ADMISSIONS INFORMATION

ADMISSIONS POLICY

Admission into the school's **Dental Assisting, Advanced Esthetician, Esthetician, Massage Therapy, and Medical Assisting programs** requires that the prospective student have a high school diploma or have a High School Equivalency Diploma (HSED). Documents from HiSET and TASC are acceptable as High School equivalents but must be reviewed and approved by Senior Director of Admissions.

Admission into the school's programs requires the applicant to present a copy of the HS diploma, HSED certificate, or transcripts showing high school completion.

Additionally, Milan Institute accepts the following as proof of eligibility:

- Passing a U. S. Department of Education approved Ability to Benefit Test (ATB). Please see the Ability to Benefit (ATB) Admissions Policies for further information.
- Enroll in the Eligible Career Pathway Program (ECP).

Admission into school's **Medical Assisting, Dental Assisting, and Massage Therapy programs** require the applicant to present a copy of the High School diploma, HSED certificate, or transcripts showing high school completion.

Prospective **Advanced Esthetician, Esthetician, Medical Assisting; Massage Therapy, and Dental Assistant program** students must be beyond the age of compulsory school attendance and must be 18 years old upon completion of their program.

For the **Advanced Esthetician and Esthetician program**, the State of Nevada – State Board of Cosmetology denies admission for testing to 1) anyone with a felony conviction involving a violent crime; and 2) anyone who has not yet completed their sentence, parole, and/or probation periods. Therefore, applicants with said criminal history are ineligible for admission into any program that requires licensure by the State of Nevada—State Board of Cosmetology.

Prospective students interested in the **Medical Assisting program** with a drug-related conviction on their record must complete a second interview with the Campus Director, who may determine the student is not qualified to enroll in the program.

Prospective students interested in the Dental Assistant program with a felony or misdemeanor conviction are not qualified to enroll in the program.

Prospective students interested in the **Massage Therapy program** who have been convicted of a crime involving violence, prostitution or any other sexual offense, a crime involving any type of larceny, a crime relating to a controlled substance, or a crime involving any federal or state law or regulation relating to massage therapy, reflexology or structural integration or a substantially similar business will not be qualified to enroll in the program.

Admission procedures include individual advising, explanation of course descriptions, appointment with financial aid, enrollment, and orientation to the school regarding the policies, regulations, and requirements for the various classes. Campus tours are conducted.

Before entering classes, the student must complete an enrollment agreement. Students under the age of 18 must have a parent or guardian sign the enrollment agreement. This agreement and the catalog detail the student's and the school's obligations. The final decision to admit an applicant rests with the school's administration.

Transfer students will receive credit for certified hours received from other schools or states according to state law, and their program will be shortened, and tuition will be adjusted accordingly. Milan Institute does not recruit students already attending or admitted to another school offering a similar program of study.

Re-enrollment or re-entrance will be approved only after evidence is shown to the director's satisfaction that conditions which caused the interruption or unsatisfactory progress have been corrected. Re-entering students return to the institution in the same progress status as when they left.

The ECPP allows Ability to Benefit (ATB) Students to concurrently enroll in an Adult Education school, which may lead to a High School Diploma (or equivalent), and a post-Secondary school offering Career Pathway Programs.

Before enrollment, a prospective ATB student who is not a high school graduate or has not passed the GED and is seeking admission into an ATB eligible program must take and pass an independently administered, nationally standardized test recognized and approved by the United States Department of Education (DOE) that measures basic skills in reading and arithmetic.

Students who pass the ATB and enroll in an ECPP, must follow all the policies and procedures in this catalog.

7. Has been developed and implemented in collaboration with partners in business, workforce, and economic development.

CAREER PATHWAY PROGRAMS

Milan Institute has identified the following Eligible Career Pathway Programs, which align with the needs of industries in the Sparks, Nevada geographic areas:

- Dental Assistant
- Advanced Esthetician
- Esthetician
- Massage Therapy
- Medical Assisting

ELIGIBLE CAREER PATHWAY PROGRAM (ECPP)

Students enrolled in an ECPP will be concurrently enrolled in one of the college's qualified vocational training programs and the Adult Education Program offered through C4L Academy. The goal is for the student to be able to work towards earning an Adult Education high school diploma while being able to work towards completing a Milan Institute vocational training program concurrently. The Adult Education program is offered by an approved adult education service provider (C4L Academy) and not by Milan Institute.

The student is required to attend the Adult Education Program classes and is expected to participate in those classes. The Adult Education Program is offered remotely online. The ECPP Coordinator will monitor

participation and partner with Education to meet with the student as needed to provide academic advising. See specific details below under ECPP Participation Requirements & ECPP Withdrawal.

Milan Institute does not guarantee ECPP students will receive a high school diploma (or its equivalent), earn any industry certifications that are part of their Vocational Program, or graduate from Milan Institute.

Completing the vocational component of the program is not a condition for receiving a high school diploma.

ECPP PARTICIPATION REQUIREMENTS & CONCURRENT DISMISSAL

If a student does not log in to the C4L Academy portal to create a student account within 72 hours of enrolling with C4L, the student will automatically be canceled from the ECPP and Milan Institute's Vocational Program.

ECPP students who fail to participate in either the Adult Education or Vocational component of their ECPP program for 14 consecutive calendar days will be dismissed from their ECPP. Participation in the Adult Education Program is defined as completing any educational activity – where participation in the Vocational program is defined by Milan Institute's Satisfactory Academic Progress (SAP) and Attendance policies.

On the 14th consecutive calendar day missed, the student will be withdrawn from the Milan Institute.

During the program, if a student does not log into the Adult Education component for 7 consecutive calendar days, the student will be issued a documented ECPP participation advisement.

If a student fails to meet the college's Satisfactory Academic Progress Policies, they will be withdrawn from Milan Institute.

Dismissal from the Adult Education component of the ECPP for any reason shall result in dismissal from the Vocational component of the program.

ECPP Withdrawal: Upon withdrawal, the student will be held to the same catalog-defined refund policy as non-ECPP participating students.

Receiving the earned High School Diploma: Although Milan Institute has designed ECPP requirements to promote the completion of the Adult Education component and a Milan Institute Vocational Program, the college does not guarantee that the student will receive a high school diploma or its equivalent.

Completing the ECPP program's vocational component is not required to earn a high school diploma. Upon successful completion of the program's adult education component, the student may request a copy of their transcript directly from the adult education vendor.

ECPP RE-ADMISSION AND LEAVE OF ABSENCE (LOA)

Withdrawn ECPP students wishing to re-enroll are subject to Milan Institute's Re-Admission Policy in addition to an interview to evaluate the student's ability to continue the Adult Education component of the ECPP.

Active ECPP students who take a Leave of Absence (LOA) from Milan Institute's Vocational Program can still participate in the Adult Education component of the ECPP remotely if they can; however, if the student is unable to participate in the Adult Education component while on a Leave of Absence (LOA) they will be expected to continue participation when they return to Milan Institute from their LOA.

Inactivity in the adult education component during an approved LOA or scheduled calendar breaks will not cause the student to be withdrawn from the college.

ECPP ADULT EDUCATION COMPUTER LAB

Milan Institute provides ECPP Students with an on-campus space with Wi-Fi and printer access to work through their Adult Education curriculum if they prefer to use our facility. The availability of this space is determined by campus operating hours.

The ECPP Adult Education component is offered online by an approved service provider and is self-directed. Students may work on the Adult Education curriculum off-campus via the internet.

Students also have the opportunity to meet other students, instructors, and the school's administration. Attendance, grading policies and financial aid information form a large part of the orientation information, which also includes projected graduation dates, holidays, and vacations pertaining to their specific enrollment period.

ENGLISH ONLY

Milan Institute does not offer visa services to prospective students from other countries or English language services. Milan Institute does not offer English as a Second Language instruction. All instruction occurs in English.

TRANSFERABILITY OF UNITS EARNED AT THIS SCHOOL

The transferability of credits you earn at Milan Institute is at the complete discretion of an institution to which you may seek to transfer. Acceptance of the certificate you earn at Milan Institute is also at the complete discretion of the institution to which you may seek to transfer. If the credits or certificate that you earn at this institution is not accepted at the institution to which you seek to transfer, you may be required to repeat some or all of your coursework at that institution. For this reason, you should make certain that your attendance at this institution will meet your education goals. This may include contacting an institution to which you may seek to transfer after attending Milan Institute to determine if your certificate will transfer.

Milan Institute has not entered into any articulation agreements or relationships with educational entities.

TRANSFER OF CREDIT POLICY

Incoming students may request credit for previous coursework or experiential training for any program offered by the school. Courses from other training programs or educational institutions, as well as from the military and the workplace, will be considered and evaluated for transfer of credit if completed in the past 3 years. The program content for transferred courses must be comparable to the program in which the student will enroll. A student requesting transfer of credit for previous coursework must have earned a grade of "C" or higher in that coursework, as documented by an official academic transcript and an original catalog description of the course from his/her former institution is required. No limits on the amount of credit for previous coursework or experience are set.

The option of passing a test or tests developed by the college in order to qualify for receiving credit will be considered, with a transcript and course outline. The test or tests will be the corresponding final examination regularly used in the course in question and may include a written and a practical component as appropriate. Credit will be given only if the student passes the test with a grade of "C" or higher.

If a student is granted credit for previous training or experience, the relevant courses will not be assigned a letter grade but will be recorded with a grade of "pass," which will not affect the student's grade point average and will not affect this element of satisfactory progress. The maximum time frame of one and one-half times the program length is affected by transfer of credit.

Milan Institute will accept a maximum of 75% of the program credits or hours in transfer from another institution. Students requesting credit for previous coursework or experience are asked to notify their admissions representative during the enrollment process. The request will be forwarded to the Education Leader or Director, who will review documentation or arrange for testing as appropriate. The procedure will be completed prior to the student's first start date. There are no fees charged for evaluating or granting transfer of credit. Once a determination for granting credit has been made, tuition and fees will be adjusted prior to the start of class. Each student will need to meet with financial aid to determine eligibility. A negative determination may be appealed by contacting the School Director, whose decision is final.

Milan Institute will accept experiential training for modular programs (non-cosmetology related programs) only. Applicants should inform their Admissions Representative of any potential experiential learning/training during the enrollment process. Milan staff will review any provided experiential training as it would apply to the course content. If the prior experience matches the course content, the student will take the applicable course assessments (technical and academic as applicable) to determine if they have retained at least 70% of the course content. If an applicant disagrees with the evaluation of their experiential training, the applicant may submit a written letter to the Director of Education within 5 days of the outcome of the evaluation explaining why the evaluation should be re-evaluated. Milan does not charge students to evaluate their prior education or experiential training.

STUDENTS WHO TRANSFER BETWEEN PROGRAMS

Students may transfer to different programs within the institution. Credits will be evaluated by the Education Leader, Education Leader, or Campus Director and applied towards the new program, if applicable. To be eligible for transfer credit, the student must have successfully completed the class with a minimum grade of "C". If a student has completed or withdrawn from Milan Institute and wishes to enroll into a new program, the student will be treated as a new enrollment.

ARBITRATION

Milan Institute seeks to resolve disputes or claims between any student and the school in a manner that addresses an individual student's complaint in an efficient, cost-effective, and quicker manner than traditional litigation. A student who enrolls at Milan Institute agrees, as a condition of his or her enrollment, to resolve any dispute through mandatory arbitration that shall not be adjudicated as a class action or a consolidated class arbitration proceeding. However, the school cannot require a student loan borrower to participate in arbitration or any internal dispute resolution process offered by the institution prior to filing a borrower defense to repayment application with the U.S. Department of Education pursuant to 34 CFR 685.206(e); the school cannot, in any way, require students to limit, relinquish, or waive their ability to pursue filing a borrower defense claim, pursuant to 34 CFR 685.206(e) at any time; and any arbitration, required by a pre-dispute arbitration agreement, tolls the limitations period for filing a borrower defense to repayment application pursuant to 34 CFR 685.206(e)(6)(ii).

FINANCIAL INFORMATION

PROGRAM HOUR MEASUREMENT

For academic purposes, the institution follows the Carnegie clock-to-quarter credit hour conversion. For lecture, one quarter credit is equal to 10 clock hours, for laboratory, one quarter credit is equal to 20 clock hours, and for externship/internship, one quarter credit is equal to 30 clock hours. Each program is defined by its individual academic requirements, which are listed on the program description section of this catalog.

For Title IV Financial Aid purposes, an academic year is equivalent to 36 quarter credits and is a minimum of 30 weeks or 900 clock hours and is a minimum of 26 weeks. The institution complies with Federal requirements for clock-to-credit hour conversions which may be different from those required for academic purposes. One quarter credit equals 25 clock hours which may include lecture, laboratory, externship/internship and/or work outside of class when approved by applicable accreditation. In some cases, programs are required to be measured in clock hours for federal financial aid purposes which include: 1) *when the program is required to measure student progress in clock hours when receiving federal or state approval or licensure to offer the program; and/or 2) completing clock hours is a requirement for graduates to apply for licensure or the authorization to practice the occupation that the student is intending to pursue.*

The funding method of credit hour or clock hour used for each program for Title IV Financial Aid purposes is listed on the program description section of this catalog.

TUITION POLICY

All tuition payment arrangements, including Financial Aid (FA), Cash, and Payment Plans, must be finalized before the student begins classes. Failure to complete these arrangements may result in the student being unable to attend classes. It is the student's responsibility to ensure that all necessary payments and documentation are submitted and approved in a timely manner.

The school accepts payments in cash, check, MasterCard and Visa

Books, materials, and supplies are provided at no charge to the student, unless otherwise indicated. For any materials that are an additional charge, the student may choose to opt-out on the Enrollment Agreement.

DELINQUENT TUITION

The student may be charged a \$10.00 late fee for payments received 10 days after the due date. Any student who is delinquent in payments to the school may be suspended or terminated from the school at the discretion of the administration until the school receives payment or the student makes written payment arrangements acceptable to the school. If an amount is due, a payment schedule is arranged. If a student does not follow the payment guidelines, after 90 days his/her account will be turned over to the Corporation's collection agency. The student will be responsible for all costs associated with collection.

FINANCIAL AID

Student Financial Aid is assistance which helps pay the cost of education. Funds included in this aid may be provided from several sources, including federal, state, and private agencies. Most financial aid recipients receive a combination “package” comprised of more than one type of assistance program.

How to Apply

To begin the process of applying for most aid programs, including grants and loans, students must first complete the Free Application for Federal Student Aid (FAFSA). This document is considered the primary resource for establishing eligibility for need-based aid at this institution. Grant aid is money that does not have to be repaid. Loan assistance includes borrowed money that will be repaid by the applicant.

Financial Aid Programs

The school participates in Title IV Federal Financial Assistance programs under authorization of the U.S. Department of Education, Office of Student Financial Assistance. Any student interested in obtaining Federal Aid should visit or call the Financial Aid Office and request a Student Financial Aid Guide or visit www.studentaid.ed.gov to view online federal assistance publications. All consumer information that is required to be disclosed pursuant to applicable financial aid programs is provided.

Title IV assistance may include grant aid from the Federal PELL Program and/or self-help aid in the form of Direct Loans. Federal Student Loans are required by law to provide a range of flexible repayment options, including but not limited to, income-based repayment and income-contingent repayment plans, and loan forgiveness benefits, which other student loans are not required to provide. Federal Direct Loans are available to students regardless of income.

Some applicants may be selected for a process called verification. Initial notification is provided through the Student Aid Report created in response to the Free Application for Federal Student Aid (FAFSA). The verification selection may cover one or more aspects of your FAFSA information; including but not limited to, tax data, number in household, SNAP benefits, child support paid, high school completion, and identity. Be aware there are deadlines and consequences associated with this requirement. You should contact the campus Financial Aid Office for additional information and assistance, should your file be selected for verification.

Other Programs

Tuition Options payment arrangements are considered a private loan with a fixed interest rate based on the plan you have selected. This program does not determine interest based on the borrower’s credit rating.

Students have the right to research and secure additional loan options. Private loans can offer variable rates that can increase or decrease over time, depending on market conditions. Students should determine the interest rate and associated fees of a private loan prior to accepting the terms of the loan. In some cases, the interest rate on a Private Loan may depend on the borrower’s credit rating.

Students should contact the lender of the private student loan or the campus Financial Aid Office with any questions or concerns regarding student loan debt.

The information provided above and in referenced materials is not a guarantee of financial assistance. Individual need and circumstance must be evaluated to determine aid program eligibility. This need will be determined with and comply with all applicable federal, state and accreditation regulations.

If a student obtains a loan to pay for an educational program, the student will have the responsibility to repay the full amount of the loan plus interest and fees, less the amount of any refund.

METHODS OF DISBURSEMENT

All Federal financial assistance awarded by the school is disbursed according to Federal regulations.

SPECIALIZED PROGRAM APPROVALS

Some programs at Milan Institute may be approved for the training of Veterans and eligible persons under provisions of Title 38, United State Code. The admissions office has a list of veteran approved programs.

STUDENT'S RIGHT TO CANCEL - Cancellation policy

Cancellation Policy

Milan Institute advises each student that a notice of cancellation shall be in writing and that Milan Institute shall refund 100 percent of the amount paid for institutional charges, if the notice of cancellation is made through attendance as of the first scheduled class session, or the seventh day after enrollment, defined by means of executing an enrollment agreement whichever is later. The enrollment agreement shall be signed by the student and by an authorized employee of the institution. If an applicant accepted by Milan Institute cancels prior to the start of scheduled classes or never attends class (no-show), the institution must refund all monies paid.

REFUND POLICY

The student has the right to withdraw from a course of instruction at any time. The student is obligated to pay only for educational services rendered and for unreturned equipment. If the student withdraws from a program of instruction after the period allowed for cancellation of the agreement as listed above in "Cancellation of Agreement," the school will remit a refund if applicable, within 15 days following the student's withdrawal.

If the institution has substantially failed to furnish the training program agreed upon in the enrollment agreement, the institution shall refund to a student all the money the student has paid.

If a student cancels his or her enrollment before the start of the training program but after the period allowed for cancellation of the agreement as listed above in "Student's Right to Cancel", the institution shall refund to the student all the money the student has paid, minus 10 percent of the tuition agreed upon in the enrollment agreement or \$150, whichever is less, and that if the institution is accredited by a regional accrediting agency recognized by the United States Department of Education, the institution may also retain any amount paid as a nonrefundable deposit to secure a position in the program upon acceptance so long as the institution clearly disclosed to the applicant that the deposit was nonrefundable before the deposit was paid.

If a student withdraws or is expelled by the institution after the start of the training program and before the completion of more than 60 percent of the program, the institution shall refund to the student a pro rata amount of the tuition agreed upon in the enrollment agreement, minus 10 percent of the tuition agreed upon in the enrollment agreement or \$150, whichever is less.

If a student withdraws or is expelled by the institution after completion of more than 60 percent of the training program, the institution is not required to refund

If the student obtains equipment, as specified in the enrollment agreement as a separate charge and returns it unused within 30 days following the date of the student's withdrawal, the school shall refund the charge for the unused equipment paid by the student. If the student fails to return the equipment within this 30-day period, the school may offset the documented costs to the school of that equipment against the refund due. The student shall be liable for the amount, if any, by which the documented costs for the equipment exceed the refund amount. For a list of these costs, please see Addendum B of the enrollment agreement.

If the amount that the student has paid is more than the amount that the student owes for the time, he/she has attended, then a refund will be made within 15 days. If the amount that the student owes is more than the student has already paid, the student will be responsible for the balance.

If a student who has received Title IV, HEA program assistance is owed a refund, the school will allocate the refund to the student in the following order: Federal Unsubsidized Stafford Loan; Federal Subsidized Stafford Loan; Federal PLUS Loan; Unsubsidized Federal Direct Stafford Loans; Subsidized Federal Direct Stafford

Loans; Federal Direct PLUS Loans; Federal Pell Grant; Federal Supplemental Educational Opportunity Grant; any other Title IV assistance; other federal, state, institutional, or private assistance. If there is a balance due, the student is responsible for paying it.

As used in this section, “substantially failed to furnish” includes cancelling or changing a training program agreed upon in the enrollment agreement without:

- (a) Offering the student, a fair chance to complete the same program or another program with a demonstrated possibility of placement equal to or higher than the possibility of placement of the program in which the student is enrolled within approximately the same period at no additional cost; or
- (b) Obtaining the written agreement of the student to the specified changes and a statement that the student is not being coerced or forced into accepting the changes, unless the cancellation or change of a program is in response to a change in the requirements to enter an occupation.

Refund Policy for Programs Obligating Students for Periods Beyond Twelve Months

Programs longer than 12 months that financially obligate the student for any period of time beyond 12 months shall release the student of the obligation to pay beyond the 12 months if the student withdraws during the first 12 months. The calculation of the refund for the unused portion of the first 12 months shall be based on the rules above. If the student withdraws during any subsequent period following the first 12 months, the student’s refund for the unused portion of the tuition applicable to the period of withdrawal shall be based on the rules above.

SCHOOL CLOSURE POLICY

If the school closes permanently and ceases to offer instruction after students have enrolled, or if a program is cancelled after students have enrolled or instruction has begun, the school shall provide a full refund of all monies paid for those affected students.

ENROLLMENT TIME

Enrollment time is defined as the time elapsed between the actual starting date and the date of the student’s last day of physical attendance in school. Any monies due the applicant or student shall be refunded within fifteen (15) days from the withdrawal date, or in the case of a leave of absence, the earlier of the documented date of scheduled return or the date the student notifies the institution that he/she will not be returning.

RETURN TO TITLE IV CALCULATION (R2T4)

When a student withdraws from a program, a campus is required to determine the earned and unearned portions of Title IV aid. The determination is based on the amount of time the student spent in attendance or, in the case of a clock-hour program, was scheduled to be in attendance.

Up through the 60% point in each payment period or period of enrollment, a pro rata schedule is used to determine the amount of Title IV funds the student has earned at the time of withdrawal. After the 60% point in the payment period or period of enrollment, a student has earned 100% of the Title IV funds he/she was scheduled to receive during the period. For a student who withdraws after the 60% point-in-time, there are no unearned funds.

If the amount that the student has paid is more than the amount that the student owes for the time, he/she has attended, then a refund will be made within 15 days.

If a student who has received Title IV, HEA program assistance is owed a refund, the school will allocate the refund in the following order: Federal Direct Loan Program, Federal Parent Loan for Undergraduate Study (PLUS), Federal Pell Grant, any other Title IV Assistance, to student. If there is a balance due, the student is responsible for paying it.

WITHDRAWAL DEFINITION

Withdrawal: Is the termination of an enrolled student prior to successful completion of a program. Classifications of withdrawals include but are not limited to a drop, dismissal, and out-of-school transfer.

A student may officially withdraw by providing notification either orally or in writing to any school official. For purposes of an unofficial withdrawal and the date of determination for tuition refund and Return to Title IV purposes, the determination of withdrawal can be no more than 14 consecutive calendar days from the last date of attendance, except in those cases when a student fails to return from a scheduled leave. Milan Institute is an institution that is required to take attendance, and, as such, is expected to have a procedure for routinely monitoring attendance of its students to determine, in a timely manner, when a student ceases to be enrolled and attending. Milan Institute states that the date of determination that the student withdrew is no later than 14 days after the student's last date of attendance as determined by its attendance records.

TREATMENT OF TITLE IV AID WHEN A STUDENT WITHDRAWS

The law specifies how your school must determine the amount of Title IV program assistance that you earn if you withdraw from school. The Title IV programs that are covered by this law are: Federal Pell Grants, Iraq, and Afghanistan Service Grants, TEACH Grants, Stafford Loans, PLUS Loans, Federal Supplemental Educational Opportunity Grants (FSEOGs) and Federal Perkins Loans.

When you withdraw during your payment period or period of enrollment (your school can define these for you and tell you which one applies), the amount of Title IV program assistance that you have earned through that point is determined by a specific formula.

If you received (or your school or parent received on your behalf) less assistance than the amount that you earned, you may be able to receive those additional funds. If you received more assistance than you earned, the excess funds must be returned by the school and/or you.

The amount of assistance that you have earned is determined on a pro rata basis. For example, if you completed 30% of your payment period or period of enrollment, you earn 30% of the assistance you were originally scheduled to receive.

Once you have completed more than 60% of the payment period or period of enrollment, you earn all the assistance that you were scheduled to receive for that period.

If you did not receive all of the funds that you earned, you may be due a Post-withdrawal disbursement. If your Post-withdrawal disbursement includes loan funds, your school must receive your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you do not incur additional debt. Your school may automatically use all or a portion of your Post-withdrawal disbursement of grant funds for tuition and fees. The school must receive your permission to use the Post-withdrawal grant disbursement for all other school charges. If you do not give your permission, you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

There may be some Title IV funds that you were scheduled to receive that cannot be disbursed to you once you withdraw because of other eligibility requirements. For example, if you are a first-time, first-year undergraduate student and you have not completed the first 30 days of your program before you withdraw, you will not receive any Direct Loan funds that you would have received had you remained enrolled beyond the 30th scheduled day.

If you received (or your school or parent received on your behalf) excess Title IV program funds that must be returned, your school must return a portion of the excess equal to the lesser of:

1. your institutional charges multiplied by the unearned percentage of your funds, or
2. the entire amount of excess funds.

The school must return this amount even if it did not retain this amount of your Title IV program funds. If your school is not required to return all of the excess funds, you must return the remaining amount.

Any loan funds that you must return, you (or your parent for a PLUS Loan) repay in accordance with the terms of the promissory note. That is, you make scheduled payments to the holder of the loan over a period of time. In addition, you may have exhausted all or a portion of your grace period and repayment of Direct Student Loans may begin immediately.

Any amount of unearned grant funds that you must return is called an overpayment. The maximum amount of a grant overpayment that you must repay is half of the grant funds you received or were scheduled to receive. You do not have to repay a grant overpayment if the original amount of the overpayment is \$50 or less. You must make arrangements with your school or the Department of Education to return the unearned grant funds.

The requirements for Title IV program funds when you withdraw are separate from any refund policy that your school may have. Therefore, you may still owe funds to the school to cover unpaid institutional charges. Your school may also charge you for any Title IV program funds that the school was required to return. If you have questions about your Title IV program funds, you can call the Federal Student Aid Information Center at 1-800-4-FEDAID (1-800-433-3243). TTY users may call 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

LEARNING RESOURCES

Milan Institute has a variety of reference books and current publications available to students. All reference materials may be checked out by the students from the instructors that maintain the libraries. Students are also encouraged to use local public libraries.

STUDENT WITHDRAWAL BY SCHOOL

Milan Institute may withdraw a student from their program of study at any time for the following reasons: unsatisfactory grades, poor attendance, use of controlled substances on campus, conduct detrimental to the school, failure to comply with financial aid regulations or non-observance of other student regulations and conduct policies.

CHEATING POLICY

Dishonesty includes, but is not limited to, cheating, plagiarism, knowingly assisting another student in cheating or plagiarism, or knowingly furnishing false or misleading information to the school's instructors, or administrative staff.

When a student is charged with cheating or plagiarism, and the instructor has proof to back up the charges, or a student admits to the charges when confronted, the instructor may handle the situation in the following ways:

1. Issue an oral warning or a written warning that will be put in the student's permanent academic file.
2. Issue the student an "F" or "0" on the assignment or test in question.
3. Issue the student an "F" for the entire class.
4. Refer the student to the school director for disciplinary action, which may include suspension or dismissal from the school.

COPYRIGHT INFRINGEMENT POLICY

Compliance with federal copyright law is expected of all students. "Copyright" is legal protection for creative intellectual works, which is broadly interpreted to cover just about any expression of an idea. Text (including email and web information), graphics, art, photographs, music, and software are examples of types of work protected by copyright. The creator of the work, or sometimes the person who hired the creator, is the initial copyright owner.

You may "use" all or part of a copyrighted work only if (a) you have the copyright owner's permission, or (b) you qualify for a legal exception (the most common exception is called "fair use"). "Use" of a work is defined for copyright purposes as copying, distributing, making derivative works, publicly displaying, or publicly performing the work.

Copying, distributing, downloading, and uploading information on the Internet may infringe the copyright for that information. Even an innocent, unintentional infringement violates the law. Violations of copyright law that occur on or over the school's networks or other computer resources may create liability for the school as well as the computer user.

Students who violate Copyright Infringement Policy are subject to disciplinary action, including suspension and termination.

Summary of Civil and Criminal Penalties for Violation of Federal Copyright Laws:

Copyright infringement is the act of exercising, without permission or legal authority, one or more of the exclusive rights granted to the copyright owner under section 106 of the Copyright Act (Title 17 of the United States Code). These rights include the right to reproduce or distribute a copyrighted work. In the file-sharing context, downloading or uploading substantial parts of a copyrighted work without authority constitutes an infringement.

Penalties for copyright infringement include civil and criminal penalties. In general, anyone found liable for civil copyright infringement may be ordered to pay either actual damages or "statutory" damages affixed at not less than \$750 and not more than \$30,000 per work infringed. For "willful" infringement, a court may award up to \$150,000 per work infringed. A court can, in its discretion, also assess costs and attorneys' fees. For details, see Title 17, United States Code, Sections 504, 505.

Willful copyright infringement can also result in criminal penalties, including imprisonment of up to five years and fines of up to \$250,000 per offense.

STUDENT CODE OF CONDUCT

The school sets forth specific expectations for the purpose of promoting a positive learning environment and a pathway to career success. Developing efficient work habits, a positive attitude and definite goals during training can only enhance the graduate's potential for success.

Students are expected to:

1. Attend all classes according to the assigned schedule including theory classes even if all required tests are completed. Theory class is a critical part of your training.
2. Arrive for all classes on time. Students may not be allowed to attend class or to clock in until the scheduled class is dismissed. The determination will be made by school staff based on the circumstances causing the tardiness. Excessive tardiness may result in suspension.
3. Complete all assigned theory, practical and clinic assignments in the designated time frames. It is the student's responsibility to contact the instructor regarding makeup exams. The Final Transcript of Hours will not be released to the student or State Board until all graduation requirements have been met and a comprehensive final written and practical exam has been passed.

4. Notify a staff member within one (1) hour of your start time of absenteeism or tardiness so that proper arrangements can be made to service clients that may be scheduled.
5. Notify a staff member when leaving the facility for any reason other than lunch time and closing.
6. Only perform services on clients after successfully completing the Phase One Requirements and have passed a written and practical competency evaluation.
7. Practice courtesy and professionalism at all times when dealing with other students, clients, instructors, staff and visitors.
8. Follow all state laws and regulations at all times during school.
9. Comply with the school's Satisfactory Academic Progress Policy at all times. Failure to maintain satisfactory progress may cause loss of or delays in funding, delay in graduation and additional tuition charges.
10. Park only in the designated areas for student parking. Front row parking is ALWAYS reserved for client use. The school does provide parking for its students.
11. Keep all student and client analysis and service records up to date.
12. Recommend and prescribe appropriate services and retail products to each client assigned in order to develop professional skills.
13. Strive to continually improve abilities through education and practice.
14. Adhere to school-determined safety and social distancing requirements.

GROUNDS FOR DISCIPLINARY ACTION

- a. Refusing to service an assigned customer or refusing to comply with the instructor's assignment. Unprepared or refusal to perform a clinic service or practical assignment may result in the student leaving for the day. Excessive refusals may result in termination.
- b. Disrupting class or sleeping in class.

Students are required to clock out for a minimum of 30 minutes each day for a lunch break. Failure to do so may result in lost time and/or disciplinary action. As consideration to fellow students, clients, and instructors, please notify the school if you are not returning from a lunch break.
- h. Not following time clock procedures by not clocking in and out accurately to reflect hours in attendance. No student may clock in/out for others. If a student fails to clock in/ out, they will not receive credit for time in school.

Daily assigned sanitation duties must be evaluated before clocking out each day. State Board requires all students to follow sanitation rules and practices at all times.

A student who, upon violation of a conduct policy or other egregious behavior or incident, may be placed on a status of Conduct Probation due to conduct unbecoming of a student at Milan. This status is an official warning that the student's conduct is in violation of Milan Student Rules, but does not merit, at this point, an expulsion or suspension.

A student on conduct probation is deemed "not in good standing" with Milan. If there is a finding of responsibility for subsequent violations of the student rules during this period of time, more severe sanctions may be administered including immediate termination. Student who are subjected to Conduct Violations face actions to be determined based on the severity of the issue at hand and documentation of such will remain in the permanent student file.

Milan may remove a student who has been accused of committing a Title IX sexual harassment violation from campus on an emergency basis, provided an individualized safety and risk analysis is completed and a determination is made that there is an immediate threat to the physical health or safety of any individual. Once the student is removed from campus, the school will provide the student with written notice and guidance on how to immediately challenge the decision.

DRUG AWARENESS

Milan Institute maintains a drug-free campus and work place. Milan Institute maintains a list of community drug rehabilitation centers that specialize in drug abuse treatment where, if help is needed, the student or employee may receive help. TITLE IX SEXUAL HARASSMENT POLICY

Title IX of the Education Amendments of 1972 protects people from discrimination based on sex in education programs or activities that receive Federal financial assistance. Title IX Sexual Harassment is defined as conduct on the basis of sex that satisfies one or more of the following:

- unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the school's education program or activity;
- an employee of the school conditioning the provision of an aid, benefit, or service of the school on an individual's participation in unwelcome sexual conduct; or
- sexual assault, as defined in the Clery Act, or dating violence, domestic violence, or stalking as defined in Violence Against Women Act (VAWA).

Any person may report sex discrimination, including sexual harassment (whether or not the person reporting is the person alleged to be the victim), to the Title IX Coordinator at any time by mail, by telephone, or by e-mail. Students (active or potential) or Employees (active or potential) who feel they are a victim of sexual harassment should be directed to contact the Title IX Coordinator.

The Title IX Coordinator can be reached at:

Title IX Coordinator
Milan Institute
2345 W. Beech Ave. #4139
Visalia, CA 93277
TitleIX@milaninstitute.edu
559-707-8050

Milan's obligations under Title IX are triggered upon having actual knowledge of alleged sexual harassment that occurred within its educational program or activity against a person in the United States. Milan may have obligations under Title IX even in absence of a formal complaint. Once these obligations are triggered, Milan will respond promptly and without deliberate indifference.

No employee of Milan may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX or this part, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this part.

The presumption is that the person accused of being the perpetrator of conduct that could constitute sexual harassment conduct is not responsible for the alleged conduct until a determination is made at the end of the grievance process. This does not imply that the alleged conduct did not occur but rather ensures Milan staff do not take action against the alleged perpetrator as though the alleged conduct occurred prior to final determination. All Milan staff involved in the Title IX process interact with both parties impartially throughout the grievance process without prejudice and without drawing inferences about credibility based on the person's role.

STUDENT SEXUAL HARASSMENT POLICY (NON-TITLE IX)

Policy Overview

It is the policy of Milan to ensure that students can learn in a safe and nondiscriminatory educational environment based on religious, racial, sexual harassment and violence. Milan strictly prohibits any form of religious, racial, sexual harassment and violence. It is a violation of college's policy for a student, faculty member, staff member, administrator, third party or other employee to harass a student, faculty member, administrator or other college personnel through conduct or communication of a sexual nature. It is a violation of college's policy for any student, faculty member, administrator, third party or other college personnel of Milan to inflict or threaten to inflict, or attempt to inflict sexual violence upon any student, faculty member, administrator, or other college personnel.

Definitions—Sexual Harassment

Non-Title IX Sexual Harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct or other verbal or physical conduct or communication of a sexual nature that does not meet the requirements of Title IX sexual harassment when:

- submission to that conduct or communication is made a term or condition, either explicitly, of obtaining or retaining employment, or of obtaining an education; or
- submission to or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's employment or education; or
- that conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's employment or education, or creating an intimidating, hostile or offensive employment or education environment.

Non-Title IX sexual harassment may also include but is not limited to:

- unwelcome verbal harassment or abuse;
 - unwelcome pressure for sexual activity;
 - unwelcome, sexually motivated, or inappropriate patting, pinching or physical contact, other than necessary restraint of student(s) by faculty members, administrators, college law enforcement, or other college personnel to avoid physical harm to persons or property;
 - unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt threats concerning an individual's employment or educational status;
 - unwelcome sexual behavior or words, including demands for sexual favors, accompanied by implied or overt promises of preferential treatment with regard to an individual's employment or education status; or
 - unwelcomed behavior or words directed at an individual because of gender.
- Of importance is to note that sexual harassment or violence does not have to occur between different genders. Same sex harassment and violence will be treated equally as sexual harassment or violence between same sex members.

Reporting

Any person who believes he or she has been the victim of sexual harassment or violence by a student, faculty member, administrator or other college personnel of Milan should report the occurrence to either the School Director or the Corporate Compliance Department. Privacy

Milan Institute will respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as possible. The college will attempt to honor a student's request that his or her name be withheld if this can be done consistently with the school's obligation to remedy the harassment and take steps to prevent further harassment.

Action

Milan Institute is required to investigate all accusations of sexual harassment and violence and to take the appropriate actions which could include disciplinary proceedings against any individuals found to be in violation of this policy.

Anti-Retribution

ANTI-BULLYING STATEMENT

Milan Institute believes that all students have a right to a safe and healthy school environment in which mutual respect, tolerance, and acceptance are fostered.

Milan Institute will not tolerate behavior that infringes on the safety of any student. A student shall not intimidate, harass, or bully another student through words or actions. Such behavior includes direct physical contact, such as hitting or shoving; verbal assaults, such as teasing or name-calling; social isolation or manipulation; threats either directly or indirectly or any other activities that create a hostile environment at school that is sufficiently serious that it interferes with or limits a student's ability to participate in or benefit from the services, activities, or opportunities offered by a school.

Milan Institute expects students and/or staff to immediately report incidents of bullying to the School Director. Staff members who witness such acts will take immediate steps to intervene when safe to do so. Each complaint of bullying will be promptly investigated. This policy applies to students on school grounds, while traveling to and from school or a school-sponsored activity and during a school-sponsored activity.

Students who bully are in violation of this policy and are subject to disciplinary action up to and including termination.

STUDENT GRIEVANCE POLICY

When problems arise, students should make every attempt to resolve the issue by following the formal complaint procedure. The procedure is as follows:

1. Contact the Lead Instructor in charge to resolve the problem or complaint.
2. If the issue cannot be resolved with the Lead Instructor, contact the School Director to schedule a meeting to discuss the concern.
3. If a mutual solution cannot be reached with the School Director, the student should submit an appeal using the written complaint online at www.milaninstitute.edu/student-complaint-form. A corporate mediator will facilitate review of the grievance within 10 days and a written response will be sent to the complainant with the decision and/or resolution.
4. The student has the right to submit a complaint letter to the school's state agencies and/or accrediting agency.
 - a. Complaints submitted to the school's accrediting agency may be submitted by mail or email to the address below:

The school maintains its complaint log for at least two years.

ARBITRATION POLICY

Should a dispute arise, which could not be settled through the school's internal grievance procedures, students and the school have agreed to arbitration at the time of enrollment as the only means of legal recourse. Any dispute a student may bring against Amarillo College of Hairdressing, Inc., and/or any of its wholly owned subsidiaries, Milan Institute, Milan Institute of Cosmetology, or any of its parents, subsidiaries, successors, officers, directors, or employees, without limitation, (hereinafter collectively and individually referred to as "ACH") or which ACH may bring against a student, no matter how characterized, pleaded or styled, shall be resolved by binding arbitration pursuant to the Federal Arbitration Act and conducted by the American Arbitration Association ("AAA"), at the ACH location which the student attends or was attending, and under its Supplementary Rules for Consumer Related Disputes, and decided by a single arbitrator. Any dispute over the interpretation, enforceability or scope of this Arbitration Agreement shall be decided by the Arbitrator, and not by a Court. Both students and school explicitly waive any right to a jury trial and understand that the decision of the arbitrator will be binding, and not merely advisory.

Neither ACH nor student shall file any lawsuit against the other in any court and agree that any suit filed in violation of this provision shall be promptly dismissed by the court in favor of arbitration. Both ACH and student agree that the party enforcing arbitration shall be awarded costs and fees of compelling arbitration.

The costs of the arbitration filing fee, arbitrator's compensation, and facilities fees that exceed the applicable court filing fee will be paid by ACH.

Any dispute or claim brought by ACH or student shall be brought solely in their individual capacity, and not as a plaintiff or class member in any purported class action, representative proceeding, mass action or consolidated action.

Any remedy available from a court under the law shall be available in the arbitration.

To the extent a student has outstanding federal student loan obligations incurred in connection with their enrollment at ACH, any arbitration award providing monetary damages shall direct that those damages be first paid toward the student loan obligations.

Students and/or ACH may, but need not, be represented by an attorney at arbitration.

Information about the AAA arbitration process and the AAA Supplementary Rules for Consumer Related Disputes can be obtained at www.adr.org or 1-800-778-7879. Students must disclose the Arbitration Agreement document they signed at the time of enrollment to the AAA.

We agree that neither we nor anyone else who later becomes a party to this predispute arbitration agreement will use it to stop you from bringing a lawsuit concerning our acts or omissions regarding the making of the Federal Direct Loan or the provision by us of educational services for which the Federal Direct Loan was obtained. You may file a lawsuit for such a claim or you may be a member of a class action lawsuit for such a claim even if you do not file it. This provision does not apply to other claims. We agree that only the court is to decide whether a claim asserted in the lawsuit is a claim regarding the making of the Federal Direct Loan or the provision of educational services for which the loan was obtained. We make the proceeding agreement only to the extent required by a valid regulation issue by the U.S. Department of Education.

ACADEMIC INFORMATION – ALL PROGRAMS

STUDENT RATIO

An effort is made to keep instructor/student ratios at levels most appropriate to deliver effective education and to adhere to accreditation and/or state mandates. For the Allied Health programs, the maximum instructor/student ratio in lecture classes is 40 students to 1 instructor. In medical and dental labs, the ratio is 20 students to 1 instructor. For all Allied Health programs, when needed, a teaching assistant is provided to further reduce the ratio. For the Cosmetology-Related programs, the student/teacher ratio does not exceed twenty-five students in attendance per instructor.

ADVISORY COMMITTEE

The advisory committee is composed of members chosen as experts in one or more specialized areas. These advisors serve as guest lecturers, perform demonstrations, judge competitions, and meet with faculty and students. Based on their years of experience as successful owners, managers, and self-employed professionals, they are an invaluable source of up-to-date information on advances in our field.

ATTENDANCE POLICY

Due to the fast-paced environment of vocational education, attending every class hour is extremely important. Students who do not attend class hours are missing relevant academic knowledge and career skills. Students who miss class hours are not able to participate in the classroom discussions, questions and answers, cooperative learning activities, and/or hands on activities that improve skill and knowledge retention.

Students are expected to attend and complete all hours scheduled within their academic program.

To ensure the commitment to student success, Milan expects that attendance be taken in all classes, starting with the first day of the class. Class attendance is monitored beginning with the first class meeting, and students are expected to attend all class sessions for which they are scheduled. It is the responsibility of the student to arrange to make up of any course work missed and to notify the instructor when an absence will occur.

Tardiness– If a student is more than 10 minutes late to class, returning to class from breaks and lunch, the student is considered tardy and attendance is penalized in quarter hour increments. For each tardy, points will be deducted from the daily professionalism grade as indicated on the class syllabus.

Absences

Any time that a student misses time (excluding tardiness) will be consider absent. Hours absent are deducted from total daily class time.

Example – Daily class time: 5 hours

Student misses 2 hours; time recorded in the Student Information System is 3 hours.

Student is considered absent for 2 hours.

Excused/ Unexcused absences

Milan Institute does not differentiate between excused and unexcused absences. Students are expected to call in if absent, for courtesy and responsibility, as if they were in the work environment.

Maximum Consecutive Days Absent

If a student misses 14 consecutive calendar days without communication to the school regarding the absences and a plan to return on a specific date, the student will be withdrawn from the program on the 15th consecutive calendar day absent. The date of determination that the student is considered to have withdrawn is no later than 14 days after the student's last date of attendance as determined by its attendance records.

ACADEMIC ADVISING POLICY

Any students falling below Satisfactory Academic Progress (SAP) at mid-point and end of contracted program will be advised of their academic and attendance standing by a designated school official. Students who are not meeting minimum expectations will be provided SAP notification and an Academic Plan to provide guidance on improving standing to achieve completion.

Documentation will be signed by both the school official and the student. The signed documentation will be retained in the student's official academic file located in the Student Information System. Students are expected to check their attendance and progress through the student portal at least weekly to ensure they are meeting academic progress standards. Instructors encourage students to utilize their portal.

See SAP policy for additional information.

All faculty and staff are available to meet with students concerning their academic progress. The school gives the student personalized, friendly vocational guidance and helps with the achievement of goals, aptitude evaluation, assistance in financial arrangements, scheduling training hours, and government-approved programs. Academic Review meetings are also available to address special matters. The Academic Review Committee is composed of the School Director, Dean, Program Coordinators, Financial Aid Advisors, and Instructors. The school refers students to outside agencies when the students request assistance.

VERIFICATION OF ATTENDANCE/TRANSCRIPTS

Graduates requiring official verification of attendance or transcripts to be sent to other educational institutions must submit such a request in writing. Allow 30 days for the verification of attendance or the transcript to be sent.

VETERANS AND ELIGIBLE PERSONS RECEIVING EDUCATIONAL BENEFITS

In addition to the standard policies in this catalog, the following applies to veterans and eligible persons receiving education benefits. Refer to the appropriate sections of this catalog for complete Transfer of Credit Policy; Satisfactory Academic Progress; and Attendance policies.

Transfer of Credit Policy

During the enrollment process, incoming veterans and eligible persons are required to notify their admissions representative regarding their previous coursework and experience. Veterans and eligible persons are required to request credit for previous coursework or experiential training for any program offered by the school. The institution will evaluate all previous education and training and grant credit when appropriate. Credits allowed will be recorded on the enrollment record and the length of the program shortened proportionately. The student shall be notified, with record of the evaluation and supporting transcripts being kept of this process. Prior to enrollment, each student must provide the school with an official transcript with all previous postsecondary education and training and, if applicable, the student's military discharge document DD-214 form. Students should refer to the "Transfer of Credit" portion of this catalog for more detailed information specific to their program.

Satisfactory Academic Progress

As with regular students, when progress of a student is unsatisfactory for an evaluation period, the student will be placed on Satisfactory Academic Progress warning. If, however, during the next progress period the student's progress is still unsatisfactory, the student's VA benefits will be interrupted and the Department of Veterans Affairs will be notified immediately. Students will only receive VA benefits, based on their eligibility, for the published length (100%) of the program. Students should refer to the "Satisfactory Academic Progress Policy" portion of this catalog for more detailed information specific to their program.

Academic Advising

This section is the same for all students. See the appropriate catalog section for more information.

Attendance Advising

This section is the same for all students. See the appropriate catalog section for more information.

Students receiving veterans' educational benefits will be reported to the Department of Veterans Affairs upon taking a leave of absence. They may be re-enrolled for educational benefits upon return to class.

Repeat Courses

The VA does not grant education benefits for the repeat of a course for which an acceptable passing grade was previously earned.

Conduct Policy

Eligible students must submit a certificate of eligibility, a written request to use such entitlement, and any additional information needed to certify enrollment. Students will continue have access to classes, libraries, and other institutional facilities as outlined in our catalog. No late fees will be assed and student's accounts will be considered on hold, up to 90 days. Title 38 USC 3679 (e).

RE-ENTRY/REINSTATEMENT ASSESSMENT

All programs except Cosmetology-related programs

Re-entry/Reinstatements less than 6 months from Last Day of Attendance (LDA)

1. If applicable, a student's technical skills will be evaluated to determine current competency in the practical aspects of the program and treated as if the student did not cease attendance for purposes of determining the student's academic standing for the period. If skills are lacking, a Course Improvement Action will be required.
2. The student will be given credit for the courses previously successfully passed. Any student reinstating with a cumulative grade-point average below a 2.00, will repeat any course(s) below a 2.00 GPA.
3. A student with only externship course remaining must be evaluated on technical based skills required for externship. If a student is proficient in all the technical/hands on skills, the student may proceed to externship. If a student is not proficient in all the technical/hands on skills, the student will need to be placed on a Course Improvement Action Plan until skills are considered proficient for the externship.
4. A student may have a discussion with the campus Education Leader to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education Form.

-
5. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

Re-entry/Reinstatements greater than 6 months from LDA

1. A student accepted for re-entry/reinstatement will be required to pass academic and/or technical skill assessments with a 70% or higher for each course previously completed with a 2.00 GPA or higher to be eligible for course credit. Any course below a 2.00 GPA will be repeated. The Education Leader will set up course and skill assessment with the instructors.
2. A student may have a discussion with the campus Education Leader, after the review of the evaluation for acceptance of prior education, to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education.
3. A student must be enrolled in any course(s) that have changed since the prior enrollment.
4. Any student who is reinstating directly to externship will reinstate dependent upon Career Services placement of the student on an extern site. The re-entry/reinstatement date will be provided by Career Services to ensure that a site is available.
5. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

Additional Re-entry/Reinstatement Guidelines

Re-entering/Reinstating a student who needs skill improvement prior to beginning courses or going to externship:

1. After the evaluation of prior education has been completed, if applicable, a Course Improvement Plan will be executed to enroll a student into a specific course to prepare the student to successfully move forward in the program (examples - additional modules or externship). This will often be used for skill improvement in medical, dental, and massage.
2. The Course Improvement Plan should include specific skills and/or knowledge the student is deficient and needs improving. The student will be enrolled into the course that offers laboratory/clinical that will allow the student to successfully reach proficiency. A student will be enrolled into an entire course or module focusing on specific skills that require improvement.
3. The Course Improvement Plan must contain the specific course or module the student is enrolling and specific skills focusing on (in addition to the course content). It is imperative that the student is enrolled and scheduled in a specific course or module.
4. Once the student is enrolled in the course, the course grade previously earned will revert to Repeat ("R"). A new course with scheduled and attended hours will appear on the transcript.

All Cosmetology Related Programs

Re-entry/Reinstatements less than 6 months from LDA

1. The student will be given credit for the technical skills, academic tests, and hours previously completed. In addition, if applicable, attendance, academic, and practical action plans will be created to ensure student success.
2. Students who are accepted for re-entry/reinstatement in these clock hour programs within 180 days from their last date of attendance will be allowed to maintain their prior earned hours.

3. A student may have a discussion with the campus Education Leader to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education.

4. Any student re-entry/reinstatement with a cumulative grade-point average below a 2.00 will have an academic assessment completed (written assessment). If applicable, an academic action plan will be created to assist the student in achieving the required 2.00 GPA.

5. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

Re-entry/Reinstatements greater than 6 months from LDA

1. Any student accepted for re-entry/reinstatement in a clock hour program after 180 days from their last date of attendance will have assessment testing completed to determine retention of prior education – both academic and technical assessments.

2. Assessments determines the prospective student's technical skills and academic knowledge compared to Milan's check points as defined for student progress.

3. A student may have a discussion with the campus Education Leader, after the review of the evaluation for acceptance of prior education, to address the student's desire to repeat coursework to improve academic outcomes. If, after discussion with the campus Education Leader, it is decided that in the best interest of the student to repeat the coursework/hours, the campus Education Leader will record on the Evaluation of Prior Education that the prior education has been forfeited to improve educational outcomes. A written statement by the student explaining reasoning for repeating course work will also be attached to the Evaluation of Prior Education.

4. All re-entry/reinstatements will have any prior Satisfactory Academic Progress status determination applied to the re-entry/reinstatement as required.

SATISFACTORY ACADEMIC PROGRESS POLICY

Satisfactory Academic Progress ("SAP") is a requirement for all Milan Institute students. Students receiving funds under any Federal Title IV financial aid assistance programs must maintain satisfactory academic progress in order to continue eligibility for such funds. Progress is measured in terms of both attendance and course work. The SAP policy is provided to students prior to enrollment.

All students are evaluated for Satisfactory Academic Progress at the end of the first payment period or midpoint of the program or academic year, and at the end of the program or academic year. All evaluation points for Satisfactory Academic Progress are located in the Program Outlines portion of this catalog.

Clock Hour Program

The student's academic progress is evaluated at the point the student is scheduled to complete the required clock hours for that payment period. Students must maintain (1) an accumulative grade point average of 2.0, and (2) an attendance rate of 66.67% of the scheduled hours.

To successfully complete a program, the student must complete 100% of the program requirements within no more than 150% of the program length, measured in scheduled hours.

Credit Hour Program

The student's academic progress is evaluated at the point the student has been scheduled for the required credit hours for the payment period in review. Students must maintain (1) an accumulative grade point average of 2.0 and (2) complete 70% of the units attempted with a 1.0 or higher grade for the payment period in review.

To successfully complete a program, the student must complete 100% of the program credits within no more than 150% of the program length, as measured by attempted credits.

Clock Hour Programs and Credit Hour Programs:

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory progress until the next scheduled evaluation.

If a student is granted credit for previous training or experience, the granted courses will not be assigned a letter grade but will be recorded with a grade of “pass,” which will not count towards the student’s grade point average calculation and will not affect the grade point average element of satisfactory academic progress. Transfer hours are included as completed hours for purposes of measuring rate of progress.

Transfer hours are accepted toward completion of a student’s program as both hours attempted and hours completed for the purpose of determining when the allowable maximum timeframe has been exhausted. SAP evaluation periods are based on scheduled contracted hours at the institution

Grading

The school uses a four –point scale to determine academic standing according to the following grading chart:

Letter Grade	Numerical Percentage	Description	Quality Points
A	90 – 100%	Outstanding	4.0
B	80 - 89%	Above Average	3.0
C	70 – 79%	Average	2.0
D	60 – 69%	Below Average	1.0
Fail	0 – 59%	Failing	0.0
Pass	N/A	Pass	N/A
INC	N/A	Incomplete	N/A
W	N/A	Withdrawn	N/A
WC	N/A	Withdrawn – Cancel	N/A
Repeat	N/A	Repeated	N/A

Failing (Fail): A student who unsuccessfully completes a course and receives a 59% or lower in required course elements receives a failing grade (Fail) for the course. Students who receive a failing grade (Fail) in a required course must repeat the course and receive a passing grade or receive transfer credit for the course in order to graduate. When the student repeats the course with a passing grade or receives transfer credit, original failing grade will be changed to a repeated grade (Repeat) on the transcript.

Passing (Pass): A student who is granted credit for previous training or experiential training will have the relevant courses assigned a passing grade (Pass), which will not affect the student’s grade point average and will not affect this element of satisfactory progress.

Incomplete (INC): An incomplete grade (INC) signifies not all the required coursework was completed during the course. Students receiving an incomplete grade (INC) will have two weeks from the end of the academic module to complete the required course work which will lead to the removal of the incomplete grade. An incomplete grade (INC) will not be computed in the student’s grade point average if the completed work is finished within

the time frame specified in the grading policy. For credit hour courses, if the incomplete work is not finished within this time frame, the incomplete grade (INC) will revert to a letter grade based on an averaging of the grades achieved on all course work previously completed in the course. For clock hour courses, if the student did not complete the hours, the incomplete grade will become a Failing (F) grade.

Withdrawal – Cancel (WC): A student who elects to withdraw from his or her program of choice during the cancellation period will receive a withdrawal – cancel (WC) grade for all courses attempted or completed during the cancellation period. A grade of Withdrawal – Cancel (WC) will not count towards the quantitative evaluation.

Withdrawal (W): Students who are withdrawn from a course after the cancellation period will receive a withdrawal grade (W). In addition, students who are withdrawn from a program will receive a withdrawal grade (W) for all courses that were being attempted at the time of the withdrawal.

Repeat (Repeat): A student who repeats a previously attempted course will have the grade from the original attempt at the course changed to a repeated grade (Repeat) on the transcript.

CONSEQUENCES OF FAILURE TO MEET SATISFACTORY ACADEMIC PROGRESS STANDARDS

Financial Aid Warning (FA Warning) – Students who fail to meet minimum requirements for completion or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Financial Aid Probation (FA Probation) – Students who fail to meet minimum requirements for completion rate or academic progress after the warning period will be notified of their termination of eligibility for Federal Student Aid funds. If the student files an appeal of academic progress and prevails, they will be placed on probation and considered to be making satisfactory academic progress during the probationary period. Students on financial aid probation remain eligible for Federal Student Aid funds. Students must be placed on an academic plan and must be able to meet requirements set forth in the academic plan by the end of the probationary evaluation period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Failed FA Probation or Exceeding 150% of the Program Length - Students who fail probation will lose their eligibility for Federal Student Aid for the program in which they are enrolled. Within 5 business days the Campus Director will counsel the student and complete a “FA Ineligible Letter” to determine if student will continue their program on a cash payment plan or be dropped from the program. A signed copy must be emailed to SRC group. A cash payment plan will need to be in place within 5 business days from the original notification of FA Ineligible status notification. If not received by the timeline outlined above, the SRC will email a notification to the COO for final decision to allow an extension or proceed with dropping immediately.

Maximum Timeframe (MTF) – For a program measured in credits, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured in credits. MTF includes all hours attempted, which include successfully completed credits, transfer credits, withdrawals, and repeated classes.

For a program measured in clock hours, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured by the number of scheduled clock hours the student is required to complete and expressed in calendar time.

Quantitative Evaluation - Students are required to complete a minimum of 66.67% of the scheduled clock hours or financial aid credits required based on the applicable program requirements to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period

to determine if the student has met the minimum requirements. The completion percentage is determined by dividing the total clock hours or financial aid credits attended/earned by the total number of clock hours or financial aid credits scheduled in the evaluation period. At the end of each evaluation period, Milan will determine if the student has maintained at least 66.67% cumulative completion rate which indicates that, given the same progression rate, the student will graduate within the maximum time frame [150%] allowed. Transfer clock hours or financial aid credits and those for which a student received a grade of "W," "I" or "R" will also be included in the Quantitative Evaluation.

Qualitative Evaluation The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students complete various in and out of class assignments, quizzes, projects, technical skills, and exams required for each course. Students are assigned theory study and a minimum number of practical assignments as required for course completion. Academic progression is evaluated after each course is completed. Students must maintain a grade point average of 2.0 or higher. Grades for Transfer clock hours or financial aid credits and Withdrawal (W), Withdrawal – Cancel (WC), Incomplete (INC) will not count towards Qualitative Evaluation. For Repeat classes, the latest grade will be included in the Qualitative Evaluation.

Evaluation Periods - Milan shall evaluate academic progress for all students at regular intervals (i.e., end of each payment period, academic year or program completion as detailed in the Satisfactory Academic Progress Master Program List). Evaluations must be performed when a student reaches the scheduled hours of a payment period.

Appeal Procedure

A student who loses aid eligibility due to failure to maintain satisfactory academic progress may appeal the status. The student must submit a written appeal of the dismissal within one week of the date the school took action. The appeal should be addressed to the School Director. The reasons for which a student may appeal include death of a relative, an injury or illness of the student, death in the family, etc. Supporting documentation must accompany the written appeal. For example, an appeal based on illness of the student should include applicable medical documentation. After successful appeal, with an academic plan, the student will be placed on SAP Probation for the following evaluation/payment period. The student must be at satisfactory academic progress at the end of the probationary period or financial aid eligibility will be terminated.

The student's appeal must address the following:

- The basis for the appeal – description of the special circumstances and,
- the reason why the student failed to meet the SAP standard(s) and,
- what has changed in the student's situation so that he or she will now be able to meet SAP standards.

Leave of Absence / Temporary Interruptions – For students returning from an approved leave of absence, their contract period and maximum time frame will be extended by the same number of days taken in the leave of absence. Reasonable provisions will be provided for LOAs or other temporary interruptions, such as academic advising or review of material when resuming training.

SAP Re-Entry - Students who have violated FA Probation and have been dismissed shall not be readmitted to the same program if they have exceeded, or may exceed, MTF until they re-establish appropriate SAP standing (e.g., transfer credits, as appropriate).

Re-enrollment/Re-entrance

Re-enrollment or re-entrance will be approved only after evidence is shown to the School Director's satisfaction that conditions which caused the interruption or unsatisfactory progress have been corrected. Re-entering students return to the institution in the same progress status as when they left.

LEAVE OF ABSENCE

Milan Institute permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, that there is a reasonable expectation that the student will return, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education, including pregnancy (including childbirth, false pregnancy, termination of pregnancy, and recovery therefrom), temporary disability, medical reasons, or other reasons such that the campus determines that an LOA is in the student's best interest. A student may take multiple leaves of absence as long as the total leaves of absence do not exceed 180 days during any 12-month period.

However, an LOA will not be granted for any of the following reasons:

- The courses that the student needs are not available;
- The courses that the student needs are available, but the student declines to take them;
- An externship/internship site is not available for the student;
- A student is unable to pay tuition;
- The student is failing a course(s); or
- To delay the return of unearned federal funds.

Students requesting an LOA must submit a signed and completed Leave of Absence Request Form prior to the beginning date of the leave. If circumstances of an unusual nature that are not likely to recur prevent the student from submitting the request in advance, the leave may still be granted, but only if:

- The school documents the unforeseen circumstances and the Education Leader, Education Leader or School Director determines that these circumstances meet the exception requirements (i.e., "of an unusual nature and not likely to recur"), for example, if a student were injured in a car accident and needed a few weeks to recover before returning to the institution, the student would not have been able to request the LOA in advance, and
- The student submits a signed and completed Leave of Absence Request Form. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.

Students granted an LOA that meets these criteria are not considered to have withdrawn, and no refund calculation is required at that time.

Re-Admission Following a Leave of Absence

- Upon return from leave, the student will be required to repeat the modules or class, if it had been interrupted, and receive final grades.
- The student will not be charged any fee for the repeat of any module or class from which the student took leave or for students returning from a leave of absence.
- The date the student returns to class is normally scheduled for the beginning of a class or module.
- When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

Extension of Leave of Absence

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Dean, Education Leader or School Director provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave.
- There is a reasonable expectation the student will return.

- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave.
- Appropriate modules or classes required for completion of the program will be available to the student on the date of return.
- If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date. If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

Return from a Leave of Absence

A student must return from a LOA on or prior to the scheduled date of return. Students in modular based programs may return prior to the scheduled return date as long as they return on the first day of any appropriate module.

Failure to Return from a Leave of Absence

If the student does not return from LOA as defined above, the student will be withdrawn. The withdrawal date will be the student's last day of attendance (LDA) for purposes of calculating a refund. A Title IV refund calculation will be completed using the last date of attendance prior to the start of the LOA.

Possible Effects of Leave of Absence

Students who are contemplating an LOA should be cautioned that one or more of the following factors may affect the length of time it will take the student to graduate.

- In the event that an interruption in academic study is required, and a LOA is needed, it is in a student's best interest to begin the leave once the course is completed. If that option is not possible and depending on when the LOA is requested, the student will either earn a grade in the course based on all coursework completed and not completed or be Withdrawn from the course with a grade of "W". In most cases a student will be with withdrawn and the course will have to be repeated in its entirety. When a student takes an LOA the student's course schedule is impacted and often may result in the student withdrawing from the program at a later time until the required course is available. Upon returning from an LOA, a student must return at the beginning of a module/course
- Students returning from an LOA are not guaranteed that the module or class required to maintain the normal progress in their training program will be available at the time of reentry.
- They may have to wait for the appropriate module to be offered.
- Financial aid may be affected.
- The LOA could also affect the student's:
 - Loan repayment terms, including the exhaustion of some or all of the student's grace period.
 - Rate of progress.
 - Maximum time frame for completion.

A leave of absence does not impact Satisfactory Academic Progress. A leave of absence extends the student's contract period and maximum time frame by the same number of days taken in the leave of absence. During a leave of absence, no new aid will be awarded to a student and Direct Loan funds cannot be disbursed. No additional charges will be assessed as a result of the leave of absence.

Students that fail to return and are considered withdrawn, may have exhausted all or a portion of their grace period and repayment of Direct Loans may begin immediately. It is important that students considering a leave of absence meet with and Education Finance Advisor to discuss the impact on their individual student loans.

CLASS SCHEDULE

Milan Institute holds classes each Monday through Saturday, with days and times varying for each program.

Milan Institute also recognizes legal holidays. Milan Institute informs students when classes and holiday schedules vary (see the insert in the back of the catalog). Students may be required to attend class for additional hours or days when a holiday falls on a scheduled class day. Classroom instruction consists of 50-minute periods. Evening and Saturday classes are available for some programs. Please contact the admissions department for specific information.

EXTERNSHIP DISCLOSURE

The courses offered at Milan Institute require an externship (work experience) as part of the graduation requirement. The externship must be completed prior to receiving the Certificate of Completion for the program. Externship hours are completed at extern sites off campus. It is, therefore, the student's responsibility to secure his/her own transportation to and from the extern site. It is also the student's responsibility to pay any costs associated with his/her transportation to and from the extern site.

STUDENT WITHDRAWAL BY SCHOOL

Student withdrawal by the school will result from unsatisfactory grades, poor attendance, failure to achieve the appropriate proficiency and skill levels within the prescribed time period, use of controlled substances on campus, conduct detrimental to the school, failure to comply with financial aid regulations or non-observance of other student regulations and conduct policies.

Progress is measured in terms of both attendance and course work. The SAP policy is provided to students prior to enrollment.

All students are evaluated for Satisfactory Academic Progress at the end of the first payment period or midpoint of the program or academic year, and at the end of the program or academic year. An academic year in a clock hour program is a minimum of 900 clock hours AND 26 weeks. A week is considered any seven-day period from Sunday through Saturday in which at least one schedule class day occurs.

Clock Hour Program

The student's academic progress is evaluated at the point the student is scheduled to complete the required clock hours for that payment period. Students must maintain (1) an accumulative grade point average of 2.0, and (2) an attendance rate of 67% of the scheduled hours.

To successfully complete a program, the student must complete 100% of the program requirements within no more than 150% of the program length, measured in scheduled hours.

Students who meet the minimum requirements for attendance and academic performance are considered to be making satisfactory progress until the next scheduled evaluation.

If a student is granted credit for previous training or experience, the granted courses will not be assigned a letter grade but will be recorded with a grade of "pass," which will not count towards the student's grade point average calculation and will not affect the grade point average element of satisfactory academic progress. Transfer hours are included as completed hours for purposes of measuring rate of progress.

Transfer hours are accepted toward completion of a student's program as both hours attempted and hours completed for the purpose of determining when the allowable maximum timeframe has been exhausted. SAP evaluation periods are based on scheduled contracted hours at the institution.

Grading

To assess the qualitative measure of academic progress, students are assigned theory study and a minimum number of practical performances. Theory is evaluated after each unit of study. Practical assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the skill does not meet satisfactory requirements, it is not counted and the skill must be repeated. At least two comprehensive practical skills evaluations will be conducted during the course of study. Practical skills are evaluated according to text procedures, performance standards established by the state licensing agency, and set forth in the practical skills evaluation criteria adopted by the school. Students must maintain a cumulative

grade average of 70% and pass a FINAL academic and skill exam prior to graduation. Students must make up failed or missed tests and incomplete assignments.

Non-credit Remedial Courses

Non-credit remedial courses have no effect upon the institution's satisfactory academic progress standards as no such courses are offered.

Institutional Withdrawal

Withdrawing from the institution has no effect upon the student's satisfactory academic progress.

The school uses a four –point scale to determine academic standing according to the following grading chart:

Letter Grade	Numerical Percentage	Description	Quality Points
A	90 – 100%	Outstanding	4.0
B	80 - 89%	Above Average	3.0
C	70 – 79%	Average	2.0
D	60 – 69%	Below Average	1.0
Grad	N/A	Grad	N/A

Grad (Grad): A student who successfully completes a Cosmetology related program and meets the requirements for graduation from that program will receive a grad grade (Grad) for the final grade of the program.

CONSEQUENCES OF FAILURE TO MEET SATISFACTORY ACADEMIC PROGRESS STANDARDS

Financial Aid Warning (FA Warning) – Students who fail to meet minimum requirements for completion or academic progress are placed on warning and considered to be making satisfactory academic progress during the warning period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Financial Aid Probation (FA Probation) – Students who fail to meet minimum requirements for completion rate or academic progress after the warning period will be notified of their termination of eligibility for Federal Student Aid funds. If the student files an appeal of academic progress and prevails, they will be placed on probation and considered to be making satisfactory academic progress during the probationary period. Students on financial aid probation remain eligible for Federal Student Aid funds. Students must be placed on an academic plan and must be able to meet requirements set forth in the academic plan by the end of the probationary evaluation period. The student will be advised in writing on the actions required to attain satisfactory academic progress and maintain eligibility for Federal Student Aid by the next evaluation.

Failed FA Probation or Exceeding 150% of the Program Length - Students who fail probation will lose their eligibility for Federal Student Aid for the program in which they are enrolled. Within 5 business days the Campus Director will counsel the student and complete a “FA Ineligible Letter” to determine if student will continue their program on a cash payment plan or be dropped from the program. A signed copy must be emailed to SRC group. A cash payment plan will need to be in place within 5 business days from the original notification of FA Ineligible status notification. If not received by the timeline outlined above, the SRC will email a notification to the COO for final decision to allow an extension or proceed with dropping immediately.

Maximum Timeframe (MTF) – For a program measured in credits, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured in credits. MTF includes all hours attempted, which include successfully completed credits, transfer credits, withdrawals, and repeated classes.

For a program measured in clock hours, MTF is defined as a period that is no longer than 150% of the published length of the educational program, as measured by the number of scheduled clock hours the student is required to complete and expressed in calendar time.

Quantitative Evaluation - Students are required to complete a minimum of 66.67% of the scheduled clock hours or financial aid credits required based on the applicable program requirements to be considered maintaining satisfactory attendance progress. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The completion percentage is determined by dividing the total clock hours or financial aid credits attended/earned by the total number of clock hours or financial aid credits scheduled in the evaluation period. At the end of each evaluation period, Milan will determine if the student has maintained at least 66.67% cumulative completion rate which indicates that, given the same progression rate, the student will graduate within the maximum time frame [150%] allowed. Transfer clock hours or financial aid credits and those for which a student received a grade of "W," "I" or "R" will also be included in the Quantitative Evaluation.

Qualitative Evaluation - The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic learning. Students are assigned theory study and a minimum number of skill assignments as required for course completion. Academic progression is evaluated after each unit of study. Students must maintain an academic grade average of 2.0 or 70% and pass a final academic and skill exam prior to graduation. Students must make up failed or missed tests and/or courses. Grades for Transfer clock hours or financial aid credits and Withdrawal (W), Withdrawal Cancel (WC), Incomplete (INC) will not count towards Qualitative Evaluation. For Repeat classes, the latest grade will be included in the Qualitative Evaluation.

Evaluation Periods - Milan shall evaluate academic progress for all students at regular intervals (i.e., end of each payment period, academic year or program completion as detailed in the Program Overviews). Evaluations must be performed when a student reaches the scheduled hours of a payment period.

Appeal Procedure

A student who loses aid eligibility due to failure to maintain satisfactory academic progress may appeal the status. The student must submit a written appeal of the dismissal within one week of the date the school took action. The appeal should be addressed to the School Director. The reasons for which a student may appeal include death of a relative, an injury or illness of the student, death in the family, etc. Supporting documentation must accompany the written appeal. For example, an appeal based on illness of the student should include applicable medical documentation. After successful appeal, with an academic plan, the student will be placed on SAP Probation for the following evaluation/payment period. The student must be at satisfactory academic progress at the end of the probationary period or financial aid eligibility will be terminated.

The student's appeal must address the following:

- The basis for the appeal – description of the special circumstances and,
- The reason why the student failed to meet the SAP standard(s) and,
- What has changed in the student's situation so that he or she will now be able to meet SAP standards.

Leave of Absence / Temporary Interruptions – For students returning from an approved leave of absence, their contract period and maximum time frame will be extended by the same number of days taken in the leave of absence. Reasonable provisions will be provided for LOAs or other temporary interruptions, such as academic advising or review of material when resuming training.

SAP Re-Entry - Students who have violated FA Probation and have been dismissed shall not be readmitted to the same program if they have exceeded, or may exceed, MTF until they re-establish appropriate SAP standing (e.g., transfer credits, as appropriate).

Re-enrollment/Re-entrance

Re-enrollment or re-entrance will be approved only after evidence is shown to the director's satisfaction that conditions which caused the interruption or unsatisfactory progress have been corrected. Re-entering students return to the institution in the same progress status as when they left.

LEAVE OF ABSENCE – Cosmetology Related Programs

Milan Institute permits students to request a leave of absence (LOA) as long as the leave does not exceed a total of 180 days during any 12-month period, starting from the first day of the first leave, that there is a reasonable expectation that the student will return, and as long as there are documented, legitimate extenuating circumstances that require the students to interrupt their education, including pregnancy (including childbirth, false pregnancy, termination of pregnancy, and recovery therefrom), temporary disability, medical reasons, or other reasons such that the campus determines that an LOA is in the student's best interest. A student may take multiple leaves of absence as long as the total leaves of absence do not exceed 180 days during any 12-month period.

However, an LOA will not be granted for any of the following reasons:

- The courses that the student needs are not available;
- The courses that the student needs are available, but the student declines to take them;
- An externship/internship site is not available for the student;
- A student is unable to pay tuition;
- The student is failing a course(s); or
- To delay the return of unearned federal funds.

Students requesting an LOA must submit a signed and completed Leave of Absence Request Form prior to the beginning date of the leave. If circumstances of an unusual nature that are not likely to recur prevent the student from submitting the request in advance, the leave may still be granted, but only if:

- The school documents the unforeseen circumstances and the Education Leader, Dean or Director determines that these circumstances meet the exception requirements (i.e., "of an unusual nature and not likely to recur"), for example, if a student were injured in a car accident and needed a few weeks to recover before returning to the institution, the student would not have been able to request the LOA in advance, and
- The student submits a signed and completed Leave of Absence Request Form. The beginning date of the approved LOA would be determined by the institution to be the first date the student was unable to attend the institution because of the accident.

Students granted an LOA that meets these criteria are not considered to have withdrawn, and no refund calculation is required at that time.

Re-Admission Following a Leave of Absence

- Upon return from leave, the student will be required to repeat the modules or class, if it had been interrupted, and receive final grades.
- The student will not be charged any fee for the repeat of any module or class from which the student took leave or for students returning from a leave of absence.
- The date the student returns to class is normally scheduled for the beginning of a class or module.
- When a student is enrolled in a modular program, the student may return at any appropriate module, not only the module from which the student withdrew.

Extension of Leave of Absence

A student on an approved LOA may submit a request to extend the LOA without returning to class. Such a request may be approved by the Dean, Education Leader or Director provided:

- The student submits a completed LOA Extension Request Form before the end date of the current leave.
- There is a reasonable expectation the student will return.

- The number of days in the leave as extended, when added to all other approved leaves, does not exceed 180 calendar days in any twelve (12) month period calculated from the first day of the student's first leave.
- Appropriate modules or classes required for completion of the program will be available to the student on the date of return. If the extension request is approved, the end date of the student's current leave will be changed in the official student information system to reflect the new end date. If the request is denied, the student will be withdrawn and the withdrawal date will be the student's last date of attendance (LDA).

Return from a Leave of Absence

A student must return from a LOA on or prior to the scheduled date of return. Students in modular based programs may return prior to the scheduled return date as long as they return on the first day of any appropriate module.

Failure to Return from a Leave of Absence

If the student does not return from LOA as defined above, the student will be withdrawn. The withdrawal date will be the student's last day of attendance (LDA) for purposes of calculating a refund. A Title IV refund calculation will be completed using the last date of attendance prior to the start of the LOA.

Possible Effects of Leave of Absence

Students who are contemplating an LOA should be cautioned that one or more of the following factors may affect the length of time it will take the student to graduate.

- Students returning from a LOA are not guaranteed that the module or class required to maintain the normal progress in their training program will be available at the time of reentry
- They may have to wait for the appropriate module to be offered
- Financial aid may be affected
- The LOA could also affect the student's:
 - Loan repayment terms, including the exhaustion of some or all of the student's grace period
 - Rate of progress
 - Maximum time frame for completion

MAKE-UP WORK

Students who do not obtain a satisfactory score are required to re-take the test or another version of the test for that subject before the end of the month (or within the first five days of the following month) to obtain a satisfactory or better score. Students who miss a test due to an absence are encouraged to make up the test within the same month it was missed, but the school acknowledges that the student does have until the course completion to ensure that all requirements are met. Cumulative theory averages are based on tests taken from the beginning of the course through the month being evaluated.

Nevada state laws limit students to 10 hours per week of extra classes beyond their program's regularly scheduled hours (10 makeup hours). Also, students cannot be scheduled for more than 10 hours of classes per day or 40 hours of classes per week.

GRADUATION REQUIREMENTS

Upon successful completion of the program students may be eligible to sit for the State licensing exam. Students in all programs must complete all subjects outlined in their designated program with no grade under 75% in any subject to be eligible for graduation. All students are required to pass the school's final examination with a grade of not less than 75% on both practical and written exams prior to graduation. Students who are in good standing

with their financial obligations to the school will receive their Certificate of Completion and transcript. The student must also meet the requirements set forth by the Nevada State Board of Cosmetology

LICENSURE EXAMINATION

Examination for licensure shall consist of both a practical and written examination for each of these principles. The written examination is broken into 2 exams. A written examination provided by the National Interstate Council of State Boards of Cosmetology (NIC) on comprehensive cosmetology is given as well as a Nevada State Law examination. Both must be passed with a 75%. The practical portion of the examination is developed by the Nevada State Board of Cosmetology. This is a pass/fail examination that is equal to a 75% pass rate.

Milan Institute issues the State Board practical exam. A student can reschedule the practical exam without penalty. The practical exam must be passed before a student can apply at the board for the written exams. Failure to show for the written exam will forfeit the applicant fees and a re-application must occur.

FAILURE TO PASS LICENSURE EXAMINATION

Failure to appear for an examination, unless approved by the board, shall cause an immediate forfeiture of the application fee. The practical exam must be passed before a student can apply at the board for the written exams. Failure to show for the written exam will forfeit the applicant fees and a re-application must occur.

LICENSING REQUIREMENTS

The State of Nevada – State Board of Cosmetology has provided the following guidelines for admission to testing as they relate to “good moral character” as a precursor for licensure:

1. Anyone with a felony conviction involving a violent crime will not be admitted for testing.
2. Anyone who has not yet completed his/her sentence, parole, and/or probation periods will not be admitted for testing.

The general requirements for obtaining a license are that all applicants must:

- pass the National Examination;
- Pass the Nevada Law Test;
- pass the Practical Examination (not applicable for an Instructor license);
- pay the required fee; and;
- not have committed an act that constitutes a ground for denial of the license.

In addition to the general requirements, an applicant for an Advanced Esthetician or Esthetician license is entitled to the license if the applicant:

- is at least 18 years of age;
- supplies proof of a high school diploma *or*;
- supplies proof of successful completion of the equivalent of 12th grade—Certificate of High School Equivalency; *or*;
- passes an approved US Department of Education ability to benefit test, and;
- completes the school’s 900-hour Advanced Esthetician program or completes the 600-hour Esthetician Program

REFUSAL, REVOCATION OR SUSPENSION OF REGISTRATION OF LICENSE

The board may either refuse to issue or renew, or may suspend or revoke, any registration or license for any one (1) of the following causes:

- (1) Conviction of a felony evidenced by a certified copy of the record of the court of conviction;
- (2) Malpractice or in competency;
- (3) Continued practice by a person knowingly having an infectious or contagious disease;
- (4) Advertising by means of knowingly false or deceptive statements;
- (5) Habitual intoxication or addiction to the use of morphine, cocaine, or other habit-forming drugs;
- (6) Immoral or unprofessional conduct;
- (7) Where the application is fraudulently made or the registration or license fraudulently obtained;
- (8) The violation of any of the provisions of this chapter, or rules adopted pursuant thereto

Massage Therapy Course Descriptions

practice, which will enable them to work more effectively with clients.

Anatomy and Physiology ANP122

This module offers massage therapy students an in-depth study of the organization and structure of the human body as well as the functions of the human body. Students will explore the major organ systems, explaining how and why the body works the way it does, with emphasis on the specialized needs of massage students. In addition to exploring the body systems, students will study the physiological effects of massage on the body.

Movement Arts MAR123

In this module, students will be introduced to kinesiology, sports massage, and passive joint mobilization. Students will study movement, including joint types, ranges of motion, and the lever-action muscle groups that act upon these joints. Students will be able to describe the interaction of agonistic, synergistic, and antagonistic muscle groups, and the interrelationship of these muscle groups. The focus on Sports Massage presents the benefits of massage used in conjunction with sports, considered by many athletes to be essential for peak performance with minimal risk of injury. Students will learn pre/post- sporting event massage techniques, as well as preventive and rehabilitation massage methods. Students will learn how to apply joint movements while the client remains passive (non- moving or relaxed), leading to the loosening of holding patterns in various joints and resulting in a greater range of motion and reduced joint stress.

Pathology and Eastern Arts PEA124

This module focuses on pathology for massage therapists as well as Shiatsu and Acupressure. During Pathology students will gain a basic understanding of the disease process and how it affects the body's functions. Students will learn the common diseases and disorders of each organ system, as well as indications and contraindications for massage. During the focus on Eastern Arts, students will learn the theory and practice of Shiatsu and Acupressure massage, including the foundations of traditional Chinese medicine including the classical theories of yin and yang, the five phases, the concept of Qi, meridian theory as it relates to massage, and breathing and mind-body centering techniques. Students will learn the basic skills and techniques enabling them to demonstrate a full body Shiatsu massage. Students will demonstrate hands on techniques for giving and receiving acupressure's therapeutic and transformational system of touch that promotes healing, increases energy, and relieves emotional stress.

Deep Tissue and Business DTB125

This module provides students with the skills to perform various deep tissue massage techniques and focuses on Business Management and Law. Students will learn to perform deep tissue techniques for muscle redefinition by releasing stagnation, knots, and spasms that lie deep within the muscular tissue. In addition, they will develop therapeutic strategies to address acute and chronic muscular conditions while developing and maintaining proper body mechanics to prevent injury. Business Management and Law focuses on issues necessary to build and maintain a massage practice. Students will learn how to communicate with clients and associates effectively and professionally, determine permit requirements, navigate legal aspects, keep records, and understand tax information. Students will gain an understanding of the professional standards, code of ethics, and scope of practice necessary to build a strong foundation for a successful career in massage therapy. This module also provides education on HIPAA regulations.

Massage Techniques and CPR MTC126

In this module students will learn about various massage techniques including prenatal and pediatric, chair, and reflexology. Students will receive instruction on client evaluations using SOAP note format and complete CPR and First Aid education. Students will learn the applications of massage for the special needs of women during the prenatal and postpartum stages of pregnancy including the anatomical and physiological changes that occur with pregnancy while acquiring the massage skills appropriate for each stage of pregnancy. Indications and contraindications of massage during pregnancy will be covered as well as the signs and symptoms of high-risk pregnancies. In association with pregnancy massage, this technique to perform pediatric massage, including Swedish massage, relaxation techniques, and passive range-of-motion exercises will be presented. During chair massage,

Massage Therapy Course Descriptions

defined as a compact, efficient style of bodywork performed through the clothing while the recipient is in a comfortable seated position, students will learn various techniques applied to the head, neck, shoulders, arms, and back while the client is sitting in a chair. Along with the chair massage sequence, marketing techniques and strategies will be presented. Reflexology introduces students to the history, theory, and practice. Students will learn the zones on the feet, as well as the reflex points and their anatomical correspondences. While students massage routines on each other, they will receive instruction on properly completing client evaluations using intake forms and entering SOAP notes.

Spa Techniques and Practical Anatomy STP127

This module introduces students to aromatherapy, hydrotherapy, and other popular spa techniques as well as providing students hands on experience with practical anatomy application. Students will be presented with an overview of the history, benefits, indications, and contraindications of aromatherapy and hydrotherapy. Students will learn how to integrate the use of essential oils safely and effectively into a massage session, as well as learn the mechanisms and various forms of hydrotherapy, including body wraps, scrubs, Hot Stones, and the use of hot and cold packs and compresses. Practical Anatomy is designed to give students practical hands-on experience in locating, palpating, and defining the location of various muscles and anatomical landmarks, including a systematic investigation of the attachment sites and innervations of the major muscles relative to the different regions of the body.

Clinical Internship MTC121

Prerequisite: Essentials and Clinic Orientation

In the student clinic, students will have the opportunity to practice massage techniques that they have learned in their previous coursework. Students will be able to fine tune their communication and record-keeping skills with a wide variety of clients.

Massage Therapy Exam Preparation MEP128

This course represents an overview of the style and subject matter included in the MBLEx. Students will review the contents of the exam. They will cover the process for applying to take the exam, eligibility requirements, test-taking strategies and preparation strategies. Students will take sample tests to examine their readiness for the exam.

REQUIRED TECHNICAL SKILL EXPERIENCES

Policy and Regulatory agencies require students to complete an established number of technical skill experiences for satisfactory skills development and graduation. Technical Skills may be completed on mannequins, models, or clients. The requirements listed by category are the MINIMUM experiences that each student must successfully complete prior to graduation. More technical skills may be scheduled BY THE INSTRUCTORS based on training NEEDS.

All assignments must be completed by each student as agreed upon in the Enrollment Agreement.

Technical Skill assignments are evaluated as completed and counted toward course completion ONLY when rated as satisfactory or better. If the technical skill does not meet satisfactory requirements, it is not counted and the technical skill must be repeated. Technical skills are evaluated according to text procedures, technical skill standards established by the state licensing agency, and set forth in the technical skills evaluation criteria adopted by the school.

A satisfactory grade is based on meeting the minimum requirements in the following categories:

1. Preparation, Infection Control and Client Safety
2. Technique and Use of Implements
3. Client Communications (if applicable)
4. Desired Results

It is the responsibility of the student to keep records of the applications performed which are verified by an instructor. These records are recorded in the Learning Management System CIMA. In order for a student to graduate, all required technical skills must be rated at least Satisfactory to be counted toward course completion.
