

## Milan Institute of Cosmetology-Reno

Pursuant to the federal *Student Right-to-Know Act*, on an annual basis, Milan Institute of Cosmetology determines and makes available an overall graduation rate of certificate or degree-seeking, first-time, full-time, undergraduate students. In addition, Milan Institute of Cosmetology also provides the Student-Right-to-Know graduation rate disaggregated by various sub-categories, as determined and defined by the U.S. Department of Education.

The Student Right-to-Know graduation rate is based on a "cohort study," meaning that a group or "cohort" of students is identified and then monitored over a period of time. The current rates, set out below, are based on the group of students who enrolled for the first-time, as full-time students, between September 1, 2021, and August 31, 2022. The rate represents the number of those students who earned their degree or certificate within 150% of the normal time required to complete their program. The rate does not include students who left school to serve in the armed forces, on official church missions, or in the foreign service of the federal government. Students who died or were totally and permanently disabled also are excluded.

It is important to note that the Student Right-to-Know graduation rate is calculated at the school level. In other words, there is one rate for the entire school, not a rate for each specific program. Certain institutions also are required to calculate and distribute graduation or completion rates for students receiving athletically related student aid, as well as transfer-out rates. These requirements, however, are not applicable to Milan Institute of Cosmetology. The most recent, disaggregated Student-Right-to-Know graduation rate for Milan Institute of Cosmetology is set out in the following chart:

Milan Institute of Cosmetology also makes available each year a federal retention rate, which is the percentage of first-time, full-time students from the previous fall who are still enrolled, or successfully completed their program, the following year. Like the Student-Right-to-Know graduation rate, this retention rate is based on a cohort study and calculated at the school level (*i.e.*, there is one rate for the entire school, not a rate for each specific program). The current rates, set out below, are based on the group of students who enrolled for the first-time, as full-time students, between August 1, 2023, and October 31, 2023, and who were still enrolled or completed their program as of Fall 2024. The most recent federal retention rate for Milan Institute of Cosmetology is set out in the following chart:

Number of Students who Started	Number Still Enrolled or Completed	Retention Rate
235	189	80%

Milan Institute of Cosmetology also makes available each year federal enrollment demographics, which is the percentage of those enrolled, full-time students at the institution who are male; are female; receive a Federal Pell Grant; and are a self-identified member of a racial or ethnic group. Like the Student-Right-to-Know graduation rate, these enrollment demographics are based on a cohort study and calculated at the school level (*i.e.*, there is one rate for the entire school, not a rate for each specific program). The federal demographics for Milan Institute of Cosmetology are set out in the following chart and is for the date rate 8/1/2024 – 10/31/2024:
