not be issued until the department receives acceptable confirmation of passing examination scores.

COSMETOLOGY COURSE OUTLINE
1000 HOURS**INSTRUCTOR'S NAME:** _____**DESCRIPTION:**

The primary purpose of the Cosmetology Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Cosmetology or related career field. All classes are taught in English. The course is divided into 2 sections – Phase 1 and Phase 2. Phase 1 is 364 hours taught in minimum of 12 weeks for day students and 18 weeks for evening students, Phase 2 is the remainder of the program

OBJECTIVES:

Upon completion of the course requirements, the determined graduate will be able to:

- Project a positive attitude and a sense of personal integrity and self-confidence.
- Practice proper grooming and effective communications skills and visual poise.
- Understand employer/employee relationships and respect the need to deliver worthy service for value received.
- Perform the basic manipulative skills including hair styling, shaping, bleaching, tinting, chemical reformation, scalp/hair conditioning, facials, manicures, pedicures and nail extensions.
- Perform the basic analytical skills to determine proper makeup, hairstyle, and color application for the client's best overall look.
- Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, trends, fashions, and methods for career development in cosmetology and related fields.

FORMAT:

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

GRADING PROCEDURES:

To determine academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion **ONLY** when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a **FINAL** written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

GRADING SYSTEM:**WRITTEN AND PRACTICAL**90% – 100% **A**80% – 89% **B**70% – 79% **C**60% - 69% **D**Below 60% **F**Below 75% **BELOW STANDARDS/NEEDS IMPROVEMENT***

**COSMETOLOGY COURSE – TEXAS – 1000 Hours
REQUIRED PRACTICAL EXPERIENCES**

Policy and Regulatory agencies require students to complete an established number of practical experiences for satisfactory skills development and graduation. Practices may be completed on manikins, models, or clients. The requirements listed by category are the MINIMUM experiences that each student must successfully complete prior to graduation. More practices may be schedule BY THE INSTRUCTORS based on training NEEDS and clientele volume.

All assignments must be completed by each student as agreed upon in the Enrollment Agreement.

Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. The instructor will indicate the grade, the month and year in which it was completed, and the instructor initials in the applicable category. Practical skills are evaluated according to text procedures and industry performance standards. These criteria are stated in the Practical Cosmetology Skills Evaluation Criteria document. The criteria are explained to students and used uniformly when giving practical grades according to the following scale.

A satisfactory grade is based on meeting the minimum requirements in the following categories:

1. Preparation, Infection Control and Client Safety
2. Technique and Use of Implements
3. Client Communications (if applicable)
4. Desired Results

**Massage Therapy Program
600 Hours/30 Weeks Minimum**

Massage Therapy is a healing art with a history going back thousands of years. The first written records of massage therapy are from China, but the benefits of massage therapy were well known across the entire world. Those traditions of long ago are the roots of modern-day massage therapy.

In many countries today, massage therapists work side by side with other medical professionals. The demand for massage therapists has greatly increased over the past few years with the renewed interest in health and well-being that is sweeping the country.

OBJECTIVE:

The Massage Therapy Program is designed to meet the requirements of the Texas Department of Licensing and Regulation (TDLR) to become licensed as a Massage Therapist with the State of Texas. Upon completion of this program, the student will be eligible to apply and sit for an acceptable National exam required for licensure with the Texas Department of Licensing and Regulation (TDLR) .

This program differs from the Basic Massage Therapy program in that it offers additional hours of instruction in Spa Techniques as well as additional Internship hours.

MASSAGE THERAPY COURSE DESCRIPTIONS

Essentials EST111

This module is the entry point into the Massage Therapy program. It introduces students to anatomy, physiology, basic medical terminology, history of massage, introduction to massage protocols, and standards of ethics and professionalism. Students will gain familiarity with the major organ systems, cells, tissue, bones, muscles, joints, and other areas as well as basic technical knowledge, including an introduction to hygiene, sanitation methods, and safety standards. Students will learn the fundamental Swedish massage techniques, client protocol, draping, bodywork postures, and methods of recordkeeping. Students will gain an understanding of professional ethical behavior, boundary issues, and scope of practice, which will enable them to work more effectively with clients including Human Trafficking awareness.

Deep Tissue, Chair Massage, and Health and Hygiene DCH111

Prerequisite: Essentials

This module provides students with the skills to perform deep tissue and chair massage techniques, health and hygiene education, and kinesiology of the spine and thorax. Students will learn to perform deep tissue techniques for muscle redefinition by releasing stagnation, knots, and spasms that lie deep within the muscular tissue. In addition, they will develop therapeutic strategies to address acute and chronic muscular conditions while developing and maintaining proper body mechanics to prevent injury. During chair massage, defined as a compact, efficient style of bodywork performed through the clothing while the recipient is in a comfortable seated position, students will learn various techniques applied to the head, neck, shoulders, arms, and back while the client is sitting in a chair. Health and Hygiene education includes practical considerations such as clothing, jewelry, aerobic exercise, breathing exercises, yoga and meditation as well as postural integration techniques that balance, maintain and enhance the optimum stance and movement required when giving a massage while avoiding strain and injury to the therapist. Students will acquire a basic understanding of the disease process and how it affects the body. Students will learn and demonstrate the laws governing sanitation in the massage setting, practice basic sanitation techniques and develop a housekeeping plan. Cardiopulmonary (CPR) techniques and basic first aid procedures are presented.

Anatomy and Physiology, Reflexology APR111

Prerequisite: Essentials

This module offers massage therapy students an in-depth study of the organization and structure of the human body as well as the functions of the human body, reflexology, and kinesiology of the foot and leg and head and neck. Students will explore the major organ systems, explaining how and why the body works the way it does, with emphasis on the specialized needs of massage. In addition to exploring the body systems, students will study the physiological effects of massage on the body. Reflexology introduces students to the history, theory, and practice. Students will learn the zones on the feet, as well as the reflex points and their anatomical correspondences.

Pathology and Sports Massage Techniques PSM111

Prerequisite: Essentials

This module focuses on pathology for massage therapists, sports massage techniques including passive joint mobilization, and kinesiology of the shoulder and arm. During Pathology students will gain a basic understanding of the disease process and how it affects the body's functions. Students will learn the common diseases and disorders of each organ system, as well as indications and contraindications for massage. Students will study movement, including joint types, ranges of motion, and the lever-action muscle groups that act upon these joints. Students will be able to describe the interaction of agonistic, synergistic, and antagonistic muscle groups, and the interrelationship of these muscle groups. The focus on Sports Massage presents the benefits of massage used in conjunction with sports, considered by many athletes to be essential for peak performance with minimal risk of injury. Students will learn pre/post- sporting event massage techniques, as well as preventive and rehabilitation massage methods. Students will learn how to apply joint movements while the client remains passive (non-

Section D – San Antonio Only

moving or relaxed), leading to the loosening of holding patterns in various joints and resulting in a greater range of motion and reduced joint stress.

Prenatal, Pediatric and Spa Techniques PPS111

Prerequisite: Essentials

This module introduces students to prenatal and pediatric massage, kinesiology of the pelvis and thigh, hydrotherapy, aromatherapy and other popular spa techniques. Students will learn the applications of massage for the special needs of women during the prenatal and postpartum stages of pregnancy including the anatomical and physiological changes that occur with pregnancy while acquiring the massage skills appropriate for each stage of pregnancy. Indications and contraindications of massage during pregnancy will be covered as well as the signs and symptoms of high-risk pregnancies. In association with pregnancy massage, this technique to perform pediatric massage, including Swedish massage, relaxation techniques, and passive range-of-motion exercises will be presented. Students will be presented with an overview of the history, benefits, indications, and contraindications of aromatherapy, hydrotherapy, and spa techniques. Students will learn how to integrate the use of essential oils safely and effectively into a massage session, as well as learn the mechanisms and various forms of hydrotherapy, including therapeutic use of cold and hot applications, body wraps, scrubs, Hot Stones, and the use of hot and cold packs and compresses.

Business and Massage Techniques Practicum BMT111

Prerequisite: Essentials

This module focuses on massage business, kinesiology of the forearm and hand, and massage techniques practicum. Business concepts related to massage therapists include laws and ordinances governing massage therapy, legal structures, compliance with tax laws, business structures, career paths, business plans, marketing, practice building, office procedures, record keeping, professional affiliations, professional ethics and professional referrals. Students will learn how to communicate with clients and associates effectively and professionally, determine permit requirements, navigate legal aspects, and keep records. Students will gain an understanding of the professional standards, code of ethics, HIPAA, and scope of practice necessary to build a strong foundation for a successful career in massage therapy. During the massage practicum students will practice and improve their massage techniques with guided instructor support.

Clinical Internship MTI120

Prerequisite: Essentials and Clinic Orientation

Upon successful completion of the 480 hour classroom requirement, the student will begin the internship of the program. This course presents the opportunity for students to practice on clients drawn from the general public and to practice the techniques they have learned in their previous course work. Internship supervisors will evaluate the student intern and will provide further assistance in this hands-on practice. Students will fine-tune their communication and record-keeping skills with a wide variety of clients.

Milan Institute uses the following midpoints to evaluate Satisfactory Academic Progress:

600 Hour/30 Weeks Program:

1st Evaluation Period: 300 Hours/at least 15 Weeks

2nd Evaluation Period: 600 Hours/at least 30 Weeks

Administrative Medical Assistant

780 Hours/36 Weeks/56 Quarter Credits/36 FA Units

The Administrative Medical Assistant is a very important part of the medical office. He or she is normally the first and last person patients see when they come to a medical office. Doctors depend on their Administrative Medical Assistant every day for important and accurate patient information.

Administrative Medical Assistant duties vary from office to office, but normally include setting appointments, organizing patient files and information, completing insurance forms and information, patient billing, and medical coding. An Administrative Medical Assistant must understand and be able to interpret medical terminology and be comfortable working with the public.

Program Purpose and Mission

The purpose and mission of the Administrative Medical Assistant program is to prepare students to enter the health professions field as an administrative medical assistant.

Program Description and Objectives

The Administrative Medical Assistant program is designed to prepare students to enter the health professions field as an administrative medical assistant. Students will be able to function at an entry-level position in a variety of settings including, but not limited to, medical offices, hospitals and medical clinics.

Occupations and Standard Occupational Classification Codes

PROGRAM TITLE: BARBERING

1500 hours

PROGRAM MISSION:

The mission of the program is to train students in the Barbering skills necessary to pass the State Board examination and to obtain related employment in the field.

PROGRAM PURPOSE:

The primary purpose of the Barbering Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Barbering or related career fields.

PROGRAM DESCRIPTION:

The Barbering program provides the student with the knowledge and skills of the practice of hair and shaving services. The program provides students technical instruction and practical training in the areas of hair dressing, health and safety, and shaving. All classes are taught in English. The course is divided into 2 sections – Phase 1 and Phase 2. Phase 1 is 360 hours taught in a minimum of 12 weeks for Day Sessions and 18 weeks for evening students.

PROGRAM OBJECTIVES:

Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming and effective communications skills and visual poise.
3. Understand employer-employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic manipulative skills including hair styling, shaping, bleaching, tinting, chemical reformation, scalp/hair conditioning, shaving techniques, and facial services.
5. Perform the basic analytical skills to determine proper hairstyle and color application for the client's best overall look.
6. Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

OCCUPATIONS AND STANDARD OCCUPATIONAL CLASSIFICATION CODES:

Barbering CIP Code 12.0402

REQUIREMENTS FOR COMPLETION OF THE PROGRAM:

Students must complete all subjects outlined in their designated program with no grade under 75% in any subject to be eligible for graduation. All students are required to pass the school's final examination with a grade of not less than 75% on both practical and written exams prior to graduation.

Reference materials subject to change.

METHODS OF PRESENTATION:

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

TESTING POLICY:

Section F - Clovis, CA, Merced, CA, and Bakersfield, CA Only

Theory knowledge will be evaluated after each unit of study. Students will also be required to pass written finals at the end of Phase 1, at mid-term and the end of the program. Practical Skills will be tested with a Practical Exam at the completion of Phase One Training, at mid-point and at the completion of approximately 1400 hours. Students are required to attend specific hours of technical instruction (theory) in each subject area in order to graduate. A student must complete the minimum hours in each subject in order to graduate and be eligible to take the state board exams.

EVALUATION METHODS:

To determine academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study with a written assessment. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are calculated according to the following scale:

GRADING SYSTEM:

WRITTEN AND PRACTICAL

| | | |
|------------|---|----|
| 90% - 100% | = | A |
| 80% - 89% | = | B |
| 70% - 79% | = | C* |
| 60% - 69% | = | D |
| Below 60% | = | F |

BELOW 75% = BELOW STANDARDS/NEEDS IMPROVEMENT*

*All Assessments (practical and/or written) must be passed with 75% or higher to graduate

KNOWLEDGE AND SKILL OBJECTIVES:

Important Notification – the minimum hours of technical instruction hours per subject must be completed to be eligible for completion and state board exams. In addition, the minimum number of operations and operation hours must be completed to be eligible for completion and state board exams. Depending on how long a student needs to complete the required number of practical operations, a student may exceed the total number of hours required in a subject, or may not have the minimum hours required in a subject. If a student does not have meet the total number of hours required, the student will need to complete additional hours to meet the requirements in that subject.

At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

GRADING SYSTEM:

WRITTEN AND PRACTICAL

| | | |
|-------------------|----------|-----------|
| 90% - 100% | = | A |
| 80% - 89% | = | B |
| 70% - 79% | = | C* |
| 60% - 69% | = | D |
| Below 60% | = | F |

BELOW 75% = BELOW STANDARDS/NEEDS IMPROVEMENT*

*All Assessments (practical and/or written) must be passed with 75% or higher to graduate

KNOWLEDGE AND SKILL OBJECTIVES:

Important Notification – the minimum hours of technical instruction hours per subject must be completed to be eligible for completion and state board exams. In addition, the minimum number of operations and operation hours must be completed to be eligible for completion and state board exams. Depending on how long a student needs to complete the required number of practical operations, a student may exceed the total number of hours required in a subject, or may not have the minimum hours required in a subject. If a student does not have meet the total number of hours required, the student will need to complete additional hours to meet the requirements in that subject.

COSMETOLOGY COURSE OUTLINE

1600 HOURS

INSTRUCTOR'S NAME: _____

DESCRIPTION: The primary purpose of the Cosmetology Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Cosmetology or related career field. All classes are taught in English. The course is divided into 2 sections – Phase 1 and Phase 2. Phase 1 is taught in minimum of 12 weeks for day students and 18 weeks for evening students, Phase 2 is the remainder of the course.

OBJECTIVES: Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming and effective communications skills and visual poise.
3. Understand employer-employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic manipulative skills including hair styling, shaping, bleaching, tinting, chemical reformation, scalp/hair conditioning, facials, manicures, and pedicures.
5. Perform the basic analytical skills to determine proper makeup, hairstyle, and color application for the client's best overall look.
6. Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, trends, fashions, and methods for career development in cosmetology and related fields.

FORMAT: The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

Dental Assistant

780 Hours/36 weeks/55 Quarter Credits/36 FA Units

Dental Assistants perform a variety of duties in a dental office. In the front office, they may schedule and confirm appointments, welcome patients to the office, send bills, process payments, and inventory supplies.

Dental Assistants also assist the dentist during the examination and treatment of patients by handing required instruments to the dentist and using the suction or other instruments to keep the patient's mouth clear. Dental Assistants also prepare instrument trays and assist patients with dental health care. Some Dental Assistants will make dental impressions, remove sutures, and apply anesthetics to the gingiva (gums) and cavity preventatives to teeth.

Dental Assistants must be reliable, work well with others, and have good manual dexterity.

Objective

The Dental Assistant Program is designed to prepare students to function competently in entry-level positions in a dental office setting.

Occupations

Dental Assistant 31-9091.00

Training Program

The training program is divided into seven learning units called modules. Students must complete Strategies for Success prior to beginning modules A through G, starting with any module and continuing in any sequence until all seven modules are completed. Modules A through G are stand alone and are not dependent upon previous training. Upon successful completion of Strategies for Success and all modules, students participate in a 180-hour externship.

Course Descriptions

Strategies for Professional Success SPS 111

Strategies for Professional Success is an introductory course that is a pre-requisite for all students to successfully complete prior to beginning their subject matter course. Strategies for Professional Success is designed to prepare students with the basic skills to be successful in school, career, and life by emphasizing flexibility, critical thinking, resiliency, accountability, and leadership. Students will receive basic technology training to successfully navigate their digital eBooks and resources. In addition to life strategies this course provides students an opportunity to begin preparing for externship and employment by focusing on skills necessary for career success. Students will practice completing job applications, resumes, cover letters, thank you notes, and practice interview techniques. Student will demonstrate professional appearance and workplace etiquette, understand the expectations of professional workplace communication including email and social media, recognize the effects of personal financial responsibility and literacy, and gain knowledge of strategies for retaining employment.

Dental Assistant Course Descriptions

Administrative Procedures, Oral Health, Periodontics AOP111

Upon completion of this course, the student will gain knowledge and be able to demonstrate various administrative procedures, including appointment scheduling, telephone etiquette, dental records management, inventory control, and describe law / ethics as it pertains to the practice of dentistry. Students will become familiar with various dental specialties including their educational requirements along with a deep understanding of HIPAA regulations and dental office compliance. Additionally, this course will familiarize the student with professionalism in the workplace, oral health, preventive dentistry, patient education, the mechanics of coronal polishing, and placement of dental sealants. An overview of periodontics, along with instrumentation, materials, and periodontic procedures will be offered.

Anatomy & Morphology ANM111

Upon completion of this course, students will be able to identify the anatomy and physiology of the head and neck as they relate to dentistry. This includes; muscles, nerves, bones of the cranium, form and function of the hard and soft oral structures, tooth surface and structures, and cavity classifications. Students will also become familiar with proper chair side techniques associated with patient charting and correct use of dentistry symbols, local anesthetic, handling and loading of the syringe and needle, identifying injection sites, and other methods for pain management.

Dental Science SCI111

Upon completion of this course, students will be able to describe the methods of disease transmission in the dental office and the principles of disease control, OSHA regulations and waste management. Students will learn about the effects of exposure to chemicals, methods of chemical exposure, and explain the purpose of MSDS. Students will be able to describe the parts of a prescription, describe how drugs are administered, and identify drug schedules. Also discussed will be dental office emergencies, prevention, emergency equipment, and the role of the dental team.

Operative & Chair Side Assisting ONC111

Upon completion of this course, students will be able to explain the process and demonstrate procedures in four-handed dentistry. Students will identify hand pieces and instruments, their uses and care. In addition, students will explain the use of cements and filling materials when used in restorative procedures, and describe the steps in cavity preparation. Medical and dental histories along with the steps in working directly with patients is also discussed and practiced as part of this course.

Dental Radiology RAD111

Upon completion of this course, students will be introduced to the operation of dental x-ray equipment and radiation safety and techniques. The student will be instructed on techniques used to expose intra and extra-oral films, process, mount and evaluate radiographs, and follow all infection control protocols.

Laboratory Procedures LPR111

Upon completion of this course, students will be introduced to primary and secondary impression materials, the theory and practice of prosthetic dentistry, identifying the types and uses of provisional coverage, bleaching processes and the techniques associated with each.

Dental Specialties SPE111

Upon completion of this course, students will learn about the difference in dental specialties such as: Oral and Maxillofacial Surgery, Oral Pathology, Endodontics, Orthodontics, and Pediatric Dentistry. Emphasis is given to step-by-step procedures, function, use, and care of dental equipment, materials, instrumentation, and supplies used in each. Also covered is instruction on CPR and First Aid with certification being obtained.

Externship DXT111

Dental Assistant students will use the skills and knowledge they have acquired throughout the program to train at an off-site dental facility to gain additional experience.

Upon completion of this course and successfully passing a written and practical exam, the student will be certified in the state of California in Dental Radiography. Students will be able to operate dental x-ray equipment, understand and utilize radiation safety and processing procedures. The student will be able to perform procedures involved in exposing, processing, interpreting and evaluating dental radiographs. This course will also educate the student on properties and characteristics of radiation hazards, special radiographic techniques. Students will be required to expose radiographs on manikins and clinical patients. In addition, the student will be able to correctly assemble a restorative dental instrument tray, explain and/or describe the uses of each instrument and/or materials. They will also be able to identify and demonstrate the use of a high speed, low speed and prophylaxis hand-pieces, as well as the care and maintenance of each.

Oral Pathology and Nutrition Unit OPN112

Upon completion of this course the student will understand how nutrition can affect oral conditions, and explain the role of vitamins and minerals in the daily diet. The student will also be able to describe the relationship between diet and dental caries. Students will be able to label the components of the periodontium, describe the characteristics of gingivitis, and describe oral conditions of patient with eating disorders. The student will be able to identify and manipulate dental materials used, such as bases and liners, temporary and permanent cements. Students will identify the roles of these materials in tooth restoration procedures. Instruction covers listing the indications and contraindications for the use of amalgam and composite resins, and gold and porcelain restorations.

Coronal Polish & Pit and Fissure Sealants CPF112 (this course may be taken as a stand-alone course)

Upon completion of this course and passing a written and practical exam, the student will be certified in coronal polish and dental sealant procedures. Students will understand the procedures, instrumentation and materials involved in pit and fissure sealants, coronal polish techniques. Students will be able to assemble dental instrument trays, select appropriate materials and supplies for pedodontic procedures, including fluoride treatments and stainless steel crowns. At course conclusion, students will also be able to explain the laws as they pertain to reporting suspected child abuse. The RDA duties and skills utilized in these specialty areas will be emphasized.

Lab Procedures LAB112

Upon completion of this unit, the student will understand the instrumentation and procedures involved in Restorative Dentistry, how to assemble and place a tofflemire matrix band, how to fabricate a custom provisional crown, and how to size and cement a stock aluminum temporary crown. Students will also be able to describe the differences between the six cavity classifications. The RDA duties and skills utilized in these specialty areas will be emphasized. Students will also understand the fundamentals of taking tooth shades for crown and bridge, fabrication and cementation of provisional crown and bridge, as well as assisting in the delivery of full dentures. The RDA duties and skills utilized in these specialty areas will be emphasized.

Dental Specialties SPE112

Upon completion of this course the student will know the DA and RDA duties routinely performed in Endodontics, Dental Implants, and Oral Surgical procedures, including the legal considerations under which they are to be practiced. Students will also receive instruction on the proper use of a conscious sedation unit. Emphasis is given to step-by-step procedures, including commonly used instruments and materials involved. The student will know the DA and RDA duties routinely performed in Orthodontic and Periodontic procedures, including the ability to take intra- and extra-oral photographs, as well as understand the legal considerations under which they are to be practiced. Students will also be able to identify specific dental instruments and materials used in these areas of dentistry. Emphasis is given to step-

PROGRAM TITLE: ESTHETICIAN

600 hours

INSTRUCTOR'S NAME: _____**PROGRAM MISSION:**

The mission of the program is to train students in the Esthetics skills necessary to pass the State Board examination and to obtain related employment in the field.

PROGRAM PURPOSE:

The primary purpose of the Esthetician Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Esthetics or related career field.

PROGRAM DESCRIPTION:

The Esthetician program provides the student with the knowledge and skills of the practice of skin services. The program provides students technical instruction and practical training in the areas of facials, health and safety, creative hair removal and makeup. All classes are taught in English.

PROGRAM OBJECTIVES:

Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming and effective communications skills and visual poise.
3. Understand employer/employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic skin care services, work with facial machines, hair removal and makeup.
5. Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

OCCUPATIONS AND STANDARD OCCUPATIONAL CLASSIFICATION CODES:

Skin Care Specialist 39-5094.00

REQUIREMENTS FOR COMPLETION OF THE PROGRAM:

Students must complete all subjects outlined in their designated program with no grade under 75% in any subject to be eligible for graduation. All students are required to pass the school's final examination with a grade of not less than 75% on both practical and written exams prior to graduation.

METHODS OF PRESENTATION:

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career oriented activities. The course is presented through well-developed lesson plans, which reflect current educational

methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

TESTING POLICY:

Theory knowledge will be evaluated after each unit of study. Students will also be required to take a written, phase one final exam, a mid-term and a final exam. Practical Skills will be tested with a Practical Exam at the completion of Phase One Training, Mid Term at the completion of approximately 300 hours and Final at the completion of approximately 500 hours or more. A student must complete the minimum hours in each subject in order to graduate and be eligible to take the state board exams.

EVALUATION METHODS:

To determine academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing

agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments.

REQUIRED PRACTICAL EXPERIENCES

Policy and Regulatory agencies require students to complete an established number of practical experiences for satisfactory skills development and graduation. Practices may be completed on manikins, models, or clients. The requirements listed by category are the MINIMUM experiences that each student must successfully complete prior to graduation. More practices may be schedule BY THE INSTRUCTORS based on training NEEDS and clientele volume.

All assignments must be completed by each student as agreed upon in the Enrollment Agreement.

Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school.

A satisfactory grade is based on meeting the minimum requirements in the following categories:

1. Preparation, Infection Control and Client Safety
2. Technique and Use of Implements
3. Client Communications (if applicable)
4. Desired Results

PRACTICAL REQUIREMENTS

- 100 INFECTION CONTROL and PREVENTION, DISINFECTION, AND SANITATION:** The act of preventing the growth of germs and bacteria or destroying them to protect the health and safety of the consumer as well as the technician. Students must perform daily sanitation tasks on implements, equipment and facilities to prevent the spread of disease and bacteria. Disinfecting instruments and equipment will be emphasized throughout training.
- 80 MANUAL FACIALS:** Client preparation, treatment area setup, product selection, skin analysis/disorders/skin typing and care, manual facials including cleansing, scientific manipulations, packs and masks, and massaging of the body/face, facial and back movements, selecting and incorporating movements; shiatsu for the face; reflexology for the face; stones for estheticians; thermotherapy and pressure therapy; other specialty components
- 80 FACIALS with MACHINES:** Client preparation, treatment area setup, product selection, skin analysis/disorders/skin typing, and care, machine facials including the use of electrical/mechanical modalities and apparatuses including Microdermabrasion and other devices available.
- 80 HAIR REMOVAL:** Use of tweezers, hard and soft waxes, sugaring, electric or manual and depilatories for removal of superfluous hair.
- 40 MAKEUP and EYELASH APPLICATIONS:** Skin analysis, complete and corrective makeup, eyelash application, eyelash and eyebrow tinting, eyebrow arching, lash techniques, and body hair lightening.
- 80 FACIAL & SKIN TREATMENTS:** Client preparation, treatment area setup, product selection, skin analysis and consultation, skin types/conditions/disorders, facial procedures and treatments

METHODS OF PRESENTATION:

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation, and job entry level skills. Equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation, small group discussion, classroom discussion, cooperative learning techniques, problem solving activities, interactive lectures, lab practice, presentations, and student salon activities. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

TESTING POLICY:

Theory knowledge will be evaluated after each unit of study. Students will also be required to pass comprehensive academic exams at the end of Phase 1, at mid program (300 scheduled hours) and the end of the program (550 scheduled hours). Technical Skill competency will be evaluated at the completion of Phase 1, at mid program and at the completion of approximately 550 scheduled hours. A student must complete the minimum hours in each content area to graduate and be eligible to take the state board academic exam.

EVALUATION METHODS:

To determine academic progress, students are assigned theory study and a minimum number of technical skill competency evaluations. Theory is evaluated after each unit of study with an academic assessment. Technical skill assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two technical skill competency evaluations will be conducted during the course of study. Technical skills are evaluated according to text procedures and as set forth in the technical skill competency evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a FINAL academic and technical skill competency evaluation prior to graduation. Students must make up failed or missed tests and incomplete assignments.

Numerical grades are considered according to the following scale:

Massage Therapy

740Hours/34 Weeks

Massage Therapy is a healing art with a history going back thousands of years. The first written records of massage therapy are from China, but the benefits of massage therapy were well known across the entire world. Those traditions of long ago are the roots of modern-day massage therapy.

In many countries today, massage therapists work side by side with other medical professionals. The demand for massage therapists has greatly increased over the past few years with the renewed interest in health and well-being that is sweeping the country.

The mission of the program is to train students in the massage therapy skills necessary to function competently as a professional massage therapist in a variety of settings.

Program Mission

The mission of the Massage Therapy program is to prepare the student to function competently as a professional massage therapist.

Program Purpose

The primary purpose of the Massage Therapy program is to prepare the student in the best of Eastern, Western, ancient modalities, and the latest skills and techniques to function competently as a professional massage therapist.

Program Description and Objectives

A program that prepares students to provide relief and improved health and well-being to clients through the application of manual techniques for manipulating skin, muscles, and connective tissues. The unique curriculum contains the best of Eastern, Western, ancient modalities and the latest skills and techniques. The student will receive ample hands-on training and knowledge required to function in a variety of settings including massage clinics, hospitals, doctors' offices, sporting events and more.

Training Program

This training program is divided into learning units called modules. Students must complete in sequence Welcome to Milan and Essentials as prerequisites prior to beginning any other module and continuing in any sequence until all modules are completed. Modules are stand alone and are not dependent upon previous training. Students participate in an internship.

Course Descriptions

Welcome to Milan WTM111

Welcome to Milan is an introductory orientation that is a pre-requisite for all students to successfully complete prior to beginning their subject matter course. Welcome to Milan is designed to prepare students with the basic knowledge of policies, procedures, and guidelines to be successful as a Milan Institute student.

Massage Therapy Course Descriptions

Essentials EST121

This module is the entry point into the Massage Therapy program. It introduces students to anatomy, physiology, medical terminology, history of massage, introduction to massage protocols, and standards of ethics and professionalism. Students will gain familiarity with the major organ systems, cells, tissue, bones, muscles, joints, and other areas as well as basic technical knowledge, including an introduction to hygiene, sanitation methods, and safety standards. Students will learn the fundamental Swedish massage techniques, client protocol, draping, bodywork postures, and methods of recordkeeping. Students will gain an understanding of professional ethical behavior, boundary issues, and scope of practice, which will enable them to work more effectively with clients.

Anatomy and Physiology ANP122

This module offers massage therapy students an in-depth study of the organization and structure of the human body as well as the functions of the human body. Students will explore the major organ systems, explaining how and why the body works the way it does, with emphasis on the specialized needs of massage students. In addition to exploring the body systems, students will study the physiological effects of massage on the body.

Movement Arts MAR123

In this module, students will be introduced to kinesiology, sports massage, and passive joint mobilization. Students will study movement, including joint types, ranges of motion, and the lever-action muscle groups that act upon these joints. Students will be able to describe the interaction of agonistic, synergistic, and antagonistic muscle groups, and the interrelationship of these muscle groups. The focus on Sports Massage presents the benefits of massage used in conjunction with sports, considered by many athletes to be essential for peak performance with minimal risk of injury. Students will learn pre/post- sporting event massage techniques, as well as preventive and rehabilitation massage methods. Students will learn how to apply joint movements while the client remains passive (non- moving or relaxed), leading to the loosening of holding patterns in various joints and resulting in a greater range of motion and reduced joint stress.

Pathology and Eastern Arts PEA124

This module focuses on pathology for massage therapists as well as Shiatsu and Acupressure. During Pathology students will gain a basic understanding of the disease process and how it affects the body's functions. Students will learn the common diseases and disorders of each organ system, as well as indications and contraindications for massage. During the focus on Eastern Arts, students will learn the theory and practice of Shiatsu and Acupressure massage, including the foundations of traditional Chinese medicine including the classical theories of yin and yang, the five phases, the concept of Qi, meridian theory as it relates to massage, and breathing and mind-body centering techniques. Students will learn the basic skills and techniques enabling them to demonstrate a full body Shiatsu massage. Students will demonstrate hands on techniques for giving and receiving acupressure's therapeutic and transformational system of touch that promotes healing, increases energy, and relieves emotional stress.

Deep Tissue and Business DTB125

This module provides students with the skills to perform various deep tissue massage techniques and focuses on Business Management and Law. Students will learn to perform deep tissue techniques for muscle redefinition by releasing stagnation, knots, and spasms that lie deep within the muscular tissue. In addition, they will develop therapeutic strategies to address acute and chronic muscular conditions while developing and maintaining proper body mechanics to prevent injury. Business Management and Law focuses on issues necessary to build and maintain a massage practice. Students will learn how to communicate with clients and associates effectively and professionally, determine permit requirements, navigate legal aspects, keep records, and understand tax information. Students will gain an understanding of the professional standards, code of ethics, and scope of practice necessary to build a strong foundation

for a successful career in massage therapy. This module also provides education on HIPAA regulations.

Massage Therapy Course Descriptions

Massage Techniques and CPR MTC126

In this module students will learn about various massage techniques including prenatal and pediatric, chair, and reflexology. Students will receive instruction on client evaluations using SOAP note format and complete CPR and First Aid education. Students will learn the applications of massage for the special needs of women during the prenatal and postpartum stages of pregnancy including the anatomical and physiological changes that occur with pregnancy while acquiring the massage skills appropriate for each stage of pregnancy. Indications and contraindications of massage during pregnancy will be covered as well as the signs and symptoms of high-risk pregnancies. In association with pregnancy massage, this technique to perform pediatric massage, including Swedish massage, relaxation techniques, and passive range-of-motion exercises will be presented. During chair massage, defined as a compact, efficient style of bodywork performed through the clothing while the recipient is in a comfortable seated position, students will learn various techniques applied to the head, neck, shoulders, arms, and back while the client is sitting in a chair. Along with the chair massage sequence, marketing techniques and strategies will be presented. Reflexology introduces students to the history, theory, and practice. Students will learn the zones on the feet, as well as the reflex points and their anatomical correspondences. While students massage routines on each other, they will receive instruction on properly completing client evaluations using intake forms and entering SOAP notes.

Spa Techniques and Practical Anatomy STP127

This module introduces students to aromatherapy, hydrotherapy, and other popular spa techniques as well as providing students hands on experience with practical anatomy application. Students will be presented with an overview of the history, benefits, indications, and contraindications of aromatherapy and hydrotherapy. Students will learn how to integrate the use of essential oils safely and effectively into a massage session, as well as learn the mechanisms and various forms of hydrotherapy, including body wraps, scrubs, Hot Stones, and the use of hot and cold packs and compresses. Practical Anatomy is designed to give students practical hands-on experience in locating, palpating, and defining the location of various muscles and anatomical landmarks, including a systematic investigation of the attachment sites and innervations of the major muscles relative to the different regions of the body.

Clinical Internship MTC141

Prerequisite: Essentials and Clinic Orientation

In the student clinic, students will have the opportunity to practice massage techniques that they have learned in their previous coursework. Students will be able to fine tune their communication and record-keeping skills with a wide variety of clients.

ADVANCED COSMETOLOGY – COURSE OUTLINE
1300 HOURS**INSTRUCTOR'S NAME:** _____**DESCRIPTION:**

The primary purpose of the Cosmetology Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Cosmetology or related career field. All classes are taught in English. The course is divided into 3 sections – Phase 1 and Phase 2 and Advanced. Phase 1 is 360 hours taught in a minimum of 12 weeks for Day Sessions and 18 weeks for evening session. Phase 2 begins after Phase 1 requirements and hours have been met. Upon completion of the 1000-hour Cosmetology program (all hours, technical skills, and academics), the student will start Advanced Cosmetology education. Advanced education is comprised of five (5) 60-hour modules. Each module explores a deeper study into the subject matter to support student success in his/her Cosmetology career by offering more diverse services to clients. The modules may be completed in any order based on a rotation. A student must start at the beginning of a module: Eyelash Extension Education, Make up Education, Hair Extensions Education, Tapers and Fades Education, and Skin Care Education.

OBJECTIVES:

Upon completion of the course requirements, the determined graduate will be able to:

- Project a positive attitude and a sense of personal integrity and self-confidence.
- Practice proper grooming and effective communications skills and visual poise.
- Understand employer/employee relationships and respect the need to deliver worthy service for value received.
- Perform the basic manipulative skills including hair styling, shaping, bleaching, tinting, chemical reformation, scalp/hair conditioning, facials, manicures, pedicures and nail extensions.
- Perform the basic analytical skills to determine proper makeup, hairstyle, and color application for the client's best overall look.
- Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, trends, fashions, and methods for career development in cosmetology and related fields.

FORMAT:

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

GRADING PROCEDURES:

To determine academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion **ONLY** when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 75% and pass a **FINAL** written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

GRADING SYSTEM:**WRITTEN AND PRACTICAL**90% – 100% **A**80% – 89% **B**70% – 79% **C**60% - 69% **D**Below 60% **F**Below 70% **BELOW STANDARDS/NEEDS IMPROVEMENT***

***All Assessments (technical and academic) must be passed with a 75% grade or higher**

Milan Institute utilizes synchronous distance education, using a Learning Management System coupled with a web-based attendance monitoring system, to facilitate academic education up to the total lecture hours listed per course.

PROGRAM TITLE: ADVANCED COSMETOLOGY

1300 hours

PROGRAM MISSION:

The mission of the program is to train students in the Cosmetology skills necessary to pass the State Board examination and to obtain related employment in the field.

PROGRAM PURPOSE:

The primary purpose of the Advanced Cosmetology Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in entry level positions in Cosmetology or related career field.

PROGRAM DESCRIPTION:

The primary purpose of the Advanced Cosmetology Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Cosmetology or related career field as well as to provide students additional knowledge and skills to support career success in the beauty industry. All classes are taught in English. The course is divided into 3 sections – Phase 1 and Phase 2 and Advanced Cosmetology. Phase 1 is 360 hours taught in a minimum of 12 weeks for Day Sessions and 18 weeks for evening session. Phase 2 begins after Phase 1 requirements and hours have been met. Upon completion of the 1000-hour Cosmetology program (all hours, technical skills, and academics), the student will start the Advanced Cosmetology education. Advanced Cosmetology education is comprised of five (5) 60-hour modules. Each module explores a deeper study into the subject matter to support student success in his/her Cosmetology career by offering diverse services to clients. The modules may be completed in any order based on a rotation. A student must begin at the beginning of a module: Eyelash Extension Education, Make up Education, Hair Extensions Education, Tapers and Fades Education, and Skin Care Education.

PROGRAM OBJECTIVES:

Upon completion of the course requirements, the determined graduate will be able to:

1. Project a positive attitude and a sense of personal integrity and self-confidence.
2. Practice proper grooming and effective communications skills and visual poise.
3. Understand employer-employee relationships and respect the need to deliver worthy service for value received.
4. Perform the basic manipulative skills including hair styling, shaping, bleaching, tinting, chemical reformation, scalp/hair conditioning, facials, manicures, pedicures and nail extensions.
5. Perform the basic analytical skills to determine proper makeup, hairstyle, and color application for the client's best overall look.
6. Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

BARBERING COURSE OUTLINE: TEXAS 1000 HOURS

DESCRIPTION:

The primary purpose of the Barber Course is to train the student in the basic manipulative skills, safety judgments, proper work habits, and desirable attitudes necessary to pass the State Board examination and for competency in job entry level positions in Barber or related career field. All classes are taught in English. The course is divided into 2 sections – Phase 1 and Phase 2. Phase 1 is 270 hours taught in a minimum of 9 weeks for 30-hour students and 14 weeks for 20-hour students, Phase 2 is the remainder of the program. Students must complete all Phase 1 requirements (hours, skills, and academic exams) as well as complete a Phase 1 technical skills exam and academic exam at 75% or higher before moving to Phase 2 to practice skills on clients.

OBJECTIVES:

Upon completion of the course requirements, the determined graduate will be able to:

- Project a positive attitude, a sense of personal integrity and self-confidence.
- Practice proper grooming, effective communications skills, and visual poise.
- Understand employer/employee relationships and respect the need to deliver worthy service for value received.
- Perform the basic manipulative skills including hair styling, shaping, tinting, chemical reformation, scalp/hair conditioning, shaving techniques, beard and mustache shaping, facials, hair removal, and manicures.
- Perform the basic analytical skills to determine haircut, hairstyle, facial hair design, shaves, color formulation, and color application for the client's best overall look.
- Apply the theory, technical information and related matter to assure sound judgments, decisions, and procedures.

To ensure continued career success, the graduate will continue to learn new and current information related to techniques, trends, fashions, and methods for career development in cosmetology and related fields.

INSTRUCTIONAL METHODS:

The clock hour education is provided through a sequential set of learning steps which address specific tasks necessary for state board preparation, graduation and job entry level skills. Clinic equipment, implements, and products are comparable to those used in the industry. Each student will receive instruction that relates to the performance of useful, creative, and productive career-oriented activities. The course is presented through well-developed lesson plans, which reflect current educational methods. Subjects are presented by means of lecture, demonstration, and student participation. Audio-visual aids, guest speakers, field trips and other related learning methods are used in the course.

Students participating in hybrid distance education will be incorporating both distance education and on ground education. Students will practice technical skills on campus. Students will receive distance education instruction via asynchronous methodology. Students and instructors will interact virtually at least every 50 minutes via video lecture, question and answer sessions, situational problem scenarios, collaborative assignments, student presentations, discussion boards, participation in an activity or other means to verify active engagement in the curriculum leading to meeting learning outcomes and course objectives. Students will use a Learning Management System (LMS) to complete assignments, activities, readings, discussions, collaborations, etc. Instructors monitor in real time student participation with live engagement, discussions, and collaborations. Students are required to attend specified distance education sessions with a qualified instructor to be eligible for clock hours.

Reference materials subject to change.

Section V - San Antonio Only

GRADING PROCEDURES:

To determine academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. All academic (theory) tests are completed and monitored by a qualified instructor. Students participating in distance education will be required to be evaluated on campus at least once every 30 days. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted, and the performance must be repeated. At least two comprehensive technical skills evaluations will be conducted during the course of study. Technical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the technical skills evaluation criteria adopted by the school. Students must maintain a cumulative grade average of 70% and pass a FINAL written and practical exam prior to graduation. Students must make up failed or missed tests and incomplete assignments. Numerical grades are considered according to the following scale:

GRADING SYSTEM:

REQUIRED PRACTICAL EXPERIENCES

Policy and Regulatory agencies require students to complete an established number of practical experiences for satisfactory skills development and graduation. Practices may be completed on manikins, models, or clients. The requirements listed by category are the MINIMUM experiences that each student must successfully complete prior to graduation. More practices may be schedule BY THE INSTRUCTORS based on training NEEDS and clientele volume.

All assignments must be completed by each student as agreed upon in the Enrollment Agreement.

Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the performance does not meet satisfactory requirements, it is not counted and the performance must be repeated. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school.

A satisfactory grade is based on meeting the minimum requirements in the following categories:

1. Preparation, Infection Control and Client Safety
2. Technique and Use of Implements
3. Client Communications (if applicable)
4. Desired Results

PRACTICAL REQUIREMENTS

- 350 INFECTION CONTROL and PREVENTION, DISINFECTION, AND SANITATION:** The act of preventing the growth of germs and bacteria or destroying them to protect the health and safety of the consumer as well as the technician.
